## Great Increase in Schools Expected

CITY SCHOOLS WILL BEGIN  
1915-16 SESSION TO-  
MORROW

### TEACHERS MET AS WAS SCHEDULED

All Are Here and Everything in  
Readiness for Opening—In-  
crease in Enrollment.

With an enrollment which is expected to outnumber by 200 or 300 that of the opening day of any previous year, the 1915-16 session of the city schools will begin tomorrow morning at 8:40. All of the teachers have arrived and are ready to take up their work in the various grades and schools. Already a large number of pupils have enrolled and many more will register tomorrow.

"The enrollment is way over that of last year," stated Supt. McCants yesterday afternoon, "now much I cannot tell you right now for all of the figures have not yet been compiled. And of course the negro pupils will not enroll until Monday. The enrollment at the mill schools yesterday was just about half of what it will be. There is an increase in the number of pupils that has swept over us like a flood. My impression regarding the increase is that the new ones have moved in to a great extent. Many have come to my office who stated that they attended schools in other cities last year. Of course there are always some new ones who haven't moved in but it seems that the number is greatly increased this year."

"I cannot give you the permanent assignment of teachers this afternoon for there will be some changes. There is always a flood of pupils on the opening day who have not enrolled and this increase nearly always causes some changes to be made. Almost every grade is now full to overflowing."

The "R" Months are here  
and so are

### FRESH OYSTERS

Served any Style by chefs  
who know how they ought  
to be prepared.

Order Now

PIEDMONT CAFE  
GUS ANTONAKAS, Prop.

"The teachers meetings were held in my office today as scheduled and all of the teachers are here and ready to go to work."

Last year at the end of the first day in the session the total number of pupils in the three town schools, North Fant, West Market and Kennedy, numbered 1685. Yesterday the number of pupils enrolled for these same three schools was 1,250. In addition to this there will be a number to enroll at the school buildings tomorrow morning.

The work to be done tomorrow in the schools will be that of getting the grades straightened out and assigning the lessons for the coming day.

### MEETING WAS HELD AT PIEDMONT YESTERDAY

IN INTEREST PROPOSED  
NEW COUNTY OF WIL-  
LIAMSTON

600 WERE PRESENT

Meeting Was Addressed By Sev-  
eral Speakers Who Explained  
the Proposition.

Approximately 600 people were present at Piedmont yesterday afternoon at the meeting held in the interest of the proposed new county of Williamston. Eight speakers addressed the meeting and explained its object and the new county proposition. It was stated last night that a big majority of those present were in favor of the new county and were very enthusiastic.

Among the speakers were Messrs. J. C. Duckworth, G. D. Gray, M. I. Mahaffey, Riley and C. E. Burriss and Drs. W. A. Tripp, R. W. Alexander and Mook, of Piedmont.

The different speakers explained to these present what those favoring the new county were trying to do and gave a brief outline of the county's boundary. They discussed the amount of taxable property and what affect the change would have on it. This meeting, like all the others held heretofore, showed what the people were overwhelmingly in favor of Williamston county.

### ENTERTAINMENT TONIGHT

Oakwood Baptist Church—Everybody  
Cordially Invited.

Supt. E. C. White of the Oakwood Baptist church Sunday school yesterday afternoon stated that there would be an entertainment at that church tonight. It will be in the order of a song service and music will be discussed by a string band. Several speeches will also be made. Admission free and everybody is cordially invited.

### WILL HAVE BOOTH AT COLUMBIA STATE FAIR

HOME DEMONSTRATION  
AGENTS IN 24 COUNTIES  
WILL HAVE CHARGE

### CANNED PRODUCTS

Will Be Exhibited—Good Adver-  
tising Medium and Many Will  
Doubtless Send in Samples.

The Anderson county agent of home demonstration work yesterday morning mailed to the committee in Columbia the plans for her booth at the State fair this fall. All of the agents in the different counties in the state were mailed plans on paper a few days ago and were asked that they select the one they wanted.

The one selected by the Anderson county agent calls for a booth 12x14 feet with shelves around the side and pyramid shelves in the center. The steel building has been designated for the use of the county agents and the Anderson booth will be located there.

In the center of the booth where the shelves will be placed in pyramid style, canned beans, tomatoes, peaches, pears, etc., will be placed. Around the sides will be placed jars of pickles, relishes, pemmenos, etc. In the booth also will be exhibited home made fireless cooker, refrigerator and other model kitchen conveniences.

Everyone in the county who have canned products in square glass jars and who wish them to be placed on exhibit at the fair are requested to notify Miss Jayne C. Garlington. These products must be sealed in queen jars or either the pint or quart size. A certain amount of the goods canned by the girls of the canning clubs will be selected for the exhibit but there will be space for other products and anyone who has something worthy of exhibit is asked to send it in. The Belton fair will be held just a week before the state fair and Miss Garlington will have a booth there. Some of the same products exhibited there will be used in Columbia.

Last year a lot of canned goods, such as vegetables and fruits, were sold through the booths in Columbia and doubtless there will be many calls again this year. It would be well for those who have something to sell along this line to send in an exhibit. Miss Garlington stated yesterday that she would do all she could to get a sale for pemmenos, several ladies in the county having some to offer. She stated that the pemmenos must positively be pure.

In addition to the 24 booths for the agents of home demonstration work there will be a large central booth where all kinds of home conveniences will be exhibited, so in all there will be 25 booths in the home demonstration department.

At Catholic Church.  
Sixteenth Sunday after Pentecost.  
Mass 10:30 a. m.  
No other services.

### CLEMSON CLUB WILL BE ORGANIZED IN COUNTY

MEETING WAS HELD HERE  
YESTERDAY AFTER-  
NOON

### MEET AGAIN ON 25TH

Extend Invitation to all Clemson  
Men in Anderson County to  
Attend on That Date.

A meeting for the purpose of organizing a Clemson college club in Anderson county was held yesterday afternoon in the office of Mr. Willet P. Sloan. About 20 old Clemson students were present and all were anxious to have the club in Anderson county. Nearly all were local men but Messrs. Ben Aull and Eugene Sitton of Autun were present as was also Mr. Tom Cothran of Columbia.

Another meeting is to be held on Saturday afternoon, September 25, when the organization will be completed and a constitution and by-laws adopted. A special invitation is extended to all Clemson men in Anderson county to be present. Invitations will be extended to prominent Clemson men in other parts of the state to address the meeting.

It is estimated that there are about 300 Clemson graduates or students who attended that college for at least one year in Anderson county, who will join this club.

This same matter has been discussed before but no definite action was taken. Clemson clubs are now to be found in nearly all large cities of the United States and they are proving very successful. It gives the boys a chance to renew old acquaintanceships, make new ones, and by association bring about a closer fellowship and understanding.

With the large number of Clemson men in Anderson county, doubtless the strongest club in the state or in the whole country can be organized right here in Anderson county. It is hoped that all Clemson men in the county will attend the meeting on the afternoon of September 25.

### MR. L. E. ANDREWS IS DEAD

Was Engaged in Photograph Business  
Here Until Two Years Ago.

Mr. Eugene T. Anderson has received a telegram from Valdosta, Ga., announcing the death of Mr. L. E. Andrews, which occurred Friday. The funeral services will be held and interment made at Fort White, Fla., this afternoon. Mr. Andrews had many friends in Anderson where he lived three or four years. He was an Englishman and came to this country when quite a young man. He came to Anderson five or six years ago and was engaged in the photography business. Two years ago he went to Valdosta. Mr. Andrews was about 63 years of age and was the son of a professor of Oxford. He was highly educated and an interesting person. Appendicitis was the cause of his death.

### BIG SHOE BUSINESS IS SHOWN AS RESULT

OF MAKING GOOD SHOES  
AND CONTINUOUS TRUTH-  
FUL ADVERTISING

### PROUD OF NAME

Florsheim Shoe Company Have  
Always Put Their Name in  
Shoes Made.

Friday, Mr. James Cummings, who travels the southern states for the celebrated Florsheim shoes, was in the city calling on Gelsberg Bros. Shoe company who handle their shoes exclusively in Anderson. Being asked about the wonderful sales of his company, and their steady growth notwithstanding the war, he replied that it was all due to the making of good shoes only, and the continuous and persistent and truthful advertising which his company always carried on, day in and day out, in and out of season.

Mr. Cummings stated further that his company had started manufacturing shoes in a back lot, but from the beginning they had always placed their name in every pair of shoes they turned out; that he himself, had had several orders offered him by dealers who wanted their own names in the shoes, but that his company had never sent out a single pair without their name in each shoe and that he supposed they never would.

That brings out a well known point about advertised articles. "If it is advertised, it must be good or the maker would be ashamed to place his name in it," consequently the consumer is better protected in buying advertised lines, than when buying non-advertised articles. "Another thing about advertising," continued Mr. Cummings, "is that by far the greatest results are obtained from the constant use of the daily newspapers in advertising anything of merit that is in general use."

"Another thing about advertising," continued Mr. Cummings, "is the fact that the advertiser will get much better results by placing his advertising in the newspapers than in any other medium; it goes into the home where the lead arises, and fortunate indeed is he, who has a well worded advertisement in the home newspaper in that home when the need arises."

Mr. Cummings was very enthusiastic and optimistic about the outlook for business throughout the south, stating further that he believed that business was going to be better this coming year than it had been for years.

B. Y. P. U. Meeting.  
The B. Y. P. U. of the First Baptist church will meet this afternoon at 5:30. The public is cordially invited to worship with them.

Frost—It cost me \$75 for the week-end.  
Snow—Entertaining friends, weren't you?  
Frost—Great Scott, no! Being entertained.—Life.
