KELTON

(Left over from last week)
Kelton, March 1.—After a light rain last night the sun is shining this morning and we hope for another fair week. The farmers are getting busy now and if we have two or three weeks of good weather we will hardly know that we had a wet winter.

Mr. Editor, I agree with you in thinking the best way out of the war tangle would be for all neutral nations to stop trading with and of those belligerent countries, and the president of the United States issue a proclamation to all shippers and travelers doing business in those warring countries to cease business and travel unless they do it at their own risk. There is no good, sound reasoning for our country to be involved in a great war simply for a few money loving people or a few pleasure seekers, who know the dangers that they have to encounter and then if they lose some money or a few lives to call on Uncle Sam to protect them, and if we should get involved we might lose hundreds and thousands of lives of our best men and millions and billions of dollars, not counting the suffering of women and children—all simply to gratify mammon and seekers of pleasure. No, the cost would be too great. We are out of it and let's stay out. Let those warring nations fight it to a finish as we did in the 60's; either by killing out or perishing out. We of the South know what war means; we are the heaviest losers from the effect of the great war, but we had rather lose dollars than precious lives.

From what I can hear and learn it will be useless to order an election to vote on a bond issue for good roads in Union county. According to Mr. Wagon's statement in The Union Times last week, we had better work our roads by contract than the way we are working them and have no bond issue. Read his figures closely and you will agree with me. He says that the roads and bridges cost the county in 1914, \$50 or \$60 dollars per mile, while the commission is to get only \$10 or \$12 dollars a mile. How can they do it for that and it cost \$50 dollars last year? I need light on the system. I have long been convinced that we would have better roads at a less cost if the contract system was in operation. Let the commission let out small or short contracts under bond and keep his road, and you bet your dollar that they would soon stop this trimming off the sides of the roads, letting the brush fall over in the side ditches and the first rain that falls chokes them up and the water thrown out in the middle of the road and washing great gullies. And too, if the contract system was practiced, after big rains, the contractor would get his shovel and go on and clean out all obstruction in the ditches. You know if the ditches are kept open the roads will be in a fair condition, except the winter season, when all know it is impossible to have good roads unless we had a rock foundation.

G. T. Gault was in Spartanburg last week.

The health of the Ridge is fairly good, but my health does not improve much.

The bulk of the cotton on the Ridge is sold and the money applied to debts.

Comrade Isaac Gregory is in poor health. He and W. H. Gault are the only Confederate soldiers of the old Pea Ridge Co. H. S. C. V., who went from Pinckney township—out of sixty, only two are living. In 1913, June 1st there were 729,437 Union soldiers and widows of the civil war drawing pensions to the amount of \$163,377. What will it be if we get in the European war? G. T. G.

L. J. BROWNING SUGGESTED
Editor of The Herald:

As a citizen of the state, who has the interest of all classes at heart, and who has had practical experience in lawmaking, a successful farmer and business man, and has the respect and confidence of his fellow-men, I hereby nominate that man to succeed Congressman Johnson. That man who is worthy to fill the place of Congressman Johnson is Lowndes J. Browning, of Union.

It is now Union county's time to have a representative in the halls of congress; so let's send Browning there.

READ and THINK

Once, or possibly twice, in a lifetime you have an opportunity to buy the most desirable property in the very heart of the business block of a city. Invariably you have to wait for a failure or for the death of someone, and very often the very property you wanted on the death of the owner you have found it to be entailed on the next of kin, without any chance on earth to buy it. These are facts; you know it! Then why? Because when a person owns property situate in the heart of the business district of a city, the enhancement in value is so sure and rapid that the owner prefers to hold it so in after years he will have an independent fortune.

NOW LISTEN!

An Opportunity is Staring You Right in the Face

I have the "BRIGGS PROPERTY," situate between the Postoffice Lot and Major Flynn's—will sell as a whole or will cut to suit purchaser. Act now! You may never again have an opportunity to buy such desirable property.

CALOMEL DYNAMITES A SLUGGISH LIVER

Crashes into sour bile, making you sick and you lose a day's work.

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a 50 cent bottle of Dodson's Liver Tone, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tone you will wake up feeling great, full of ambition and ready for work or play. It's harmless, pleasant and safe to give the children; they like it.

The Sphere of Woman.
"They talk about woman's sphere. As though it had a limit; There's not a place on earth or heaven, There's not a task to manhood given, There's not a blessing or a woe, There's not a whispered yes or no, There's not a life or birth That has a feather's weight of worth Without a woman in it."
