Sorority Sponsors Defense Stamp Sale

The Alpha Psi Delta sorority of Presbyterian college is sponsoring the sale of defense stamps in the city.

To further this patriotic work, members will hold a rally and "stunt night" at the college gymnasium on Thursday evening, January 21. Each fraternity, a number of faculty members, the college band, and members of the sorority will take parts on the program, presenting skits and stunts. Admission will be given anyone buying a defense stamp, and the public is cordially invited to attend.

Rogers To Close Early On Saturday

Rogers, one of the city's popular food stores, announces that effective Saturday, January 23, they will close every Saturday night promptly at 9 o'clock. In making the announcement the management asks their customers to shop early and give their cooperation as the new closing hour goes into effect.

AROUND THE TOWN

Incidents, Unusual and Ordinary, Gathered On Our Rounds.

LT. JOE McMILLAN of Fort Benning, Ga., was proudly displaying a new wrist watch during a ten-day leave spent here with his parents, Mr. and Mrs. Jodie C. McMillan. The watch, which he prizes very highly, was a Christmas gift from members of his platoon, a parachute infantry unit.

MRS. W. M. CHANEY, proprietor of Chaney's Dress Shoppe, is spending the week in New York buying spring merchandise. Enroute to New York, Mrs. Chaney stopped over in Baltimore, where she was the weekend guest of her niece, Mrs. S. P. Beeman, and Mr. Beeman.

From time to time The Chronicle receives letters of appreciation from subscribers, including many service men; but a new high of appreciation was struck by CPL. CHARLES HOLLISS, somewhere in the Pacific area, who writes his mother, "When I receive The Chronicle I immediately read every word, then eat the paper."

Probably the hardest thing women have been asked to do for the war effort is to give up silk and nylon hose. Many lassies have given up that slim, neat look, not without a struggle, however, so that materials used to produce sheer hose may be used for parachutes, gun powder bags and in other war materials. A process has been devised whereby old silk and nylon hose can be used in the production of powder bags, and the local J. C. PENNEY CO. store has placed a box in front of their building to collect these (laundered, of course).

MR. and MRS. E. R. KNOX, of East Carolina avenue, own an unusual Plymouth Rock hen. For a while her eggs were larger than ordinary, and then recently about normal size. Mrs. Knox remarked that she thought the fowl had quit laying large eggs. Just to prove the statement untrue, missus hen up and lays one that weighs 5½ ounces, measures 8½ inches end over end, and 7½ inches around.

The trophy for best window displays for the month of December has been awarded the J. C. PENNEY CO. store.

Many friends and relatives of CLAUDE M. LAWSON will note with pleasure his advancement to the rank of captain. Captain Lawson is commander of the station, complement, headquarters detachment, at Camp Wheeler, Ga. He is the son of Mrs. L. T. Lawson, and a graduate of Presbyterian college. Mrs. Lawson, the former Miss Mary Ellen Workman, is at home with her mother, Mrs. Hayne B. Workman, for the duration and is a member of the Bush River school faculty.

FARMERS URGED TO RAISE MORE FOOD FOR 1943

Eight farmer group meetings were held Tuesday afternoon in various parts of Laurens county to open the farm mobilization program looking to a greater production of food goals this year. The leaders assigned to hold the community meetings discussed the program and stressed the importance of increased effort in wartime farm production. The meetings paused at 4 p.m. for a nationwide radio program at which time

messages from the President of the United States and others were heard.

The Clinton meeting, held at the high school auditorium, was in charge of C. W. Stone, with Clyde T. Franks of Laurens, secretary-treasurer of the National Farm Loan association, as the speaker. Mr. Franks spoke of the importance of an organized effort for more food production in 1943 and showed how present war conditions add up to the fact that there exists

the greatest demand for food the world has ever seen.

The meeting for this part of the county was attended by about 50 from this community, including several Negro farmers.

That Extra Something!

...You can spot it every time

THOSE in the Navy's W.A.V.E.S. do a double service. In serving on their own, they also release a trained man for war duty. In its own way, you've found that ice-cold Coca-Cola does a double service, too. It quenches thirst, yes. But it does more. It brings an after-sense of complete refreshment.

A drink has to be good to be the best-liked soft drink on earth. Coca-Cola started out being good and keeps on being good. Choicest ingredients and the finished art of 57 years of "know-how" set Coca-Cola apart in quality.

Only The Coca-Cola Company makes Coca-Cola.

It's natural for popular names to acquire friendly abbreviations. That's why you hear Coca-Cola called Coke. Coca-Cola and Coke mean the same thing... the real thing... "coming from a single source, and well known to the community."

THREE CHEERS FOR YOU from our men in uniform!

And thanks to you from Greyhound

--for helping get them home for the Holidays!

Thanks to you, a most critical period in wartime bus transportation has been passed with flying colors!

Just before Christmas, Greyhound asked you to "Give Your Christmas trips to men in the service"—and you did! Because you postponed such trips, thousands of men and women in the armed forces were able to go home by bus for Holiday leaves and furloughs. They thank you for precious hours spent with loved ones—Greyhound thanks you for cooperating so willingly and voluntarily.

In helping service men make Holiday trips home, you also made travel smoother and more convenient for war workers and others whose trips could not wait.

It is cooperation like this that makes it

possible for Greyhound and other bus lines to carry on the tremendous mass-transportation job that is so essential to winning the war.

To aid in this wartime task, Greyhound for many months has asked travelers, whenever possible, to plan their trips for periods when buses are less crowded. By accepting this and other practical suggestions, you have helped to keep America's transportation strong and active in our nation's defense.

When transportation emergencies arise in the future, Greyhound will keep you informed of ways in which you may help. In the meantime it is wise to plan your trips for the uncrowded mid-week days, and to ask your Greyhound agent for information, well in advance.
