

AFTER ALL

Experience Beats the Argument.

We might say much in an effort to convince you where to buy Clothing, but "saying" is easy. Talk is cheap. After you have tested a thing

You Know.

If you have bought from us, we have nothing more to say. We are willing for the goods to do the talking. If you haven't, then this is the time to do it.

We are prepared to exhibit the production of some of the best manufacturers in America.

Some clothing is made and some is, well, half made.

OURS IS MADE.

Some clothing is planned and cut by artists, some by "scrubs."

Clothing sold by us is cut and planned by men whose reputation is their capital, and who study to keep their reputation up.

ANOTHER THING:

Improvements are being made all the time in "building suits." Our manufacturers are progressive, pushing people, and are ever on the alert.

Of course a well-dressed man must have in addition to a nice suit all other things nice. Hat, Shoes, Cravats, Collars, Shirts, Cuffs, Suspenders, Hose, Underwear, &c. We have them.

Town Treasury Helped.

Saturday night Henry Davis, Tom Kelly, and another negro had a general fight with some negro women, raising a general row. When they appeared before Mayor Ketchin Monday morning they found that he was highly displeased at their conduct by fining Davis \$25.00 and Kelly \$10.00. In spite of the hard times they ponied up the cash and proceeded on their way.

Highly Honored.

At the annual convention of the Royal Arch Masons in Charleston last week J. E. McDonald, Esq., was elected Grand High Priest, this being the highest office in that organization. He had been serving various sub-offices in the organization, and this promotion is a reward for his faithful services therein.

Later in the week at the meeting of the State Bar Association he was elected vice-president.

Both of these are high honors, most worthily bestowed.

A Heavy Snow.

Friday at noon the snow flag was raised at the local signal station, and that night at about 9 o'clock the beautiful snowflakes began to fall and continued falling until the next morning when the earth here was covered to a depth of 4 to 5 inches. At other points in the State the fall was much heavier, especially in Blacks-

burg and vicinity, where it was 18 inches. The bright weather of the last day or so has almost dispelled the snow, and the farmers are very hopeful that the ground will soon be in such a state that they can plough, as so far they have had but little opportunity for ploughing.

Perfect Beauties.

The editor of The News and Herald has just purchased a pen of beautiful Silver Laced Wyandottes, which is unquestionably one of the very best breeds of chickens on the market. These birds were carefully selected by him from a yard of about one hundred, and they are perfect beauties. While the breeder from whom these fine birds were bought would want \$2.00 per setting for eggs from his yard, orders are now being taken for settings from this fine pen at the low figure of \$1.00 for 13. Speak quick, so you can get eggs for an early hatch.

The South Carolina College distinction in the recent examinations have been represented in the following:

Court Proceedings.

Court of General Sessions convened Monday morning with Judge R. C. Watts presiding. Solicitor Henry and Stenographer McCaw were both in their respective places. All the grand jurors were present except S. R. Crumpton who was excused.

The grand jury brought in a true bill in the following cases:

The State vs. Charles Williams, larceny of live stock.

The State vs. Frank McDaniel, privily stealing from the person.

The State vs. John Kelly, murderer.

The State vs. Jane Anger and Sampson Buggs, larceny of live stock.

The State vs. James Brown, murderer.

The State vs. C. B. Taylor, disposing of crops under lien.

The State vs. Tony Stevenson, larceny of live stock.

The State vs. James McConnell, rape.

The State vs. Edward Bronson, larceny from the field.

In the case of the State vs. Joseph Jennings, trafficking in seed cotton, the grand jury found no bill.

In the case of the State vs. Joseph Swygent, trafficking in seed cotton, the grand jury found no bill.

The case of the State vs. W. G. Smith was not pressed and order of discharge issued.

The following plead guilty and were sentenced as follows:

Frank McDaniel—sentenced to the penitentiary or public works for four months.

Charles Williams, and Simon Chapman—sentenced to 12 months on public works and one dollar fine, or to penitentiary.

The court was occupied yesterday in the trial of Sampson Buggs and Jane Anger for larceny of live stock.

The case of the State vs. John Kelly for murder was continued.

The case of the State vs. James Brown for murder was set for trial to-day.

It is quite probable that the Court of General Sessions will be completed to-day.

Solicitor Henry is attending the closing session of the senate, and various members of the Winnsboro bar are acting solicitor in his absence.

Grand Jury Presentment.

To the Hon. R. C. Watts:

We the grand jury of Fairfield County at the February term of the Court of General Sessions for said county respectfully report:

1. That we have considered and passed upon all bills of indictment handed us by the solicitor at this term of court.

2. That owing to the condition of the weather and under the advice of the court we have deemed it inexpedient to send the usual committee of our number to visit the poor house and farm.

3. That we have nothing further to report.

We desire to express our thanks to your honor and the officers of the court for courtesies extended to us in the transaction of the business of the court.

Respectfully submitted,
M. D. C. Colvin,
Foreman.

The latest reports from the president's son are that he is still improving, the crisis having been past last week.

One of Winnsboro's cotton buyers has taken up with the railroad commission the question of the freight rate on cotton between Ridgeway and Winnsboro. According to the old schedule the rate was nine cents per hundred. Under the new schedule, which the commission claims has saved the people of the state piles of money. The rate has been ten cents per hundred. The commissioner claims that the rate should be only seven cents. If the commissioner sustains its rate, the railroad has collected three cents too much on every hundred pounds of cotton that has been shipped from Ridgeway to Winnsboro, or in other words has collected a considerable sum in excess of what it was entitled to. It is quite probable, that all who have paid this excess freight rate will combine and take steps to reclaim it.

Saved Her Childs Life.
"In three weeks our chubby little boy was changed by Pneumonia almost to a skeleton," writes Mrs. W. Watkins, of Pleasant City, O. "A terrible cough set in, that, in spite of a good doctor's treatment for several weeks, grew worse every day. We then used Dr. King's New Discovery for Consumption, and our darling was soon sound and well. We are sure this grand medicine saved his life." Millions know it's the only sure cure for Coughs, Colds and all Lung diseases. McMaster Co. guarantee satisfaction. 50c, \$1.00. Trial bottle free.
