FORMAL OPENING OF COMMUNITY HOUSE

WILL BE HELD AT RIVERSIDE MILL THURSDAY NIGHT

MR. A. F. LEVER

Will Be Present to Make Address
as Well as Dr. White and
Dr. Kinard.

The formal opening of the community house at the Riverside and Toxaway mills will be held Thursday evening of this week. It will be remembered that these exercises were to have been held a few weeks ago but owing to the fact that Congressman Lever and some of the other speakers were unable to attend, they were postponed.

Congressman Lever will be at Clemson College tomorrow where he delivers an address before the centennial celebration of the Pendleton Farmers' society. He will come to Anderson tomorrow afternoon and will be the guest of Mr. B. B. Gossett, president of the mills. Mr. Lever's efforts in obtaining the passage of the bill which enables the community welfare work to be carried on is well remembered. Tomorrow night he will discuss the purpose of the bill and the good to be obtained through the welfare work.

In addition to Congressman Lever's speech, addresses will be made by Dr. John E. White, pastor of the First Baptist church and Dr. James P. Kinard, president of Anderson college.

A cordial invitation is extended to the public at large to attend these exercises.

RED MEN MEETING

Two Candidates Received Degrees at Orr Mills Monday Night.

Great Chief of Records, R. L. Cromer, was a visitor to Genesee Tribe No. 30, I. O. R. M., at Orr Mills Sunday evening, and had the distinction of being the first Great Chief of Records to visit this Tribe. The meeting was a regular one, the council fire having been kindled at the regular stated time. However, after dispatching the business of the Tribe according to the current moon several appropriate and most enjoyable talks were made by the members and their visitors, at the conclusion of which the council fire was quenched and a convention of the Haymakers opened.

Two candidates were on hand to be instructed in the mysteries of this noble order and quite well, as the story goes, did they take, or rather receive the "degrees." The repeat which is served in connection with the ritualistic work used in this order—apparently natural enough—is perhaps not equalled or approached in any other fraternity and is highly enjoyable to the initiated. And so, it is said to be very impressive when one happens to gain entrance to the order through the hay loft tended by Genesee Tribe of Red Men.

HERE'S A WAY TO SAVE DOCTOR BILLS

Physicians Give Free Advice By Which Parents May Profit.

It's a matter of general interest just now how one's physical condition can be got into shape to best receive the benefits of the summer season. Especially is this true of the children. They have become run down by a winter of unnatural manner of living because of ill-considered food and much time spent indoors. Spring comes with its sunshine, its fresh vegetables and all else invigorating, but the children are in no condition to receive nature's remedies.

Many parents call in the family physician. Many other parents take advantage of what the physician told them when he was first called in consultation. All good family physicians say: "Give the children Castoria." Healthy parents know this remedy of old, for they took it themselves as children. It was more than thirty years ago that Castoria made a place for itself in the household. It bore the signature of Charles F. Fletcher then, as it does today. The signature is its guarantee, which is accepted in thousands of homes where there are children.

Much is printed nowadays about big families. Dr. William J. McCann, of Omaha, Neb., is the father of one of these much-read-about families. Here is what he says:

"As the father of thirteen children I certainly know something about your great medicine, and aside from my own family experiences I have, in my years of practice, found Castoria a popular and efficient remedy in almost every home."

Charles H. Fletcher has received hundreds of letters from prominent physicians who have the same esteem for Castoria that Dr. McCann has. Not only do these physicians say they use Castoria in their own families, but they prescribe it for their patients. First of all it is a vegetable preparation which assimilates the food and regulates the stomach and bowels. After eating comes sleeping, and Castoria looks out for that too. It allays feverishness and prevents loss of sleep, and this absolutely without the use of opium, morphine or other baneful narcotic.

Medicinal journals are reluctant to discuss proprietary medicines. Hall's Journal of Health, however, says: "Our duty is to expose danger and re-

Society

Dance and Reception.

After the summer rest and vacation the opening dance and reception for the Elks Home will be given on Wednesday evening, October 20th at the Club Home on McDuffie street. Elaborate plans for a very delightful occasion are being made by the ladies in charge, and it will be one of the largest and handsomest social functions of the fall.

Mrs. Doscoe Mosely has returned from a month's stay in Greenville, with relatives.

Miss Frances Tribble has returned to Richmond to resume her studies at the College for Women after a weeks visit at home.

Mrs. B. F. Martin has returned to her home in Greenville after a few days visit to relatives here.

Mrs. W. K. Carlisle of Starr spent yesterday with friends here.

Miss Janie Gilreath of Greenville is here the guest of her sister, Mrs. Julian Clarkscales.

Mrs. Cason of Abbeville is in the city visiting her son, Mr. Henry Cason.

Mrs. May Dougherty has returned Nashville after a visit to her parents, Mr. and Mrs. Frank Baldwin.

Callum-Craig

The following invitations have been received here. Mr. Craig is an old Anderson boy and has a host of friends who will be deeply interested in his approaching marriage.

Mr. and Mrs. Lorenzo Dow Callum request the honor of your presence at the marriage of their daughter Louise Lynne to the Rev. William Marshall Craig on Thursday, October the twenty-first at six o'clock in the evening First Baptist Church, Batesburg, South Carolina.

And the enclosed card, "Mr. and Mrs. William Craig will be at home after the first of November, 117 North Third street, Wilmington, North Carolina."

IS JUST A DOG

Michael Plays an Important Part in "Per O' My Heart."

His name is Michael. No flexible imagination could find beauty of face or form in his appearance. His speaking voice has no harmony of sound. He cannot sing; he cannot dance. Yet in one night he jumped from obscurity to the dizzy heights of fame, and his name is a byword from end to end of the theatrical world. He is a mainstay of the year, although he receives no pink perfumed notes, no flowers, no matinee girls wait outside the stage door to steal a glance at him. Michael is just a dog. He was (whether it is true, that his feelings may not be hurt)—just a stray dog—a gutter pup—and just before he went on the stage he resided in an inconspicuous product known as the pound.

OTHER MOROSCO PRESENTS
The Comedy Sensation of all Nations
NO PLAY SO POPULAR
BY J. HARTLEY MANNERS
Peg O' My Heart

Miss Eva Martin has "tried out" all sorts of aristocratic dogs for the leading part in "Peg O' My Heart," but they had no dramatic talent whatever, and she was not able to find a dog that could play the role until this little mongrel was obtained from the pound. For a dollar and a quarter, showing brains are not a matter of record. In "Peg O' My Heart" Miss Martin says, "It's a dog, not so be a dog he ought to look like a dog, and not like anybody's knittings. You could never mistake Michael for anything on earth but a dog."

Oliver Morosco is sending the greatest comedy triumph the stage has ever known in the last decade, "Peg O' My Heart," together with "Michael" and a superb portraying company, to the Anderson theatre next Friday night.

This will be a splendid presentation of J. Hartley Manners' remarkable comedy of youth.

cord the means for advancing health. The day of poisoning innocent children through greed or ignorance ought to end. To our knowledge Castoria is a remedy, which produces composure and health by regulating the system, not by stupefying it, and our readers are entitled to the information.

FINANCIAL NOTES

Fifteen or more bonds listed on the New York Stock Exchange advanced to new high levels for the year last week. Among the railroads touching beat prices were included Atchafalpa convertible 4 1-2s, Baltimore and Ohio convertible 4 1-2s, Chesapeake and Ohio convertible 4 1-2s, Erie convertible 4s "A" and "B," New York Central debenture 4s and Union Pacific convertible 4s.

There was an increase of over 100,000,000 in the amount of money in circulation in the United States during September.

Enjoying the best year in its history, the Atchafalpa, Topeka & Santa Fe Railway system reported gross earnings of \$11,665,587 for the twelve months ended June 30 last. This is an increase over the preceding year of \$6,555,817, while net operating income was \$41,574,034 against \$37,040,438.

As was the case with stocks, trading in bonds quieted down somewhat this week, daily sales of the latter averaging about \$3,600,000, against over \$5,400,000 in the preceding week.

In spite of the progress of the Anglo-French loan, the undertone of the foreign exchange market was easier this week. During the early dealings demand sterling fell below 4.70, but subsequently recovered.

The International Nickel company this week declared a stock dividend of 10 per cent, on its common stock, in addition to the regular cash dividend of 11-1/2 per cent quarterly on the preferred shares.

The weekly statement of the Bank of France shows an increase in gold of 51,198,000 francs and a decrease of 322,000 francs in silver.

Large increases in currency holdings, discounts, notes and deposits were shown in the weekly statement of the Imperial Bank of Germany. These important changes were due to operations in connection with the new war loan.

According to a statement of the Interstate Commerce Commission, the net revenue per mile of the 35,952 miles of eastern railroad was \$114 more in August than in the same month last year, the figures being \$815 and \$701 per mile, respectively.—Diana's Review.

History Repeats Itself.

(The New York Sun.) That a practice resorted to by the temperate and too enveloped Southern Confederacy should be repeated in the history of a vigorous and resourceful Nation like Germany would have seemed incredible a few months ago.

The recent appeal of the German minister of the interior to the apothecaries of the realm, urging the gathering of medicinal plants as substitutes for important drugs that had become or were likely to become inaccessible brings vividly to the memory of those who lived in the South during the Civil war groups of women and children gathering yellow jessamine, green belladonna, anemone, oak, and dogwood bark. Today the German apothecaries are following their example by order of the government to collect belladonna and belladonna leaves, anemone and camomile flowers, and other plants designated by the minister of the interior, to be laid away in proper manner against the day of dire need that may come from the isolation of Germany by the allies. That the methodical system and foresight of the Germans in the piping time of peace are matched in their activities in war is evidenced by their not waiting for the day of need but preparing in advance of its possible approach.

Herein our people may learn a valuable lesson in an apparently small matter. One may as reasonably anticipate illness from the storing up of poisonous drugs for its treatment as to insist that the gathering of munitions of war and the training of our citizens for the prevention of possible war will hasten war's coming.

Artist's Wife (during quarrel).—"You were quite obscure before I married you." Artist—"You didn't have any trouble in finding me."—Boston Transcript.

We are recommending our 10-1-0 and 10-2-0 and 10-2-1/2-0 for wheat and oats this fall when you sow it.

This will give it stalk and grains in the head, and that it what you want in grain. If you will sow five acres in wheat and five in oats this fall, after preparing the land well and fertilizing it well with either of these goods, you will find it advantageous. The 10-2-1/2-0 is an especially fine goods for grain. Let us hear from you.

The greatest thing in a horse feeding is MOLASSES. It cuts down the feed bill and builds up the stock.

RED SHIRT HORSE AND MULE MOLASSES FEED

It's something the horses and mules like—gives them an appetite—starts the saliva running and aids digestion. Far superior to an all grain feed. Give your horses and mules a treat, and at the same time save money.

Our RED SHIRT (first grade) Horse and Mule Molasses Feed contains Corn, Oats, Ground Alfalfa, made appetizing with salt and pure cane molasses, and analyzed as follows:

Protein 12%; Fat 3%; Fiber 12%; Carbohydrates 57%.

PEDMONT HORSE & MULE MOLASSES FEED Second Grade—Analysis: Protein 12%; Fat 3%; Fiber 12%; Carbohydrates 57%.

SWAMP FOX HORSE & MULE MOLASSES FEED (First Grade). This analysis: Protein 12%; Fat 3%; Fiber 12%; Carbohydrates 57%.

PERFECTION HORSE & MULE FEED (Dry Blend). This analysis: Protein 12%; Fat 3%; Fiber 12%; Carbohydrates 57%. This is composed of straight grain and ground Alfalfa Meal.

RED SHIRT DAIRY FEED

First Grade: A balanced ration containing Molasses. Cattle are very fond of it—keeps them in good condition. Increases the flow and enriches the quality of the milk at a reduced cost of feeding. Contains ground Corn, C. S. Meal, Wheat Middlings, Ground Alfalfa, Pure Cane Molasses and Salt. Analysis: Protein 12%; Fat 3%; Fiber 12%; Carbohydrates 57%.

PEDMONT DAIRY FEED Second Grade—Analysis: Protein 12%; Fat 3%; Fiber 12%; Carbohydrates 57%.

RED SHIRT HOG FEED A combination of Digestive Tankage, Ground Corn, Rice, molasses, very fattening. Keeps the hogs in good condition.

We manufacture and RED SHIRT Scratch Feed and RED SHIRT Baby Chick Feed.

"SEVEN EGGS A WEEK" HEN FEED Composed of Ground Corn, Ground Oats, Ground Wheat, Pure Cane Molasses, and Salt. Analysis: Protein 12%; Fat 3%; Fiber 12%; Carbohydrates 57%.

As shown on the bags in our ad, nearly all of our feed is made from Carolina products, even to the bags and ties. We are, therefore, in the market for Oats, Corn, Wheat, Alfalfa Hay and any other kind of crop.

We also carry a full stock of GRAIN, HAY AND STRAW.

Our feed as shown above are sold at a special price to furnish the greatest nourishment at the lowest cost. Let us show you how to cut your feed bill down. Write us for prices, etc.
