THE BAILEY - COPELAND CO.

UNION, S. C.

PRESENTMENT GRAND JURY.

To his Honor, E. Prince, Judge
Presiding at the Summer Term of
Court for Union County 1906.

We, the Grand Jurors of Union County, beg to submit this our report. We have carefully examined all indictments handed us by the Solicitor, and have passed upon them as the evidence seemed to justify. We have in a body visited the County Parish and Jail; have found each in good condition. The patients in the Parish are well provided for and seemed perfectly contented. We as a body visited that part of the public highway leading from Union to Cross Keys, where the Supervisor and Commissioners are building, grading and macadamizing the public highway with the chaining and other help. We inspected the rock quarry, the machinery and the work on the said public highway, and in our best judgment the Supervisor and Commissioners are doing a great work, which will no doubt last for the use of generations to come.

We recommend that the Supervisor and Commissioners continue to press with great vigor this work in all its details.

Owing to the fact that a number of our public officers make settlements with the Comptroller General on July the 1st next, we have deferred making any examination at this term of court. We have appointed a committee consisting of the foreman, C. C. Sartor, M. W. Bobo and P. H. Jeter, who are to be present and see the settlement and report at the next term of court, at which time all public officers will be examined.

[Just here were given names and witnesses against a number of men accused of leading immoral lives. We refrain from publishing their names in the hope that there may be a mending of their ways.—Editor.]

It has been called to the attention of the Grand Jury that a number of young men in the City and County of Union are living in adultery, some mixing the races. We call upon them to mend their ways, if not, we will hand their names with witness at the next term of court.

It has been called to our attention that the cotton and stock exchange, commonly known as "The Bucket Shop," which is now in business in the City of Union is ruining the moral and business interest of Union County. Therefore, we pray that the Honorable Macbeth Young, Mayor, and the Board of Aldermen of the City of Union, will not allow the operation of the said "Bucket Shop" to continue.

We further pray that the said Mayor and Aldermen bring all gamblers and violators of law to a more strict account.

We extend to His Honor, also to the Solicitor and other officers of the court our thanks for their counsel and courtesies shown us during the term.

Respectfully submitted,
C. C. SARTOR,
Foreman.

Whitlock-Summer.

Mr. James J. Whitlock of Jonesville and Miss Kate Summer, of Union, were married Sunday afternoon at the home of the bride's parents. They drove down from Jonesville, where Miss Summer had been visiting at the home of Rev. D. E. Camak.

Preceded by Mr. C. T. Summer and Miss Blanche Camak, the bride and groom entered the parlor to the strains of Mendelssohn's wedding march, played by the bride's sister, Miss Bessie Summer. During the impressive ceremony, which was performed by Rev. D. E. Camak, a beautiful selection from Nicolai von Wilm, was softly and sweetly played. There were only the family and a few friends present.

The bride is the oldest daughter of Rev. and Mrs. W. W. Summer, and has for two years been the efficient and popular teacher of one of the schools near Jonesville, while the groom is a very popular young man, and one of sterling qualities. The happy couple returned to Jonesville where they will make their future home, for the present at Rev. D. E. Camak's. They carry with them the congratulations and best wishes of their many friends who wish for them a long, happy and prosperous life. Although the marriage was a surprise, the bride and groom received many pretty and valuable presents.

SANTUC LETTER.

Personals--Ladies Aid Society--Rain--Rabbit Hunting.

Miss Ethel Jeter, who has been teaching the last twelve months in Tozeville, Virginia, came home last week.

Mrs. R. G. A. Jeter and children are spending awhile at her parents, Mr. and Mrs. I. L. Bobo's.

Miss Lillian Cackfield, of Johnsonville, is here on a visit to her cousin, Miss Myrtle Poston.

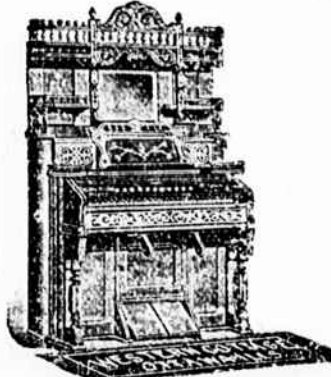

The entertainment given by the Ladies Aid Society last Friday night at Rev. T. B. Owen's, was a success. Although the night was threatening, even raining, a large number were present, and the social features were also good as the "aid" part.

The first week was one of cloudiness and rain, and generally cool, east winds. The rainfall was 3.03, and with only a little over 4 per cent of sunshine. The ground is thoroughly saturated, and crops are in need of sunshine. Bottom lands received a great check as they cannot stand so much rain. There was only one day's ploughing done in seven.

Some negroes must be acquiring a taste for bad meat that is fit for a buzzard; for hunting rabbits is very prevalent. The idea of eating old, poor rabbits, suckling, filled with chigoe sores and ticks, and sticky, slimy looking meat, and then there may often be a lot of tiny young ones left to starve in the beds. I do not believe land owners ought to allow it. It is only of late years that hunting rabbits, all summer was known. People had a little more respect for their taste. But the meat may be out at those fellows' houses. If this "improves" wouldn't some folks be fine to turn loose on the Chicago packing houses. HEY DENVER.
