

**TO ANNOUNCE THE ARRIVAL** of a shipment of these "awfully good" high top White Kid Shoes

We've been told a number of times by women who recognize shoe values, that ours are much better in style, quality and fit than they have seen any place for the price. Really, it is a good shoe—all that you could desire in every way. Your size is in stock today.

### White Kid Pumps

Also gray, champagne and black. We especially want you to see these feather weight black kid pumps, made by a city shoe maker—Cousins, of New York. It's a city shoe all over, price \$6.50.

- White, gray and champagne at \$5.00.
- Other dandy pumps and oxfords at \$3.00 to \$4.00.
- Large colonial buckles in patent and kid, easily attached to any pump.

### White Canvas

Oxfords and pumps in the cheaper grades \$1.50 to \$2.50. Some with white rubber soles for all sorts of sports and general outside wear.

- White canvas shoes with rubber soles at \$3.50.
- An excellent line of children's pumps too. Of course, you know we sell only the kind that's so good they need no guarantee.

## CLEAN UP AND PAINT UP!

**How to Start a Campaign That Will Produce Results in Our Town.**

**F**IRST: Take your telephone in hand—get a half-dozen boosters together—"the fewer the quicker" you'll get started. Talk it over and before you part, agree upon a meeting to be held a day or two later—each of you agreeing to have present at that meeting other certain ones whose interest will be valuable, especially some public official and some physicians who can tell about the need of public and private cleanliness.

**Second:** When the meeting is called, organize at once. Select a chairman and other officers (we suggest enough vice chairmen to include every co-operating organization and interest), and instruct the new chairman to appoint all the chairmen of the various subcommittees within a day or two—these and the officers to constitute the general committee. There should be committees on co-operation, finance and publicity, one to provide wagons for rubbish collection, one to obtain the co-operation of the school children, and one to interest all merchants.

Adopt a resolution requesting the board of health to proclaim the opening of the Campaign for the Cleaning, Sanitation and Beautification of the town.

Adjourn, after fixing date for a Get-to-Work meeting a few days later, which all these chairmen and members of their committees will attend to plan their work.

**Third:** Write to Chairman Allen W. Clark of the National "Clean Up and Paint Up" campaign bureau, Kinloch building, St. Louis, Mo., and get free literature telling how to clean up and paint up the town, together with reports of results in cities, towns and villages throughout the country.

**Fourth:** Get as many men and women as possible to WORK, each at some specific thing. Don't make the mistake of heaping upon one willing and patient enthusiast all the detail and responsibility of this work. Committees to do specific work, and chairmen who will think and work and inspire suggestions and zeal among the members of their committees, are essential.

You'll want enough committees to put everybody to work; but not too many committees to complicate and confuse. Select a half dozen or more for specific work, and do well that specific work.

### Tailor-Made Suit Dry Cleaned

Tailor-made suits need a frequent dry cleaning and pressing to keep them in the best condition.

Our service costs you but little, and it keeps the garments clean, bright and fresh in appearance until worn out.

We remove marks of wear and soil. Wrinkles and creases are removed and the garment is kept in perfect fit and shaped so it hangs just right.

You'll find our service adds a great deal of wear to the suit and keeps it constantly fit for wear on any occasion.

**GRAY HAIR BECOMES DARK AND BEAUTIFUL**  
**Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur.**

Almost everyone knows that Sage Tea and Sulphur, properly compounded, bring back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.  
Nowadays we simply ask at any drug store for "Weyth's Sage and Sulphur Compound." You will get a large bottle of this old time recipe improved by the addition of other ingredients for about 50 cents. Everybody uses this preparation now, because no one can possibly tell that you have darkened your hair, as it does so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy, and you look younger. Weyth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

**FINE SCENTED SOAPS**  
**MAKE BIG ADVANCES IN AUSTRIA SINCE WAR**

(By Associated Press.)  
Vienna, April 14.—Owing to the shortage of oils and fats the price of soap in Austria has advanced enormously. Fine scented soaps now cost six or seven times as much as before the war.  
Laundry soaps at the beginning of the war cost about three cents a pound at wholesale but now they are priced at sixteen to nineteen cents. Recent-time foreign soaps have been brought in but these sell for as much as fifteen cents a pound, though very inferior, containing only some twenty per cent of fats.  
In the last few weeks the soap manufacturers have found it almost impossible to get raw material, and some of the largest soap works which formerly dealt only in carload lots are now glad if they can deliver a few cases.
