In tax collections the county's record has been broken this year. Out of a possible collection of \$120,000, there has been collected \$108,000, leaving only \$12,000 to go to executions. It is notable also that the county is practically out of debt, owing only \$15,000 at 3 per cent interest.

Services at Pleasant Grove

The series of revival services held at Pleasant Grove M. E. Church by Rev. J. D. Harrelson, closed on Sunday night. The church was wonderfully built up by these services. Eighteen joined the Methodist church and three went to the Cheraw Baptist church.

The regular Wednesday night prayer meeting will continue but the young people of the community will relieve the pastor of this burden. About twenty-five have pledged their service in the prayer meeting.

Mr. Harrelson did some good preaching and the responses were without excitement but with determination. The last two services were given to advice for the future and the converts have no hope of remaining steadfast, save by getting busy for their newly found Lord. The pastor, Rev. Paul T. Wood, is well pleased with Mr. Harrelson's work.

Chesterfield has the best ICE SERVICE of any town on the planet. The ice wagon comes around before breakfast now. Last year it did not come until after dinner, on a great many occasions, at least. Did Odom Bros. Co. have anything to do with this improvement?
