JONESVILLE HAPPENINGS.

Crops--Quarterly Conference--Bad Roads--Lamp Explosion--Personal.

Jonesville, June 26.--Last week and this have been good for the farmers, and they have made good headway in their crops. The prospect at present is good for both corn and cotton. We had a good shower of rain Sunday evening, and yesterday evening we had quite a wind storm, but no rain, as the cloud went above.

The 3rd quarterly conference for the Jonesville charge will be held at New Hope Church the 5th of July.

Politics are not being much talked yet. The fact is, our people don't care for heated campaigns any more.

The grand jury in their last presentment complimented the good work done upon the public road from Union to the Beaty place. If they will come up and look over the roads about Jonesville I don't think they will brag on any of them. Some of our roads are now and have been for some time in a dreadful condition, and it is but little comfort to our people to hear of good roads away off in some other parts of the County. Mr. Beaty Smith was up here last week for a few days with the county road machine, and perhaps he made some improvement of some of the bad places.

Mrs. J. L. McWhirter returned from Columbia yesterday much improved in health by the treatment she received at Dr. Knowlton's infirmary. The directors of the Jonesville Mfg. Co. met today and ordered a 3 1-2 per cent. semi-annual dividend paid on July 1st.

Mrs. Nancy Haney, of Woodstock, Ga., is in our town visiting friends.

A few nights ago a lamp that was left burning in a tenant house belonging to Mr. Charles R. Long exploded and set the house on fire, but the occupants awoke just in time to save the building. It is by no means safe to leave a kerosene lamp burning in the house at night.

Rev. H. K. Ezell filled his pulpit here last Sunday morning; and in the evening he administered the ordinance of baptism to three candidates for church membership.

Prof. H. A. Wise is spending his vacation at his home in Virginia.

Mr. W. W. Wood and his bride have a suite of rooms at the Enterprise Hotel, where they are at home to their friends.

Messrs. J. W. Bates, Carroll, H. Foster, and Dr. A. S. Foster are at Fair Forest on a camp hunt and fish fry.

Mr. W. W. Johnson, of Union, was in our town yesterday shaking hands with his friends.

Mrs. S. A. Porter, who has been sick for some time, is much better.

There is no new development in the postmastership here. Capt. R. W. Scott seems to be in the lead just now for the place, but "there is many a slip between the cup and the lip."

Marriage of Miss Susie Parker.

Early Thursday morning, June 21st, the marriage of two of the most popular young people of the city was solemnized. Miss Susie Parker, one of the most popular and attractive young ladies of the city, and Dr. J. N. Littlejohn, the well known pharmacist of the Cherokee Drug Co., were united in marriage at the home of Mr. and Mrs. J. A. Carroll, on Frederick street. The marriage was a very quiet one, with only the relatives and a few intimate friends of the contracting parties in attendance. Dr. A. M. Simms, of the First Baptist church, performed the ceremony. Immediately after the ceremony the bridal party left on train No. 36 for Richmond and northern points, where they will spend their honeymoon.

Dr. Parker, brother of the bride, of Waco, Texas, and Miss Gist, of Union, were among the out of town guests. Gaffney Ledger.

Mrs. Littlejohn is quite well known in Union, having taught the past two years in the graded schools here. She made many friends for herself while teaching in Union. She is a young woman of rare accomplishments and most pleasing personality, and is, withal, endowed by nature with a bright mind. Happiness attend the young couple!

LOCKHART LETTER.

Rain--Deaths--Resignations--K. of P. Library--Arrest of Gamblers.

LOCKHART, June 25.--This locality has been visited by continued rains, Saturday, Sunday and Monday evenings. The rain was accompanied by some wind and considerable thunder and lightning.

Died at Lockhart on the 21st, inst., Neely Claiborne, aged 23 years. He leaves a young wife and had been married only a few months. He was physically as well developed as man as one would meet in a day's ride. His remains were buried in his native county, Chester.

Died this evening at the home of his sister, Mrs. Sarah Barnes, Mr. J. M. Sanders, aged 53 years. Mr. Sanders was from Chester County, but for some years he lived at Paclet. He came here on a visit. He was afflicted with some derangement of the heart, which was the cause of his death.

Mr. W. T. Garner has resigned the superintendency of Lockhart Mills to take effect at an early day. Who will succeed him does not as yet appear. Mr. Garner was well liked by all and we regret very much that he has resigned. His first services were as second hand in the weave room, and then as overseer of weaving, and then as superintendent.

Hines Lodge No. 92, K. of P., has decided to buy a library. The books and furniture will soon be on hand. The management of the mill has given them the use of a large room next to the Castle Hall on the same floor for that purpose.

The Lockhart team crossed bats with the Monarch team last Saturday. The rain prevented the game being finished. We suppose the Lockhart team was glad to see the rain as the Monarch team was ahead.

Mr. T. J. Digby has resigned his position as overseer of weaving.

Last night policeman Broom made a raid on a party of negroes in an outhouse supposed to be gambling. He captured a baker's dozen or more, some two or three making good their escape. The exact particulars I have not been able to obtain.

Blind Tiger in Waste House.

About one month ago it was reported to policeman McKissick that there was a blind tiger over on the Union Cotton Mills side. Upon investigation it was discovered that it was in the waste house of the Union Cotton Mills, and was being operated by Jeff Patterson, colored. In his locker were found a small quantity of liquor and all necessary adjuncts for carrying on the business, such as corks, bottles and measuring pots. He was arrested and the three charges were preferred against him. He was found guilty on all these charges, and Mayor Young gave him the limit--\$100 or thirty days on each charge, making a total of \$300 or ninety days. Mayor Young stated to those present in the court that he wanted it circulated that the blind tiger business in Union had to stop. The se present on the raid were Policemen McKissick, Constable Whitmore, Police Sgt. Evans and policeman Mosley. With both papers, the Mayor and his Council and police force together with the State constables against this evil, it can be put out of business. Our authorities are to be commended for their earnest and determined effort to run out the blind tigers. Union is now "dry" and will soon be "as dry as a powder horn."
