Good Advice.

The Commissioner of Agriculture of Missouri said in a lecture the other day, that they had had the hardest time convincing real intelligent farmers that it did not pay to get poor ungraded SEED for their planting stock, but when he did have on convert to modern scientific seed selection they never ceased to regret the time and money they had lost in the past by not using good judgement in this respect. Don't let "Just as good" satisfy you, come and get the Best. THE PURE SEED CO.

SOUR STOMACH INDIGESTION

Theford's Black-Draught Highly Recommended by a Tennessee Grocer for Troubles Resulting from Torpid Liver.

East Nashville, Tenn.—The efficacy of Theford's Black-Draught, the genuine, herb, liver medicine, is vouched for by Mr. W. N. Parsons, a grocer of this city. "It is without doubt the best liver medicine, and I don't believe I could get along without it. I take it for sour stomach, headache, bad liver, indigestion, and all other troubles that are the result of a torpid liver."

"I have known and used it for years, and can and do highly recommend it to every one. I won't go to bed without it in the house. It will do all it claims to do. I can't say enough for it."

Many other men and women throughout the country have found Black-Draught just as Mr. Parsons describes—valuable in regulating the liver to its normal functions, and in cleansing the bowels of impurities.

Theford's Black-Draught liver medicine is the original and only genuine. Accept no imitations or substitutes. Always ask for Theford's. E. 68

The Banker and the Grocer's Boy buy the same Gasoline

If the banker could get better gasoline at any price, he would. If the grocer's boy could buy more economically, he certainly would.

If either could find a motor fuel that would give quicker starts in cold weather, better power on steep grades or more flexible and easily controlled power in congested traffic, he'd go out of his way for it. If some other gasoline would give less carbon trouble or bigger mileage, it would be good judgment to buy it.

But balanced gasoline excels on every test. Its volatility provides quick starts in cold weather. Its rate and completeness of combustion develop maximum power with minimum carbon to dilute the lubricating oil, smother the spark plugs and carbonize valves and pistons. A lean mixture of balanced gasoline assures maximum mileage and economy.

"Standard" Motor Gasoline is improved, balanced motor fuel that gives real assurance of efficient and economical operation. That's why the banker and the grocer's boy both buy it. It is best for the motorist and best for the motor.

You, too, want the best when you buy gasoline. The best is "Standard" Motor Gasoline. With Polarine in your crankcase you have an unbeatable combination.

THE ROSE OF JERICO

Pilgrims Told of Its Power to Bloom on Christmas Day.

Blossom Given the Name of Resurrection Flower; Also Called St. Mary's Rose.

SEVERAL varieties of the so-called resurrection plant have appeared among the novelties offered by florists, but the original is the rose of Jericho. Along the shores of the Dead sea, far enough away to be out of reach of the death-dealing vapors and the salt spray, grows this rose, a little plant famed in many a legendary story, which, when ripened, rolls up its sprays and branches into a curious little brown ball.

The desert winds snap off its dry stem and whirl the seemingly dead little ball away over sandy plains, like a feather-weight. After it chances to reach some damp place, in about ten days, the moisture has wrought a miracle for the once dead is alive again, green and growing.

The old-time pilgrims who brought back this plant with them from the Holy Land, told wonderful tales of its power to bloom out on Christmas day, and gave it the name of resurrection flower. Another old legend names it from every spot where they halted to rest.

The dry ball when unfolding drops its seeds, and from these it may be cultivated as an annual. To resurrect these dry balls it is simply necessary to keep them standing in glasses of water, immersed about halfway to the top of their branches. The expansion is merely a mechanical spongelike process.

The botanical name of the rose of Jericho is anastasis, from anastasis, resurrection. There are other species of resurrection plants, but they are not so attractive as their Dead sea relative, which, although it has very little beauty, has an honored place among flowers because of the many fancies and associations it calls up and its peculiar development.—Argus.
