Knights of Pythias At New Orleans.

New Orleans, Oct. 6.—Fifty thousand Pythian Knights, with a probability of 100,000 visitors will assemble in New Orleans from Oct. 15 to 25 to celebrate the Biennial Conclave of the Supreme Lodge of the order, and to see the sights, enjoy the hospitality, the rare cooking, numerous theatres and many pleasures of the old Creole City. Preparations on an immense scale have been made for the housing and entertainment of guests and a veritable tented white city has gone up at historic city park where from 2500 to 3,000 Knights may find a cot at a cost of 50 cents for the entire period, while a hotel and accommodation bureau has been opened at 726 Gravier street by writing to which, rooms in the city may be obtained from \$1 a day up. All railroads have presented a rate of one fare for the round trip, plus 25 cents, tickets to be sold Oct. 12, 13, 14 and 15 for trains scheduled to arrive in New Orleans before noon of Oct. 16, all tickets limited to Oct. 30, while by depositing 50 cents a further extension may be had to Nov. 30 thus giving every opportunity for taking advantage of the numerous side trips in every direction.

The present Conclave bids fair to be the most spectacular and interesting in the history of the order. There will be immense uniformed parades and cash prizes aggregating \$10,000 have been put up for the best drilled organizations, infantry, cavalry and artillery participating. There also will be a parade of the uniformed Knights and their ladies and what with these, the banquets, the sight-seeing, the theatres, the river excursions, for the general attendance and the ritualistic exercises for the commanderies and the sessions of the Supreme Lodge, the Knights and those who assemble in New Orleans will have diversion and instruction to spare. The New Orleans Progressive Union, under whose general charge the entertainment is held has spared no effort to perfect details for the comfort and accommodation of guests and the Pythian and Accommodation Bureau has a large force of men and messengers caring for the registration of the immense number who already have written or wired for accommodations. The city already has begun decorating for the occasion and on the opening day Canal and all the business streets will be a mass of Pythian colors by day and dazzling light by night.

WHY MONEY IS TIGHT IN THE SOUTH.
New Orleans, Oct. 6.—In recent weeks the South has had cause to wonder why money is harder to get than heretofore. An official of the Hibbard Bank and Trust company of New Orleans, who is in

TYNER'S DYSPEPSIA REMEDY.

Many Have Dyspepsia and Don't Know It.

Do you belch or wind? Taste your food after eating? See specks before your eyes? Are you pale and haggard? Does your heart flutter? Are you dizzy? Do you have pains in side or back? Risings or pimples on the skin. Are you low spirited? Is there a sour taste? Bad breath? Headache? Weak kidneys? Blisters? Constipation? Are you nervous? If so, you have dyspepsia, and it is a dangerous condition. To cure, take Tyner's Dyspepsia Remedy. It is made for just such troubles and symptoms. Tyner's Dyspepsia Remedy removes acids from the stomach, strengthens weak stomachs, and cures the worst dyspepsia or indigestion. Druggists or by express 50 cents a bottle. Money refunded if it fails to cure. Rice Drug Co.

close touch with financial affairs throughout the cotton and sugar belts, sheds this light on the situation:

"Crops are large, but the expansion of industrial development has been more rapid than has been the expansion of working capital in the South. The tightness of the money market, however, is temporary only for the reason the South today offers many splendid investment opportunities which are attracting capital in increasing volume."

In New Orleans alone more than ten million dollars worth of new buildings are now in course of construction, while more than double that amount of money will be required to construct hotels and monster sky-scrapers planned or contracted for. Within three weeks the New Orleans underground sewerage system, costing some twenty millions of dollars will be opened to public use while the first contracts for a complete new pure water system have just been let by the Municipal Council.

Equinoctial Gales.

September seems to be having a tough "up-hill" time "coming through" with its equinoctial gales, the sun crossing the line that divides summer from winter. Of course the gales are bound to come. It is indigenous to the equinox, "according to astronomy," on or before or after. This year it was before and after, and there may be still more to follow. Monday a week ago the high winds, instead of blowing Yankee Doodle on a frying pan, blew a portion out of the ocean, and today, Tuesday, the second section is here. It may have gotten in the mountain troughs, or it may have gotten its wheels clogged in some sticky mud and come uncoupled and has just gotten here. We do not know how many other portions are to come. We do not know when they will come. If they came always on the day set we would know how to arrange our business. They are "bound to come." **HEY DENVER.**

"The Blood is The Life."

Science has never gone beyond the above simple statement of scripture. But it has illuminated that statement and given it a meaning ever broadening with the increasing breadth of knowledge. When the blood is "bad" or impure it is not alone the body which suffers through disease. The brain is also clouded, the mind and judgement are affected, and many an evil deed or impure thought may be directly traced to the impurity of the blood. Foul, impure blood can be made pure by the use of Dr. Pierce's Golden Medical Discovery. It enriches and purifies the blood thereby curing, pimples, blotches, eruptions, and other cutaneous affections, as eczema, tetter, or salt-rheum, hives and other manifestations of impure blood.

In the cure of scrofulous swellings, enlarged glands, open eating ulcers, or old sores, the "Golden Medical Discovery" has performed the most marvelous cures. In cases of old sores, or open eating ulcers, it is well to apply to the open sores Dr. Pierce's All-Healing Salve, which possesses wonderful healing potency when used as an application to the sores in conjunction with the use of "Golden Medical Discovery" as a blood cleansing constitutional treatment. If your druggist don't happen to have the "All-Healing Salve" in stock, you can easily procure it by enclosing fifty-four cents in postage stamps to Dr. R. V. Pierce, 693 Main St., Buffalo, N. Y., and it will come to you by return post. Most druggists keep it as well as the "Golden Medical Discovery."

You can't afford to accept any medicine of unknown composition as a substitute for "Golden Medical Discovery," which is a medicine of known composition, having a complete list of ingredients in plain English on its bottle-wrapper, the same being attested as correct under oath. Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels

AN EDUCATION.

Beautiful and Instructive
Exhibits
AT THE STATE FAIR

The state fair at Columbia this year—October 22 to 27—will be more educational than ever before. This, like any other exposition, is a source of instruction and a source of knowledge to every one who goes there. The exhibits this year will be of the highest type. Nearly all of the floor space and outdoor space available has already been assigned and the exhibits include nearly every kind of new contrivance. There are new gas and steam engines and labor saving devices, machinery for farm and plant, automobiles, steam plows, dairy utensils, mineral waters and many other interesting and economic articles.

The Midway.

The fair authorities were fortunate enough to get in with a number of the officers of other southern state fairs and become part of a circuit. In this way finer shows have been obtained at the same rate heretofore charged. This will make the midway one continuous round of genuine fun. The best midway ever seen here. More fun than ever. The railroad rates will be cheaper than ever.

If you haven't written your friends and relatives about South Carolina's great home-coming week, do so right now. Write them to come home. Cheap rates on all interested railroads. One fare round trip. Columbia will give them as warm a welcome as you will. Ten-day limit. Write them all today and send their names to Mr. A. W. Love, secretary, Columbia, S. C., so that he can write them, too.

Negro Woman Fell from Train at Santuc.

Santuc, Oct. 9.—Sunday as the down train was moving out of Santuc it was signaled down and was found that a belated negro woman was getting off, with a baby in her arms, and fell, hurting her and the child some. She said that some of those "fool boys" (negroes) who seem to be duty bound to jump on every train, were on the steps and she could not get off. Mr. Whilden, the agent here, said the authorities, had better do something to stop such, as the road may have to pay some damages. Those boys are perfectly disgusting trying to be nuisances.

Union County S. S. Convention.

The Union County Baptist convention met with the Mon-Aetna church last Saturday and Sunday. The attendance was very good considering the time of year. The majority of the churches belonging to this convention are country churches, and as a matter of fact farmers are too busy at this season to go away from home to anything.

Quite a number of subjects of importance were discussed. All the appointed speakers who were present made excellent speeches. An hour and a half was devoted to the subject of State missions Sunday morning. After this Rev. J. D. Mahon preached an able sermon from the text "And if I be lifted up, I will draw all men unto me." At the close of this sermon a collection amounting to twenty dollars was taken. In the afternoon the subject of Foreign Missions was discussed, and the results of the meeting was that every one went away feeling that there was really a work for him to do for Christ.

The next convention will meet with the Hebron church the latter part of December.

All the delegates expressed themselves as having enjoyed their visit to Mon-Aetna, and we hope that the convention will continue to grow in strength, and may it become a very useful element in the religious work of the Baptists of Union county.
