

President Issues Proclamation On Red Cross Drive

Calls Citizens To Help In Drive Set for Month of March.

The following is a copy of the Red Cross proclamation issued by President Roosevelt:

A Proclamation

Whereas the American National Red Cross during the first year of our participation in the war has rendered vital humanitarian services to the members of our armed forces and to their families; and

Whereas the demands made upon the Red Cross are steadily increasing from day to day as it is called upon to accompany our Army and Navy into worldwide theatres of action, to provide blood plasma for our wounded, to send relief to American and United Nations prisoners of war, and to expand its preparations to meet emergencies at home; and

Whereas the American Red Cross is under the necessity of raising further funds in order that these essential services may be continued and expanded;

Now, therefore, I, Franklin D. Roosevelt, President of the United States of America, and President of the American National Red Cross, do hereby designate the month beginning March 1, 1943, as "Red Cross Month," and I request that during that month our people rededicate themselves to the splendid aims and activities of the Red Cross. I summon the men, women, and young people of our country, in every city and town and village, in every county and state throughout the land, to enlist in the army of mercy mobilized under the banner of the Red Cross and to contribute generously to the Red Cross War Fund in order that the sum of one hundred twenty-five million dollars, every cent of which is needed, may be raised promptly.

In witness whereof, I have hereunto set my hand and caused the seal of the United States of America to be affixed.

DONE at the city of Washington this twenty-third day of February in the year of our Lord nineteen hundred and forty-three, and of the Independence of the United States of America the one hundred and sixty-seventh.

FRANKLIN D. ROOSEVELT.
By the President:
CORDELL HULL,
Secretary of State.

PARATROOPER

Paratrooper Pvt. Melvin Lee Williams, son of Mrs. Estelle Lydia, of this city, who is stationed at Fort Bragg, N. C. He has been in service about a year and has recently made his eighth parachute jump.

AROUND THE TOWN

Incidents, Unusual and Ordinary, Gathered On Our Rounds.

Two hundred and nineteen workers have contributed a total of 2888 hours work at the Red cross sewing and surgical dressings rooms the past month, according to records of those in charge. Forty-three are enrolled for knitting and 81 for sewing. The surgical dressing classes recently begun have 95 workers who have given 594 hours. During this time 8151 dressings have been folded.

CAPTAIN W. D. (Bill) WORKMAN, formerly a reporter for the News and Courier, writes some of his buddies glowing accounts of South Carolinians in North Africa, which were published in the paper. He indicates that the European theater of operations is more or less overrun with boys from South Carolina. "If President Roosevelt is still hunting for a name for this shindig," he writes, "he would do well to term it 'South Carolina vs the Axis.'" Back in England from a recent excursion into North Africa he mentions seeing many of the Palmetto state men among them CAPTAIN WILLARD L. JONES, and LT. C. W. HALLMAN, of this city.

Friends of DR. D. H. McFADDEN will be interested to know he has been promoted to the rank of captain. Captain McFadden, the son of Dr. and Mrs. M. J. McFadden, is stationed at Camp Stewart, Ga., and before entering service in July, was a practicing physician at Goldville.

ENSIGN and MRS. JAMES P. SLOAN will return Sunday from Chicago, Ill., where they have spent the past few months. Ensign Sloan received his commission upon completion of a naval course at the midshipman's school at Northwestern university and will spend a few days at his home here before going on active duty.

ALBERT A. RAMAGE, JR., of this city, has been graduated from the Army Air Forces Technical Training and Command School for airplane mechanics at Keesler Field, Miss., and is ready to take his place on the service lines.

CHARLES GRADY GLYMPH, son of Mr. and Mrs. Dewey Glymph of Newberry, has recently been promoted to the rank of corporal. Cpl. Glymph is stationed at Camp Bowie, Texas, and Mrs. Glymph resides on Musgrove street with her mother, Mrs. T. J. Price.

Friends of SGT. S. LEWIS BOND, son of Mr. and Mrs. L. C. Bond, who was injured several weeks ago in North Africa, will be interested to know Mrs. Bond has received a letter from him written February 3, stating he has recovered. Sgt. Bond is serving with an anti-aircraft unit and was injured in an air raid but is now back on duty and received the Purple Heart for being wounded in action.

MOORE'S DRESS SHOPPE has been awarded the trophy for the best window displays for the month of February.

Word has been received of the promotion of PARKER JONES to the rank of captain. Captain Jones, the son of Dr. and Mrs. F. Dudley Jones, is in foreign service somewhere in the Hawaiian Islands. He has many friends and relatives here who will note with interest his advancement.

Marine BILLY DICUS, son of Mr. and Mrs. W. A. Dicus, who has been in the Solomon Islands since August, has been sent to Melbourne, Australia, for six months training. Billy operates a 75 MM gun.

SCHOOL BUILDING AT ORPHANAGE DESTROYED BY FIRE

The McCall school building on the orphanage campus was destroyed by fire discovered about 11:30 last Thursday night. The fire department fought for several hours to check the flames which rapidly spread until they enveloped the third story of the building which was demolished.

The origin of the fire is not known, though it is believed to have started from defective wiring on the second floor.

In addition to the damage to the building, a large collection of books and desks were badly damaged, and eighteen typewriters in the commercial department were ruined. The students' records though somewhat damaged by water, were removed from the fire and it is expected that they can be re-copied and saved.

The building was covered by insurance, though an adjustment of the loss has not yet been made.

The building was erected by Clinton college in 1885 and was used as the main administration building until purchased by the orphanage in 1907. It was then named the Charles S. McCall Memorial building in honor of Mr. McCall of Bennettsville, who gave the funds to make the purchase possible.

Canned Goods Can Again Be Bought After Week's Ban

Clintonians are again able this week to purchase canned goods, but must pay for each can twice, in points and in money.

A person who has plenty of cash and no points might just as well be a penniless pauper if he has canned tomatoes, beans, peas, fruit juices, soups, etc., in mind.

Consumers have 48 points to spend in March—or twelve points a week. Some commodities, such as peas, have a high point value, while others

buildings on the campus at present until a temporary arrangement can be made pending the re-building of the building.

have a comparatively low value. But no matter what a shopper buys, a zealous eye must be kept on the ration book. Forty-eight points won't go far if spent on high point foods.

A commodity may be low in price and high in points. Shad roe, for example, may sell for 80 cents a can and have a point value of ten, whereas peas may sell for 10 cents and have a point value of sixteen.

Stamps with high point values should be used first, leaving the low point stamps to make up the exact point value for other items. Grocers cannot give change in stamps. If a shopper makes a six point purchase and has only eight point stamps left in the book, an eight point stamp must be turned in.

For March blue stamps marked A, B and C are valid. Red stamps will be used later on when meat rationing goes into effect.
