TOWEL NO LONGER AID TO FIGHTER

Towel tossing, long accepted as a token of defeat, has become passed in Australian prize rings. Hereafter referees will not be required to recognize the action of a second who pegs in a sponge signaling a willingness to call off hostilities. Another thing that referees will not disqualify a boxer for is when one of his seconds enters the ring. Formerly this was considered an act that lost the boxer immediately. Both changes were ordered to safeguard against frauds being engineered by gamblers.

SOUTH LEADS IN LIFE INSURANCE

Atlanta, Ga., June 27.—The safety and permanency of business organization of the south, as compared to other sections, is no more strikingly illustrated than in the case of life insurance companies. In a statement carried in the current issues of the Manufacturers Record, of Baltimore, it is shown that the South has done far better than the rest of the country.

During the last hundred years or so, there have been 216 life companies retired, either by reinsurance, liquidation or failure in the states outside the south, while in the southern states there have been only 72.

A showing of actual operations is also to the credit of the south. At the beginning of 1914, fifty southern companies which had been in business an average of nine years each, had insurance in force of \$697,153,607, with combined assets of \$72,402,962. Of the companies in other sections only 93 had been in business nine years and these had in force \$278,362,539 at the end of their ninth year, with combined assets of \$38,867,420.

The percentage of companies in the south which were able to re insure their business in other organizations was 52.1-2; in the other sections 55. The percentage of outright failures in the south was the same as the rest of the country, 25.

The data printed in the Manufacturers Record was compiled by Robert F. Moore, agency secretary of the Southern States Life Insurance company of Atlanta.

Commenting on the situation, Mr. Moore says: "Failure of any business organization, whether life insurance or other industry, is not governed by geographical location; it can almost invariably be traced to some fundamental cause, such as poor judgment, unsound principles, undue expenses, extravagance or improper administration."

SALTS IF KIDNEYS OR BLADDER BOTHER

Harmless To Fidelity Keeps and Neutralizes Irritating Acids

Kidney and bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation of the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a teaspoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it is no longer in a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inoperative, harmless, and is made from the best of grapes and lemon juice, combined with lithium and sodium chlorides. It causes no bad effects whatever.

Here you have a pleasant, effective, and harmless water drink which quickly relieves bladder trouble.

VUDOR PORCH SHADES
