CERTAIN STREETS WILL BE IMPROVED

STREET COMMITTEE HELD A MEETING YESTERDAY MORNING

WILL HAUL DIRT

Off South Main and Use it on Streets Decided Upon—Improve East Market.

A meeting of the street committee of city council was held yesterday morning and several streets in the vicinity of South Main where the grading is now going on were inspected in order to see what could be done toward putting them in better condition with the dirt that is now being removed is considered very suitable for plating the streets and since it is so close to these that needed the work so badly, it was decided to haul it and place on certain streets.

The committee inspected John West River, South Towers, South Peoples, East River and East Market streets. After due consideration it was decided to have the work of plating these streets begun at once and also to curb and grade East Market street between Main and McDuffie streets right away. Since McDuffie and Main streets are being paved the need of the improvement on East Market is felt more than ever before. This work was scheduled several weeks ago but hard rains blew out some of the sewers and the work was delayed.

TWO MEN ARRESTED ON REACHING CITY

YOUNG MAN AND OLDER ONE WERE PLACED IN JAIL

BOTH WERE DRUNK

Appear That Man by Name of Brown Had Robbed Other Before Reaching Anderson.

Two white men were placed in the city jail last night about 11 o'clock, they having been taken on the last interurban car arriving in this city and were drunk. One of the men was a rather old one whose name could not be learned. The other was a young man by the name of Brown from one of the cotton mills of the city.

It appears that the two men got on the train at Branson mill with the intention of coming to Anderson. They had plenty of whiskey and it is said that the old man was so drunk that he almost had to be carried by the policemen to the city jail. The younger was not so drunk but was drinking it as said.

As usual the prisoners were searched before being placed in jail and a note found in the old man's pocket stated that he left Branson with \$16 in his pocket. The money was missing but a search of Brown's pockets showed that he had the \$16. It is understood that Brown tried to get off at Belton, but the conductor knowing that something was wrong, brought him on to this city.

Two young ladies who were on the same car are said to have seen the young man go through the pockets of the other and they called the attention of the conductor to this.
