## AROUND THE TOWN

Incidents, Unusual and Ordinary, Gathered On Our Rounds.

PFC. JAMES S. PAINTER, son of Mrs. Mollie Painter, has successfully completed the flexible aerial gunnery course at the army air forces gunnery school, Laredo army air field, Laredo, Texas. Upon graduation he was promoted to his present rank and received the coveted aerial gunnery wings. He has now been assigned to the army technical school, Sioux Falls, South Dakota.

Friends of MISS DOROTHY CLARK of Goldville, will be interested to know she has enlisted in the Navy's Women's Auxiliary Volunteer Emergency Service, and leaves Saturday for New York to begin basic training at Hunter college.

She is a graduate of Clinton high school and Winthrop college where she majored in physical education, and has taught in Georgia and Abbeville. Enroute Miss Clark will be the week-end guest of friends in Washington. She is the daughter of Mr. and Mrs. J. J. Clark of Goldville, who have recently purchased the Hart home on North Broad street and expect to move to Clinton at an early date.

H. M. ROWLAND, JR., naval aviation cadet, is spending a few days leave with his parents here before returning to Anacostia, Washington, D. C., where he has just completed primary flight training in fighter planes. He will report Sunday to Pensacola, Fla., for advanced flight training.

Seen at random: Mrs. B. L. KING going shopping with a clever device for carrying bundles made of a cylindrical tapering basket with rollers on the bottom. BARBARA ANDERSON with her cousins, JOAN and JIMMY ANDERSON, having a fine time riding in their pony-drawn buggy. A number of girls "jerk-ing soda" in the local drug stores. MRS. J. D. JEANES on vacation, looking cool and fresh, back at the Ladies' Shoppe on Monday afternoon for a "little visit." The cadets' wives and friends walking back to the college with them after the two hours afternoon leave, from six until eight, is over. Cadets, members of the "Wing Spread" staff, saying they no longer use the "Burma Road," the original "work-out run" for conditioning, but have a new one named "Tobacco Road." One of the local beauty shops locked up promptly at six o'clock on Monday evening.

Mrs. Thomas Taylor and Miss Mae Dicus are in Hondo, Texas, for the graduation exercises of the former's brother, ALFRED BROWNING, from the army air corps navigator school there. The exercises are being held today, at which time Mr. Browning will be commissioned a second lieutenant and he expects to accompany Mrs. Taylor and Miss Dicus home for a ten day leave.

CADET CANDIDATE JOSEPH J. CARBINE, one of the fine young men in training at Presbyterian college, made a "flying" week-end trip to his home in Villanova, Pa., near Philadelphia. The young man got a leave of absence beginning Saturday morning at 8 o'clock. He met his brother, Major Carbine, at the Coronado air base near Greenwood, who is stationed at Smyrna, Tenn., and they made the flight home in a fast two-seated plane with the Major as pilot. The trip was made to Philadelphia in three hours. Upon their return they landed at the same field Monday morning at 10:30, three hours after leaving Philadelphia. The young cadet returned to his post here, while his Major brother "hopped off" for his Tennessee post. It was a marvelous trip, Cadet Carbine says, and he is all thrilled over the time, which he hopes will not be far off, when he can do the flying "honors" like his big brother.

## ORDER RESTORED IN DETROIT AREA

Race Rioting Death Toll Is 28; 74 In Hospitals; 1,300 In Jail.

Detroit, June 22.—Under orders to "load your guns and don't take anything from anybody," United States army troops patrolled Detroit streets today, restoring calm to this great armament production center after 24 hours of racial conflict that brought death to 28 persons and injuries of varying degree to at least 700 others. All but three of the dead were Negroes; of the injured, 74 remained in hospitals today, six of them policemen.

An estimated 1,300 persons were under arrest. Police officials said that about 85 per cent of them were Negroes averaging in age around 21. Most of them were held in specially established prisons guarded by Michigan state troops.

With the arrival of the army troops the violence and looting that flared up in different sections of the city from early Monday morning until last midnight subsided. Today there had been no reports of further conflict, but saloons remained closed and public assemblages still were banned.

Thousands of Negro factory workers said to be fearful of renewed outbreaks, stayed away from work. An office of war information survey indicated Negro factory absenteeism today ranged from 50 to 90 per cent. The effect upon war goods production, plant spokesmen said, probably would not be apparent until tomorrow.

IF YOU CARRY THE LITTLE PACKAGES

... IT WILL BE A BIG HELP!

Service has always been our motto. Accordingly, we don't relish the idea of asking you to accept less. But we know you'll cheerfully accept some slight inconvenience, as a patriotic gesture. We're sorry to restrict delivery service. But "errand-runners" are scarce and you know all about gas and tires! So, if you will oblige by carrying small purchases, we'll do our best in emergencies. And—thanks sincerely for your patronage!

...and Greyhound is part of its fighting power

Laurens County is America in cross-section—fighting mad and fighting hard, doing its level best to back up our troops across the seas with the home-front cooperation they must have.

All of us in Laurens County are putting the drive that counts behind the particular jobs that are ours to do—whether it's sending our men to the colors—building their guns and ships and planes—raising their food and clothes and smokes—buying bonds—or moving manpower.

Laurens County men and women, loyal Greyhound employees, are busy keeping our buses rolling to help keep our war effort in high gear. They're driving the buses—keeping them mechanically fit—conserving vital materials—giving wartime travel information—handling baggage.

As our share in this country's joint war program, Greyhound is taking our local boys to induction centers—and bringing them back home from training camps on well-earned leaves. We are transporting our neighbors to their vital jobs in war plants and on farms. We are keeping essential travel on the move—linking up this county with the other busy communities of the South Atlantic states, where so much of the Nation's war activity is centered.

Laurens County is in this fight to win—we didn't start the fight but we're going to finish it!
