What You Buy With WAR BONDS

"Smoke Eaters"

A battlewagon loaded with various explosives, bombs, torpedoes, oil and gasoline is not the safest place to be with a fire raging, so all but the smaller ships of our Navy are equipped with elaborate fire fighting apparatus.

It may be that this equipment never will be used during the entire course of the war, but it must be paid for out of the War Bonds and Stamps that we are setting aside each payday. U. S. Treasury Department

What You Buy With WAR BONDS

Battle of the Atlantic

A sinking smokestack, a great air bubble, an empty lifeboat, all that is visible of a torpedoed tanker, all that is evident of the hard work, the savings we put into War Bonds to build this tanker, to load it with 50,000 gallons of high octane gas.

Our money is still safe but the tanker is lost forever. Another and another and another must be built to take its place.

The men who sail the seas are giving their lives to win the Battle of the Atlantic. We are asked only to lend our money. U. S. Treasury Department

THE WAY TO WIN THE WAR

We are going to win—We have got to win the war.

The way to win—The only way—

Is to buy a war stamp today.

Save your scrap—Your iron and tires.

Let mother save the fat.

We have got to win the war!

So fight at home—

In factories and in fields.

Someday, somehow we'll win the war.

And how!

JAMES HENRY BERRY,

Son of Mr. and Mrs. H. E. Berry, 13 Frances St., member 4th grade in Florida Street school.
