PENNEY'S

THRIFT IS NOT A HARDSHIP

It is no hardship to save all we can to invest in War Bonds. It's wise at any time to spend less than we earn, and to save something for a safe and comfortable future.

It is no hardship to learn to shop carefully . . . to buy good qualities of the things we need, and to make them last. It's quite easy and pleasant, in fact. It means only finding out which stores give you the most for your money.

Penney stores, as you probably know, have always avoided those extra services that send prices up.

Penney stores, and Penney policies are, today, in wartime, better than ever suited to the needs of the American family.
