BACK GIVES OUT.

Plenty of Union Readers Have This Experience.

You tax the kidneys---overwork them--- They can't keep up the continual strain. The back gives out---it aches and pains.

Urinary troubles set in. Don't wait longer---take Doan's Kidney Pills.

Union people tell you how they get relief. Robert Sanders, mill-hand, residing at 15 Church St., says: "My son used Doan's Kidney Pills for kidney trouble from which he has suffered almost all his life. He cannot stand any work which causes a strain on his back and the secretions from the kidneys are strong and dark and there is too frequent action, especially at night. I am convinced that the pains and other symptoms arise from weakness of the kidneys and bladder and although we have given him a dozen kidney remedies the results were so slight that we thought he would be afflicted for life. Seeing Doan's Kidney Pills advertised I went to Holmes Pharmacy and got a box. Before he had used half of it the trouble was relieved. The use of two boxes brought such satisfactory results that we are as delighted as he is. He has had no return of the back-ache and the other symptoms of weak kidneys do not trouble him."

For sale by all dealers. Price 25 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

For Protection of Birds.

Mr. James Henry Rice, Jr., has been elected secretary of the State Audubon society, which the last legislature chartered, and will at once begin an active canvass of the appointing game wardens and other wise seeing to the enforcement of the game laws of the state.

"The game laws of South Carolina are practically a dead letter today," said Mr. Rice the other day. "They are violated with faithful regularity throughout the state as to all sorts of game and fish as well as to insectivorous birds which should be protected everywhere. It is true the society's intention to see that these laws are enforced regardless of how much unpopularity that course brings up on the heads of the officials of the society. Other states are getting as high as \$100,000 a year in license fees and fines, and there is no reason why this state should not get almost that much. It is also the intention of the society to see to the protection of fish in the season."
