

A Profitable Cow.

Mrs. Thos. J. Harris, who lives in the Santine neighborhood, does not run a dairy farm, but she has a cow that may claim of fine record. This cow was bought on August 13, 1903, from Mr. J. McFann for \$50.

In the first nine months the butter made from this cow's milking was sold for \$28.00; the next eleven months for \$40.45; the next eight months \$43.40. This was all in addition to supplying the table with milk and butter during the whole period. Then, two calves were sold, one for \$11.70 and the other for \$25.00. The total receipts from this cow amount to \$154.55. That's good.

South Carolina Cigar Output.

From the Columbia State are taken the following figures regarding the manufacture of cigars:

North Carolina is the biggest tobacco manufacturing State in the Union, but it will startle some people to know that there are more cigars made in South Carolina than in North Carolina. Last year South Carolina made in her 12 cigar factories 13,409,210 cigars, while North Carolina in her 32 factories made 13,207,527. Georgia in 60 factories made 9,938,740 cigars. Just a little lower down now, Florida made last year 301,879,168 cigars, being the fourth State in the Union in the manufacture of cigars. Pennsylvania is first, making a little over 1,800,000,000. Next comes New York with a little over 1,400,000,000. Texas makes about the same number as South Carolina, and Kentucky made last year 65,397,246.

In cigarettes, New York is first, Virginia second, Louisiana third, and North Carolina fourth. South Carolina isn't in it at all on the cigarette business, except to help smoke them. Not one is manufactured in the State, except by the fellows who smoke them themselves. North Carolina made last year a little over 123,000,000 cigarettes, while New York made over 2,000,000,000.

Card of Thanks.

Jonesville, Nov. 27.—I want to thank the young men that so promptly gave the alarm of fire Sunday morning at about one o'clock and all friends, white and colored, for their faithful help in saving my mules from being burned alive, and for otherwise assisting me in this incendiary trouble. The Best Christmas Present for a Little Money.

When your Christmas present is a year's subscription to The Youth's Companion you give as much in good reading as you would fill twenty 400-page novels or books of history or travel or biography ordinarily costing \$1.50 a volume. Nor do you give quantity at the cost of quality. For more than half a century the wisest, most renowned, most entertaining of writers have been contributors to The Companion. You need never fear that The Youth's Companion will be inappropriate or unwelcome. The boy, the girl—every other member of the family—will insist upon a share in it. There is no other present costing so little that goes so far.

On receipt of \$1.75, the yearly subscription price, the publishers send to the new subscriber The Companion's Four-Leaf Hanging Calendar for 1907, lithographed in twelve colors and gold, and subscription certificate for the fifty-two issues of the year's volume.

Full illustrated Announcement of The Companion for 1907 will be sent with sample copies of the paper to any address free.

Subscribers who get new subscriptions will receive \$16.200.00 in cash and many other special awards. Send for information.
