HOW TO COUNT
Count your garden by the flowers;
Never by the leaves that fall.
Count your days by golden hours;
Don't remember clouds at all.
Count your nights by stars not shadows;
Count your life with smiles, not tears;
And with joy on every birthday
Count your age by friends, not years.

It's a jocular term—but with a serious implication. True, your pharmacist carries no grenade or gun, but he is in a very real sense a soldier. His post of duty is on the Home Front; his sector of the battle is this entire neighborhood.
The assignment—which we share with your physician—is to keep you well, and keep you working. It's a big job, and an important one. Because, in these troubled times, the nation needs the full measure of energy and effort of everyone.

You can help, too, by taking no unnecessary risks; and by calling on your physician at the first suggestion of illness.
