Are We Awake to the Situation?

We have written on the subject of our facing the boll weevil situation, but we still feel that our business men and farmers are sitting still and doing nothing when the situation demands action. Elsewhere in this paper is printed a program for farmers to follow in farming next year. This program has been gotten up by the best informed farmers and business men in the State and is good sound advice.

Our County Agent, Mr. W. J. Tiller, has called a meeting of farmers and business men for next Monday at the Court House at eleven o'clock to discuss and outline a program to be followed in Chesterfield County. Now the situation demands that every business man and farmer who can possibly get there, be at that meeting.

Unless our people get busy and line up a program and see to it that our farmers follow the program we will surely suffer the consequences.

Do your part by attending meetings and doing what you can to help put the program across.

ROAD BUILDING ON SCALE LARGELY NEEDED

Columbia, Oct. 22.—"Impressed with the absolute necessity of improved highways and realizing the desirability of building them at a time when there is considerable unemployment, the General Assembly of Alabama has convened in special session on call of the Governor for the purpose of passing a \$25,000,000 bond issue for the construction of a state highway system," says a statement issued yesterday by the South Carolina Good Roads Association. The statement declares that there is activity in almost every state in the nation now along road-building lines and declares that the people of South Carolina should unite and demand the inauguration of program of road-building on a broad scale in this state.

"At the next session of the Virginia General Assembly," says the statement "It is proposed to authorize a bond issue in the sum of \$50,000,000 for the construction of roads. As is generally known an issue of \$50,000,000 was authorized at the last session of the North Carolina General Assembly and permanent highways are being built all over the state.

"It is now clearly up to South Carolina to take steps to issue road-building in this state on a large scale or we are surely going to find ourselves

commercially handicapped. Our farm lands are going to decline in value; our rural population will decrease and soon the life of the whole state will be affected. This is the age of progress and one must keep step with his neighbor or be lost in the shuffle."

LAYMEN TO TAKE PART IN PROGRESSIVE PROGRAM

Of interest not only to Presbyterians but members of other denominations is the announcement that members of the laymen's missionary movement of the Southern Presbyterian church will take an active part in some of the items on the progressive program. It has been decided to make use of the four-minute men of the movement in presenting: Tithing, in December; the Use of the Family Altar, in January; the Every Member Canvass, in March; and the Call to Ministry, in August.

The laymen's missionary movement has grown rapidly within the past two years. It was organized for the purpose of doing much of the work of the work heretofore devolving on

the ministers; and working with the ministers, it has accomplished a great deal. There now are over thirty of these associations over the entire South, and others are being organized as rapidly as possible.

The officers and executive committee consists of the following: Chas. A. Rowland, Athens, Ga., chairman; J. P. McCallie, Chattanooga, Tenn., vice-chairman; Dr. M. McH. Hull, Atlanta, Ga., recording secretary; F. H. McIntire, Athens, Ga., Treasurer; F. L. Slaymades, Athens, Ga., Secretary; A. J. A. Alexander, Spring Station, Ky.; H. B. Arbuttle, Davidson, N. C.; J. W. Friend, Jr., Petersburg, Va.; J. Allen Graham, Greenville, S. C.; J. Nat. Harrison, Petersburg, Va.; Jas. Lewis Howe, Lexington, Va.; Rutherford Lapsley, Anniston, Ala.; Wm. J. Martin, Davidson, N. C.; A. D. Mason, Memphis, Tenn.; J. R. McCain, Decatur, Ga.; W. S. McClanahan, Roanoke, Va.; C. T. Paxton, Jacksonville, Fla.; A. R. Phillips, New York City; E. H. Scharringhaus, Knoxville, Tenn.; J. Hart Sibley, Union Point, Ga.; J. B. Spillman, Columbia, S. C.; W. A. Watt, Thomasville, Ga.

CAN'T DO THE WORK

It's too much to try to work every day against a constant, dull backache or sudden darting pain in the small of the back. Be rid of it. Try Doan's Kidney Pills. Your neighbors recommend them. Ask your neighbor! Mrs. J. B. Caudle, Church street, Cheraw, says: "I was so bad off with my back and kidneys I couldn't do my work on account of the severe backaches. I was sore and lame and tired very easily. I had headaches and spells of dizziness. My kidneys acted irregularly, too, and caused me much annoyance. I read of Doan's Kidney Pills and got a supply at Wannamaker & Son's Drug store. I used about four boxes in all and was entirely relieved of all the trouble. I use Doan's when I have any slight return of the complaint and they always give good results."

(Statement given December 9, 1914) On February 1, 1918, Mrs. Caudle said: "Doan's Kidney Pills are, without doubt, the best kidney remedy to be had, and I certainly know, for I have suffered terribly, and when a remedy like Doan's cures you, you can't speak too highly of it. I am glad to confirm my former statement."
