Mr. H. F. Holt, of Buchannon, W. Va., passed through Union last week. Mr. Holt is the chief surveyor of the new South and Western railroad, and his visit here was to look over the recent survey for the road.

Mr. J. M. Harris, our good friend from the Cross Anchor neighborhood, was in the city last Saturday and paid this office a call. He says that the frost on the morning of May 10th did considerable damage to the lowland cotton in his part of the country. He believes though that a stand may yet be had. Speaking of THE TIMES, Mr. Harris said: "It is the best paper we take at our house; I have been taking it for years and expect to take it for years to come. It is improving every week."

GREAT REGATTAS.

Will Be Held on Hampton Roads During Jamestown Exposition, 1907.

(BY CHARLES FREDERICK STANSBURY.)

Norfolk, Va., May 18.—Yachtsmen all over the world are turning towards Hampton Roads, where in 1907, during the period of the Jamestown Exposition there will be the largest and most beautiful assemblage of everything that floats or sails, from a warship to a catboat, that has ever been dreamed of by the most imaginative sailor man.

Every American knows Hampton Roads is an arm of the Chesapeake Bay, reaching from a point within Capes Charles and Henry to the mouth of the James River, where it widens into a beautiful land-locked bay, forming a safe harbor capable of comfortably accommodating the navies of the world with the merchant marine thrown in. Schoolboys recall with glowing eyes that here the celebrated fight took place between the Merrimack and the Monitor within sight of the green parapets of Fortress Monroe.

Upon this noble sheet of water there will be held next year a series of regattas, races and aquatic events on a scale never before attempted and with a marine aggregation drawn from all parts of the earth. In the presence of the navies of the world a multitude of white-winged yachts will compete for honors and trophies well worth the effort.

Commanding a view of one hundred and sixty square miles of protected water way, the Jamestown Exposition possesses an area for a naval, marine and yachting exhibition such as has been enjoyed by no other exposition in the world's history. From the point of view of a marine spectacle, alone, it will be worth crossing oceans to witness.

Many trophies and prizes will be offered and many new boats built to contest for them. It seems probable that a new and better era for yachting as a clean and noble sport will date from the events to occur during the Jamestown Exposition. Representative yachtsmen from the United States and Canada have joined hands with the Hampton Roads Yacht Club and the Exposition Company to ensure clean sport, equitable rules, a fair field and no favor.

LOCKHART NEWS.

A New Doctor For Lockhart—Personals
—Sunday School Growing.

Lockhart, May 14.—Dr. T. L. Cornwell, of Rock Hill, but more recently of Baton Rouge, La., has located at this place to practice medicine.

Dr. J. C. Brawley is now in New York at a medical college taking a post-graduate course.

Mr. and Mrs. H. S. Kitchens accompanied by their daughter, Miss Edna, of the Hoodtown section, recently visited friends in Lockhart.

Mr. W. W. Finley made a short visit to Spartanburg.

Miss Minnie Inman, who has been attending a business college in Spartanburg, is at home now at the bedside of his sick father.

Mr. D. D. Kobbins, of Monarch is visiting his sister, Mrs. Sam'l Hunter.

The frost here during the recent cold snap was heavy, but strange to say there was not much damage done.

The train for the last few days has been on time which is something unusual.

Lockhart Baptist Sunday school is gradually growing in numbers. The average attendance for the present quarter is near two hundred and the average collection has likewise increased. We have taken our seat at the head of the class in the Sunday schools of the Union county association both in membership and financially and expect to stay there.

As a guarantee of good faith in the intention to carry out the above assertion, I herewith affix the name of
