THE FAIRFIELD HERALD.

ALBS ...

The delicate feet keeping step ..
Have since then gone on their way alone;
And the hand which, in that happy "lang syne,"
Nestled with perfect trust in thine own
Has never lain in another's clasp.
The heart grows heavy as years roll on,
While I sit, and ponder, and vainly ask,
If a fairer than I can thy love have won.

If *I could* have given a "word or sign"—
If *I* had possessed the right to woo—
Thou couldst have had no cause to repine,
And I would have been far happier, too.
Waiting is surely a woman's part,
While 'tis man's to woo, and win, and wear.
Say this to your weary, doubting heart;
Be inspired by hope, and not by fear.

Terrible Affair in a Travelling Circus—Three Men Devoured Alive by Lions.

The usually quiet little village of Middletown, Mo., was lately thrown into a painful fever of excitement by an awful catastrophe which occurred to the band lately attached to James Robinson & Co's circus and animal show, and led by Professor M. C. Sexton.

Upon starting out from Cincinnati for the season the management determined to produce something novel in the way of a band chariot, and conceived the idea of mounting the band upon the colossal den of performing Numidian lions, and which would form one of the principal and most imposing features of the show.

Although repeatedly warned by Professor Saxton that he deemed the cage insecure and dangerous in the extreme, the managers still persisted in compelling the band to ride upon it. On the fatal morning of the 12th the band took their places, and the procession commenced to move, amid the shouts of the multitude of rustics who had assembled to witness the grand pageant and hear the enlivening strains of music. Not a thought of danger was entertained by any one, but the awful catastrophe was about to occur.

As the driver endeavored to make a turn in the streets the leaders became entangled and threw the entire team into confusion, and he lost control of them, and becoming frightened, they broke into a violent run. Upon the opposite side of the street the fore wheel of the cage came in contact with a large rock with such force as to cause the braces and stanchions which supported the roof to give way, thereby precipitating the entire band into the awful pit below.

For an instant the vast crowd were paralyzed with fear, but for a moment only, and then arose such a shriek of agony as was never heard before. The awful groans of terror and agony which arose from the poor victims who were being torn, lacerated, by frightful monsters below was heart-rending and sickening to a terrible degree. Every moment some one of the band would extricate themselves from the debris and leap over the sides of the cage to the ground with a wild spring and faint away upon the earth, so great was their terror. But human nature could not stand and see men literally devoured before their very eyes, for there were willing hearts and strong arms ready to render every assistance necessary to rescue the unfortunate victims of this shocking calamity.

A hardware store which happened to stand opposite was invaded at the request of the noble-hearted proprietor, and pitch-forks, crowbars, and long bars of iron, and in fact every available weapon was brought into requisition. The side doors of the cage were quickly torn from their fastenings, and then a horrible sight was presented to view. Mingled among the brilliant uniforms of the poor unfortunates lay legs, arms torn from the sockets and half devoured, while the savage brutes glared ferociously with their sickly, green-colored eyes upon the petrified crowd. Professor Charles White arrived at this moment, and gave orders in regard to extricating the dead and wounded, he well knowing it would be a difficult and dangerous undertaking to remove them from the infuriated monsters.

Stationing men with forks and bars at every available point he sprang fearlessly in the den amid the savage monsters, and commenced raising the wounded and passing them upon the outside to their friends. He had succeeded in removing the wounded, and was proceeding to gather up the remains of the lifeless, when the mammoth lion, known to showmen as Old Nero, sprang with a fearful roar upon his keeper, fastening his teeth and claws in him, in his neck and shoulders, lacerating him in a horrible manner. Professor White made three herculean efforts to shake the monster off, but without avail, and gave orders to fire upon him.

The contents of four of Colt's navies were immediately poured into the carcass of the ferocious animal, and he fell dead; and the brave little man, notwithstanding the fearful manner in which he was wounded, never left the cage until every vestige of the dead was carefully gathered together and placed upon a sheet, preparatory to burial. It was found that three of the ten who mounted the cage a short time before were killed outright, and four others terribly lacerated. The names of the killed are August Schoes, Conrad Freeis, and Charles Greiner. Coffins were procured and an immediate burial determined upon, as the bodies were so frightfully torn and lacerated as to be unrecognizable to their most intimate friends. It was a melancholy day for Middletown, and a sadder day for the friends and companions of the deceased.

Of all that vast multitude who started out in the morning with anticipations of a glad holiday, few left for their homes with dry eyes after a triple funeral, for the entire commu-

followed the remains to the quiet cemetery. At midnight the carcass of the slain beast was quietly buried on the lot where was intended to be given the exhibition, but which was never accomplished. There is a terrible responsibility resting upon some one, which should be thoroughly investigated and the guilty parties be brought to a quick and speedy punishment. The lions are the same ones which nearly cost Professor Charles White his life two years ago while travelling with the Thayer and Noyes party, and were known to be a very dangerous cage of animals.

SAVANNAH, March 16, 1870.

Messrs. Jacob Lippman & Bro., Savannah, Ga.:

Gents—I have before me your esteemed letter of the 14th inst., containing various documents relative to your "German Bitters." After a careful examination I must confess that your Bitters is really what you represent them to be, an old German recipe of Dr. Mitcherlich, of Berlin, Prussia. It will no doubt be excellent for dyspepsia, general debility and nervous diseases, and is a good preventative of chills and fever. I find it to be a most delightful and pleasant stomachic.

I remain, yours truly,
(Signed) AUG. P. WETTER.

KIRKLAND MILLS, GA, March 22, 1870.

Messrs. Jacob Lippman & Bro, Druggists Savannah, Ga.:

Gentlemen—I have introduced your Great German Bitters here to my customers and friends, and find better sale for it than any I have ever kept before. Those who have tried it approve of it very highly, and I do not hesitate in saying that it is far superior in value to any other Bitters now in use.

Yours, respectfully,
(Signed) W. KIRKLAND.

TO PHYSICIANS.

New York, August 15th, 1868.

Allow me to call your attention to my

Preparation of Compound Extract Buchu.

The component parts are BUCHU, LONG LEAF, CUBEBS, JUNIPER BERRIES.

MODE OF PREPARATION.—Buchu, in vacuo. Juniper Berries, by distillation, to form a fine gin. Cubebs extracted by displacement with spirits obtained from Juniper Berries; very little sugar is used, and a small proportion of spirit. It is more palatable than any now in use.

Buchu, as prepared by Druggists, is of a dark color. It is a plant that emits its fragrance; the action of a flame destroys this (its active principle), leaving a dark and glutinous decoction. Mine is the color of ingredients. The Buchu in my preparation predominates; the smallest quantity of the other ingredients are added, to prevent fermentation upon inspection, it will be found not to be a Tincture, as made in Pharmacopoea, nor is it a Syrup and therefore can be used in cases where fever or inflammation exist. In this, you have the knowledge of the ingredients and the mode of preparation.

Hoping that you will favor it with a trial, and that upon inspection it will meet with your approbation,

With a feeling of confidence,
I am, very respectfully,
H. T. HELMBOLD,
Chemist and Druggist,
of 16 Years' Experience.

[From the Largest Manufacturing Chemists in the World.]

November, 4, 1854.

"I am acquainted with Mr. H. T. HELMBOLD; he occupied the Drug Store opposite my residence, and was successful in conducting the business where others had not been equally so before him. I have been favorably impressed with his character and enterprise."

Helmbold's Fluid Extract Buchu

Is the great specific for Universal Lassitude, Prostration, &c.

The constitution, once affected with Organic Weakness, requires the aid of Medicine to strengthen and invigorate the system, which HELMBOLD'S EXTRACT BUCHU invariably does. If no treatment is submitted to, Consumption or insanity ensues.

Helmbold's Fluid Extract of Buchu,

In affections peculiar to Females is unequalled by any other preparation, as in Chlorosis, or Retention, Painfulness, or Suppression of Customary Evacuations, Ulcerated or Schirrus State of the Uterus, and all complaints incident to the sex, or the decline or change of life.

Helmbold's Fluid Extract Buchu and Improved Rose Wash

Will radically exterminate from the system diseases arising from habits of dissipation, at little expense, little or no change in diet, no inconvenience or exposure; completely superceding those unpleasant and dangerous remedies, Copaiva and Mercury, in all these diseases.

Use Helmbold's Fluid Extract Buchu

In all diseases of these organs, whether existing in male or female, from whatever cause originating, and no matter of how long standing. It is pleasant in taste and odor, "immediate" in action, and more strengthening than any of the preparations of Bark or Iron.

Those suffering from broken-down or delicate constitutions, procure the remedy at once.

The reader must be aware that, however slight may be the attack of the above diseases, it is certain to affect the bodily health and mental powers.

All the above diseases require the aid of a Diuretic. HELMBOLD'S EXTRACT BUCHU is the great Diuretic.

One of the most eminent medical men of this age—well known as the author of the following standard medical works: Newton's "Practice of Medicine," "Diseases of Children," "Newton's Symes Surgery," &c., in December number of *American Medical Review*—page 278, says:

"Among the more recent efforts to introduce popularly, some of the new remedies, we notice a new preparation compounded by J. J. Lawrence, M. D., of Norfolk, Va., which is furnished to the profession and the public in any desired quantity. We recently examined his Laboratory, and became fully satisfied that all his work is done in the best manner, by most approved processes, and from the best materials, giving as a result a medicine meeting the confidence of the physicians and the public."

Koskoo Cures Scrofula in its Worst Forms.

From A. W. Mills, a prominent and well known merchant of Norfolk, Va.

No 11 Main-st., Norfolk, Va., Sept. 15, '69.

Dr. Lawrence—Dear Sir: Your Koskoo has worked wonders in my family. My daughter has been a sufferer from Scrofula since childhood. She lost thirty-one pieces of bone from her ankle, from her arm, besides having ulcers in several parts of the body. Whilst in this condition she commenced taking your Koskoo—it acted like a charm on her; under its use the ulcers gradually healed, and her general health greatly improved. It certainly saved her much suffering and perhaps her life. I regard Koskoo a specific for all scrofulous affections. Your Koskoo also cured my wife of dyspepsia, from which she suffered greatly. She is now in better health than she has been in five years. With the highest regards, I am gratefully yours, &c.,

A. W. MILLS.

Koskoo is endorsed by the best physicians everywhere. Read the following from Dr. Tillery, a successful practitioner of many years standing in the Old North State:

Rocky Mount, Edgecombe Co., Sept. 10, '69.

Dr. J. J. Lawrence—Dear Sir: I have used your Concentrated Fluid Extract of Koskoo in my practice with the happiest results. I find it to be a powerful Liver Invigorator, Blood Purifier, and Nervous Tonic. In all diseases of the Liver, Scrofulous Syphilitic, and Nervous Affections, it is a remedy of immense value; in fact, in almost every variety of Chronic Diseases its use is indicated. Hoping you may meet with the success which you deserve as a manufacturer of reliable medicines, I am sir, with much respect, your obedient servant,

R. C. TILLERY, M. D.

Koskoo Cures Chronic Rheumatism.

NORFOLK, Va., Sept. 7, 1869.

Dr. J. J. Lawrence—Dear Sir: My son has received so much benefit from your wonderful Koskoo that I cannot refrain from expressing my gratitude. I had tried almost everything without benefit. I believe in all sincerety, that your Koskoo is an infallible remedy for the disease from which he has suffered, and, so far as I can learn, has never failed. If you only knew the immense amount of suffering that he has undergone, then you could conceive the value of such a remedy as Koskoo—that surely cures. The great amount of good it is now doing among us is inestimable. With much gratitude, I am respectfully yours, &c.,

Mrs. M. E. A. NELSON.

Read the following from Mr. Womble, a prominent Hardware Merchant of this city: No. 13 Market Square, Norfolk, Va.,

October 18, 1869.

Dr. Lawrence—Dear Sir: To the large number of testimonials which you offer of the great efficacy of your Koskoo, I take pleasure in adding my own. I suffered greatly with Nervous Debility, Headache, Loss of Appetite, &c. Two bottles of Koskoo restored me to health. Yours truly,

J. G. WOMBLE.

From Rev. W. H. Christain, Pastor Dinwiddie Street Methodist Church.

Portsmouth, Va., October 25, 1869.

This is to certify that I know Dr. Lawrence well. He is a gentleman of cultivation, and worthy of the fullest confidence. I have used his Koskoo with advantage to myself, and have adopted its use in my family in cases of nervous debility and depression.

W. H. CHRISTIAN.

After reading the above high recommendation, Invalids cannot hesitate to give the KOSKOO a trial.

ROSADALIS.

THE GREAT AMERICAN HEALTH RESTORER, purifies the blood and cures Scrofula, Syphilis, Skin Diseases, Rheumatism, Diseases of Women, and all Chronic Affections of the Blood, Liver and Kidneys. Recommended by the Medical Faculty and many thousands of our best citizens.

Read the testimony of Physicians and patients who have used Rosadalis; send for our Rosadalis Guide to Health Book or Almanac for this year, which we publish for gratuitous distribution; it will give you much valuable information.

Dr. R. W. Carr, of Baltimore, says

I take pleasure in recommending your Rosadalis as a very powerful alterative. I have seen it used in two cases with happy results—one in a case of secondary syphilis, in which the patient pronounced himself cured after having taken five bottles of your medicine.—The other is a case of scrofula of long standing, which is rapidly improving under its use, and the indications are that the patient will soon recover. I have carefully examined the formula by which your Rosadalis is made, and find it an excellent compound of alterative ingredients.

Dr. Sparks, of Nicholasville, Ky., says he has used Rosadalis in cases of Scrofula and Secondary Syphilis with satisfactory results—as a cleanser of the Blood I know no better remedy.

Samuel G. McFadden, Murfreesboro, Tenn., says:

I have used seven bottles of Rosadalis, and am entirely cured of Rheumatism; send me four bottles, as I wish it for my brother, who has scrofulous sore eyes.

Benjamin Bechtel, of Lima, Ohio, writes, I have suffered for twenty years with an inveterate eruption over my whole body; a short time since I purchased a bottle of Rosadalis and it effected a perfect cure.

Rosadalis is sold by all druggists.
