

GET TWO-POUND SUGAR BONUS

Washington, July 6.—Ration card holders will get a two-pound sugar bonus in the July-August period because shipments of sugar into the country were somewhat larger than expected.

The extra two pounds may be bought any time between July 10 and August 22 upon presentation of coupon No. 7. Originally coupon 7 was for use beginning August 22. Under the bonus, No. 8 will come into use on that day.

July Clearance Sale At Belk's

Belk's annual July Clearance sale, an event always of interest to the buying public, is announced in the advertising columns of today's paper. The sale will continue through the month.

Bargain-up bargains for thrifty shoppers are announced in all departments, giving the many customers of this popular store an opportunity to buy now and save.

Birth Announcement

RUTHERFORD

Mr. and Mrs. C. E. Rutherford, of Wilmington, N. C., formerly of this city, announce the birth of a daughter, Jo Anne, July 4. Mrs. Rutherford, the former Miss Edna Holland, is spending some time at her home here.

THE NATIONAL SCENE As Washington Sees It

Special to The Chronicle.

Washington, July 7.—The movie-like sabotage story, of Germans with quantities of TNT and a list of the places they were scheduled to blow up being landed from submarines on the Florida and Long Island coasts, is considered by many here to be "cheerful" rather than alarming news. For it indicates, many analysts feel, that the Germans do not have the elaborate organization for sabotage within our country which many have suggested.

It seems logical to assume, spokesmen here point out, that the Nazis would try to put over such a complicated sabotage plan if they had the men, the equipment and the contacts within this country to carry on sabotage on an extensive scale. Although it is alarming to have such efforts made to spread destruction and terror in our country, the quick roundup of the men involved and the fact that the Axis bothered to plot such a complicated plan indicates that the FBI has done a notable job of controlling activities of enemies within our gates.

It is by such methods of deduction that much of the news has to be arrived at here these days, since news of enemy actions within our country, as well as news of battles, of ship losses and of production are released only when the authorities consider the news to be of no value to the enemy. Under the new Department of War Information, headed by Elmer Davis, however, it is believed the public will be kept a little better informed as to what is going on, although much news must necessarily continue to be withheld.

Figures on our production of war supplies—very encouraging figures—were given to newsmen recently, the most outstanding one thing released by the President himself when he said that during May the United States produced 4,000 airplanes for war purposes. This was followed by a statement by Oliver Lyttleton—the Donald Nelson of England—who, upon his return to London from the United States, said that the United States is now 45 days ahead of schedule in production and that combined British and United States production is now considerably ahead of all Axis production, including that of Japan. Mr. Lyttleton also predicted that the ships being turned out in the United States shipyards will soon outnumber the sinkings by Axis submarines.

It is agreed here that the most serious handicap to production is scarcity of raw materials so that official Washington is giving great attention to the problem of collecting all possible scrap from the people. A new campaign to collect iron and steel from every home and factory is now underway and government officials are making new plans for the collection of additional scrap rubber. The hastily conceived plan to try to get in the nation's supply of scrap rubber between June 15 and June 30 was not nearly as successful as it had been hoped; and a new drive to collect rubber is now being worked out.

The record time, the record vote and the record appropriation for the army's new appropriation bill, indicates the willingness of congress to okay expenditures of any amount of money for war purposes. In five hours, with a vote of 352 to 0, the house passed a bill to provide \$42,829,003,067 for the war department's needs during the coming fiscal year. This one bill is more than our entire cost of World War I and brings the total appropriations for this war to over 200 billion dollars.

The problem of paying for this gigantic expenditure remains unanswered and, although the new taxes will be very high, they will only make a slight dent in our fast mounting debt. The ways and means committee of the house, after months of deliberation, has finally written its proposed new tax bill, which, although it calls for taxes much higher than have ever been paid in this country before, is over 2½ billion short of Secretary Morgenthau's request.

The new bill would increase present taxes by enough to bring in about 6 billion dollars in additional revenue. It is probable that income taxes next year will be collected in part by payroll deductions, but this subject still is being debated. There will probably be many changes made in the measure before it goes through the house and senate, but it is not expected that the amount will be increased to the figure requested by the Secretary of the Treasury.

Meanwhile, efforts to stop excessive profits from being made out of war production are getting results and are reducing production costs considerably. Donald Nelson reported that 750 million dollars of excessive profits had been returned to the government by renegotiating contracts and successful efforts to limit profits on new contracts have been carried out.

HOLIDAY TOLL LOWEST FOR YEARS

Violent death took its lowest holiday toll in years over the two-day Fourth of July week-end, with only 338 reported lost as against a 628 total for the three-day celebration of the Fourth last year.

Gasoline rationing on the populous eastern seaboard, war plans operating everywhere over the holiday and fireworks restrictions combined to lessen accidental deaths.

SAY, "I SAW IT IN THE CHRONICLE." THANK YOU.

AROUND THE TOWN Incidents, Unusual and Ordinary, Gathered On Our Rounds.

MISS THELMA HICKLIN, director of religious education at the First Presbyterian church, is spending the month of July at her home in Richmond, and attending conferences at Montreat, N. C. During her absence this work is being carried on by MISS EMILY DILLARD of this city.

From a recent Chester news item is noted a write-up of a lovely farewell party honoring MRS. JOHN MCSWEENE (formerly of Clinton), who with her two daughters, MISS CAROLYN and JEAN, left Tuesday to join Dr. McSweeney at Greenville, Tenn., where he has accepted the presidency of Tusculum college. The hostess, Mrs. A. H. Aiken, had selected place cards for the 12 guests in patriotic colors in recognition of Dr. and Mrs. McSweeney's two sons, LT. ALLEN MCSWEENE of Fort Jackson, and BILL MCSWEENE of the air corps, Chico Field, California, who are in the service of their country. Mrs. McSweeney was presented an exquisite gift of lace.

Of interest to relatives and friends here is the approaching visit of MISS MARTHA PHILLIPS, daughter of Mrs. R. E. Jones. Miss Phillips, secretary in the United States engineering service, has been stationed with a unit in Trinidad since May, 1941, this being her first visit home in more than a year. She is flying from Trinidad to Mexico City and will arrive here about July 15.

MOORE'S DRESS SHOPPE was awarded the American Legion trophy for the best window displays for the month of June. This is the second consecutive month for Moore's to keep the cup, since they were also winners for May.

MR. and MRS. CARLISLE NEELY and sons, Robert and Joe, are now occupying their handsome new home on Walnut St. Mr. and Mrs. Claude R. Trammell and children, Alan and Beth, will move to the residence on Oakland street formerly occupied by Mr. and Mrs. Neely, as soon as repairs on the dwelling are completed.

J. ROWLAND BLACK, caretaker at the Goldville CCC camp, will observe his 70th birthday in the near future. Mr. Black has never missed voting in a primary election since he became 21. He is again enrolled and states that he expects to elect the right men to office in August.

News of interest from men in service include:

The transfer of BILL WADE, who recently volunteered for army service, from Fort Jackson to flight training school, Keesler Field, Miss.

The sailing of DR. BOTHWELL GRAHAM for foreign service. Dr. Graham, son of Prof. and Mrs. Bothwell Graham of this city, since enlisting a few weeks ago in the navy, has been stationed at the marine hospital at Parris Island.

The transfer of BILLY DICUS, son of Mr. and Mrs. W. A. Dicus, from the marine base at New River, N. C., to foreign service.

The promotion of THURSTON GILES to the rank of second lieutenant. Lt. Giles has been in service since January, 1941, with a medical unit from Laurens at Fort Bragg, N. C., later being transferred to Camp Blanding, Fla. For the past three months he has been attending an officers' training school, armored division, at Fort Knox, Ky., and is now spending a ten day leave here with Mrs. Giles and his parents, Mr. and Mrs. C. C. Giles, awaiting assignment.

TECH. SGT. JAMES K. HATTON, formerly of Pendleton Field, Oregon, has been transferred with a bombardment squadron to Davis Month field, Tucson, Arizona. He was among six of his squadron selected for a special course at an airplane factory in Seattle, Wash., for instruction in connection with the servicing of bombers. Sgt. Hatton is the son of Mr. and Mrs. J. K. Hatton of this city.

LT. LAWRENCE HALL, of Maxwell Field, Ala., son of Mr. and Mrs. C. H. Hall of this city, is instructing in defense schools and demonstrating the uses of gases in his work with the chemical warfare service. Recently he was teaching a class of co-eds and referring to the demonstration says, "It wasn't so bad having 200 girls crying on my shoulders."

SGT. GORDON PAINTER, son of Mr. and Mrs. L. R. Painter of Burlington, N. C., formerly of this city, certainly travels in fast company. According to an item in a Burlington paper he stated in a letter to a friend there that General Jimmy Doolittle had visited his camp, Key Field, Miss., and Painter acted as chauffeur in the official car for the general and three colonels on their inspection of the camp.

The transfer of LT. NED S. HAYS from Randolph Field to a newly established air field at Waco, Texas. This is probably a glider training school. Lt. Hays has recently completed a course for instructing in gliding at Twenty-Nine Palms, Cal.

The promotion of FORREST ADAIR to corporal. Cpl. Adair, the son of Rhet P. Adair, is attached to a signal corps unit at Patterson Field, Ohio.

EARL H. HOLLAND, son of Mr. and Mrs. T. H. Holland, of near here, who has made his home in Beaufort for the past 20 years, has been called for active army duty by the selective service board and will be induct-

ed at Fort Jackson July 13. Mr. Holland is an employee of a wholesale grocery company in Beaufort. He served in the navy, stationed at Charleston, in the first World war.

The promotion of HENRY D. DILLARD to the rank of captain. Captain Dillard, who is 27, is the son of Mrs. J. Will Dillard and the late Mr. Dillard of this city. He entered service as a 2nd lieutenant, in six months received a 1st lieutenant's commission, and was a company commander for several months before receiving his captain's rank. He is stationed at Camp Blanding, Fla., at present.

The promotion of TENCH P. OWENS to the rank of 1st lieutenant. Lt. Owens has been stationed with an infantry division at Camp Croft since his graduation from Presbyterian college in June, 1941. He is the son of Mr. and Mrs. Robert S. Owens of this city.

When LIEUT. SLOAN TODD left last week for his army assignment at Fort Huachuca in Arizona, it fell to his lot to have a day and night stop-off visit to his uncle, Karl W. Sloan, in Safford, Arizona. The latter is a brother of Mrs. J. Reed Todd, mother of Lieut. Todd. Recently, when the Spanish War veterans were meeting in the city, it was the inquiring reporter's pleasure to meet W. J. Sloan of Anderson, who was here for the convention. When we inquired, "Are you related to Mr. Sloan in Arizona?" his reply was, "He's my brother. Do you know him?" "Yes, sir, he has been a valued paid-in-advance subscriber of 'our favorite newspaper' for years and each year in renewing his subscription he sends us a brief note which we always appreciate."

PEACH CROP FACES ONE OF BEST SEASONS

Columbia, July 4.—A Clemson extension service official said today the South Carolina peach crop faced one of the best seasons in many years.

Tom A. Cole, chief of the service's marketing division, said that the crop promised to be "slightly less" than the more than 6,000 carloads last year but predicted that prices would keep well above the 55 cents a bushel bottom price reached last season.

"The high prices of fruits and the scarcity of bananas should keep prices up," Cole said. "Also, more attention is being paid to vitamins and people are being urged more than ever to eat fresh fruits and vegetables."

Movement of the Golden Jubilee variety has ended in the Sandhill and Ridge sections and Hiley Belles are being marketed from there now. Golden Jubilee peak is expected in the Spartanburg area next week. The main shipping season will begin July 15 and 20 when the state's principal peach variety, Elberta, will be ready.

FINAL SETTLEMENT

Take notice that on the 7th day of August, 1942, I will render a final account of my acts and doings as Executor of the estate of Julia A. Ferguson Woods in the office of the Judge of Probate of Laurens County, at 10 o'clock a.m., and on the same day will apply for a final discharge from my trust as Executor.

Any person indebted to said estate is notified and required to make payment on or before that date; and all persons having claims against said estate will present them on or before said date, duly proven, or be forever barred.

DAVID JUNKIN WOODS,
Executor.

Dr. E. C. Doyle, Of Seneca, Succumbs

Seneca, July 3.—Dr. Edgar Clay Doyle, 68, died at his home here Friday morning at 11:30.

He was born December 29, 1873, in Oconee county and was a son of the late Dr. Oliver M. and Mary Ramsey Doyle. His father was a brigade surgeon in the Confederate army.

Dr. Doyle entered Presbyterian college in 1890 and received his A. B. degree in 1894. From there he went to the University of Virginia and later to Bellevue college in New York. He received his M. D. degree in 1897.

He was a loyal member of the Seneca Presbyterian church and was a member of the State Medical association. He was an executive committee member of the state Democratic party, an elder of the Presbyterian church, and trustee of Presbyterian College, Clinton. He recently contributed funds to convert alumni dormitory at this institution into Doyle infirmary.

Surviving are, his wife, Mrs. Mary Cherry Doyle, and a brother, Dr. Will R. Doyle.

Funeral services were held Sunday afternoon from the Seneca Presbyterian church, conducted by Rev. A. E.

Harris and Dr. W. P. Jacobs of Clinton.

44,810 Registered In 18-20 Year Unit

Columbia, July 7.—Selective Service Director Holmes B. Springs announced tonight that 44,810 South Carolinians between 18 and 20 years of age enrolled during the fifth registration.

These youths brought to 539,000 the total registered under selective service. The state's 1940 population was 1,899,804.

Charleston's 4,840 led the counties in the last registration and Greenville was second with 3,310. Spartanburg was third with 3,175 and Richland ranked fourth with 3,019.
