

ED V. PRICE & COMPANY CHICAGO, U. S. A.

T. L. Cely, Co. Anderson, S. Car. Gentlemen:

Following the custom pursued by us for many years, we wish our old customers, as well as our new, to return any coat made by us during the past season in which the lining has not given satisfactory wear or the fronts have not held their shape. We will be pleased to re-line the garments and put in new fronts, or if this cannot be done, make a new coat free of charge.

Very truly yours, E. V. Price & Co.

DESIRE INFORMATION IN REGARD TO MILLS

FOR BULLETIN WHICH WILL BE PUBLISHED FOR THE FARMERS

IS VERY IMPORTANT

Will Tell Farmers Where Market May be Had and How Much Mills Can Handle.

Mr. S. M. Byars, farm demonstration agent for Anderson county, has received a letter from W. W. Long, state agent, in which Mr. Byars is asked to get in touch with all the flour mills in the county and get answers to the following questions:

- Name and address of owner? Daily capacity of mill? Has the mill recleaning machinery? Does machinery include oat clipper and fanning mill? Will mill buy all grain hauled or shipped to it? What is the mill's storage capacity in bushels? Does mill grind corn or wheat or both?

This information is to be used in making up a bulletin on the marketing of grain and it is very important that all mill owners or managers submit the information to Mr. Byars as soon as possible.

This bulletin when published is supposed to inform the farmers of South Carolina what mills can grind their grain or prepare it for the market with cleaning machinery. It will also inform the farmers as to who will buy their grain.

Never before in the history of this section has there been so much interest taken in the care and preparation of the grain for the market. True, more was sowed last fall than is usually sown which accounts for this some, but another factor is that the United States Department of Agriculture is trying to get the people here interested in raising their own grain so that so much will not have to be shipped in. If the boll weevil strikes this section, and it is estimated from the progress it has made that it will within the next eight or ten years, the farmers will then appreciate the fact that they can raise grain as well as cotton.

Machine for Clearing Wheat Seed of Smut.

It is expected that a big increase will be brought about in the wheat yield of Montana and the Dakotas through the use of seed treating machines now being introduced and designed to prevent the development of smut in the growing grain. Smut is the wheat grower's greatest handicap and sometimes results in the loss of from 50 to 75 per cent of a crop. There is only one known way of preventing damage from this cause and that is by giving the seeds a bath in formaldehyde before sowing. This was formerly done laboriously by hand if at all. The new machine does the work rapidly and thoroughly. It consists essentially of a cylindrical screen that hangs in a tank filled with formaldehyde. With the screen filled with wheat it is rocked back and forth by a handle until every grain has been thoroughly washed in the liquid. A picture of the machine appears in the June Popular Mechanics Magazine.

To Sleep Well in Summer.

Slight inflammation of the bronchial tubes causes a distressing cough and makes refreshing sleep impossible. Foley's Honey and Tar Compound covers raw, inflamed, irritated surfaces with a soothing, healing coating and stops that annoying tickling, relieving the itching, tiring cough. Take this splendid cough medicine with you on summer trips. It is good for coughs, colds, bronchial affections and is gripe coughs. Evans Pharmacy.

PUT SULPHUR ON AN ITCHING SKIN AND END ECZEMA

Says this old-time Eczema remedy is applied like cold cream.

Any irritation or breaking out on the face, arms, legs or body when accompanied by itching, or when the skin is dry and feverish, can be readily overcome by applying a little bold-sulphur, says a noted dermatologist.

He states that bold-sulphur instantly allays the angry itching and irritation and soothes and heals the Eczema right up leaving the skin clear and smooth. Bold-sulphur has occupied a secure position for many years in the treatment of cutaneous disorders because of its parasitic-destroying property. Nothing has ever been found to take its place in treating the irritable and inflammatory skin affections. While not always establishing a permanent cure it never fails to subside the itching irritation and drive the Eczema away and it is often years later before any eruption again appears on the skin.

NOTICE

Holders of Complimentary passes at the Bijou theatre will please present them to the undersigned, so that these old passes can be taken up and where desired, new ones issued in their places.

The employees have already been instructed not to honor these old passes after today. Neither will any one be admitted without a pass after today. Please show your pass to the door-keeper, thereby avoiding any embarrassment, for these rules will be adhered to.

(Signed) A. M. Pinkston, Manager.

Salts Is Fine For Kidneys, Quit Meat

Flush the Kidneys at Once When Back Hurts or Bladder Bothers.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys of your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Bilious Attacks.

When you have a bilious attack your liver fails to perform its functions. You become constipated. The food you eat ferments in your stomach instead of digesting. This inflames the stomach and causes nausea, vomiting and a terrible headache. Take Chamberlain's Tablets. They will tone up your liver, clean out your stomach and you will soon be as well as ever. They only cost a quarter. Obtainable everywhere.

ESTATE TRANSFERS FOR MONTH OF MAY

RECORD SHOWS THAT MUCH PROPERTY HAS CHANGED HANDS

A Bad Case of Nasal Catarrh Cured By Pe-ru-na.

That any case of nasal catarrh can be cured by an internal medicine is denied by some. Only a glance at our files would be necessary to convince any sane person that catarrh can be cured by the internal use of Peruna. Mrs. Victoria Pickel, of Columbus, is a case of this sort. She had nasal catarrh very badly, and was cured by Peruna. We will let her tell her own story. Mrs. Victoria M. Pickel, 130 E. Mound Street, Columbus, Ohio, writes: "I have been using Peruna for catarrh, having had a very aggravated case, so bad that it clogged the nasal organs. When I did get the nasal organs opened, the mucus would drop into my throat and make me very sick. "A friend advised me to take Peruna, and after using four bottles I was cured. I have no trouble now, and am happy to say that I am enjoying the best of health and attending to my lodge duties, being a member of the Rebecca Lodge of Odd Fellows. "I would recommend Peruna to those suffering with the same obnoxious trouble."
