### JUST ANY OLD THING

Will do for a while, but it will not take you long to find the difference between the real article and its imitation. This sad discovery never comes to those who buy

### Hackney and Chase City Buggies,

for they are the real thing, the Buggy "It". Nor is there any of that sad realization that you have been duped by taking the "just as good" when you buy an

### OWENSBORO WAGON,

unless you have a different experience from those who have tried them--and that you surely will not have.

### K. R. McMASTER.

### THE L. S. MORROW CO.

Now for the MEN. What can we mention to please them? Oh, we know!

### MEN's Talcum Powder for 18c.

You will be told that it is imitation, adulteration, or something of that sort; but if this be true, buy a can, and have grounds for a suit against the Southern Railway or Winnsboro Granite Company. We are the People! For 18c. we give you a can of MEN's Talcum Powder, and a prospect of a fortune. Come and see us.

#### Mr. Mobley's Winnings.

Mention was made in these columns last week that Hon. Jno. G. Mobley did not fail in getting the blue ribbons at the State Fair on his fine Guernseys. The official list shows that he won both the first and the second premiums on his herd and the same in the thoroughbred milking contest, and also came out second in the grade milking contest--these being the most desirable premiums offered. He also won the following premiums:

**Thoroughbreds**--1st on bull 3 years old; 2nd on bull 2 years old; 1st and 2nd on bull one year old; 1st and 2nd on bull under one year old.

1st on cow 3 years old; 1st on heifer 2 years old; 1st on heifer 1 year old; 1st on heifer under 1 year old.

**Grades**--1st on grade Guernsey cow 3 years old.

1st on grade Guernsey heifer 2 years old.

1st on grade Ayrshire cow 3 years old.

1st on grade heifer Ayrshire cow 2 years old.

2nd on grade Ayrshire under 1 year old.

1st on butter in prints.

3rd on turken butter.

1st on butter granular in brine.

Mr. Mobley was the largest exhibitor of cattle at the State Fair and these premiums were won in the very hottest competition and with so high a judge as Prof. Mitchell of Clemson College designating the placing of the ribbons.

Mr. Bulow of Ridgeway also came in for a very desirable premium: second on stallion in South Carolina light draft ring.

The winning of these premiums only goes to show that Fairfield is well adapted for the raising of fine stock; and if only more of her enterprising farmers had made exhibits, there would have been more premium money coming this way.

#### Astonishing Incident.

It was, to all her friends, an astonishing incident, that Mrs. I. B. Hunt, of Lime Ridge, Wis., was cured of her dreadful sickness. "Doctors," she writes, "had given me up; friends were ready to bid me the last farewell; clouds of despair darkened my horizon, and I was a wreck on the shores of despondency, when I began to take Electric Bitters, for my frightful stomach and liver complaint. To the astonishment of all, I was benefited at once and am now completely and miraculously restored to health." At McMaster Co.'s, Obeur Drug Co.'s and John H. McMaster & Co.'s drug-stores; price 50c; guaranteed.

#### Protecting Game.

The hunting season has opened up and the sportsmen are putting in good time at their favorite sport. Parties not desirous of having the game on their places killed should take the proper precaution by having their land posted or better still by having due notice of the same made in the News and Herald. The cost for the publication of trespass notices is very small. The time to publish the notice is before there is any trespassing.

#### Blackstock Will Build.

It was our pleasure to attend an oyster supper at Blackstock Friday evening, given at the school building for the purpose of raising funds for the school library. There was a good attendance and the evening was most pleasantly and profitably spent. Blackstock has all the while shown very great interest in educational matters and the school at present with Mr. Fewell as principal and Miss Rebecca Craig as assistant, the same teachers as the last year, is in a flourishing condition. There is decided need, however, for a new school building and better equipments. It is hardly probable that a community that has enjoyed such an enviable reputation in school matters will permit itself to be content with such a building much longer. No, no; this cannot be. Blackstock must soon have its new school building, one that is wholly creditable to such a plucky little town.

#### Letter to Jno. J. Neil.

Dear Sir: Have you found-out you can paint a job with fewer gallons Devco than of anything else, lead-and-oil or anything else?

Mr. Floyd Almy, House and Sign Painter, Greenwich, N. Y., found it out three years ago; he writes: "I have used Devco lead-and-zinc for the past three years, and cannot say too much in its favor. I am using it now on a big job that I took by contract, and it has saved me at least \$25 in the cost of material."

Devco is the strongest paint we know-of; goes furthest; takes less of it to do your job.

Lead-and-oil is pure; lead-and-zinc is stronger; covers more; goes further.

Have you found-out you can paint a gallon Devco in less time than a gallon of anything else? That means less time for the job. Less time; less money.

Less paint; less money for that; less time; less money for that; Devco lasts longer; do you mind the less money for that? You are surer of it.

Yours truly  
F. W. DEVCO & Co.

#### Buckner-Brice.

The marriage of Miss Pauline D. Buckner, daughter of Mr. and Mrs. J. L. Buckner, to Mr. M. M. Brice, took place yesterday at noon, at the residence of the bride's parents 212 Jones street, west. The ceremony was performed by Rev. Guyton Fisher. The bride was handsomely gowned in a traveling dress of blue silk. Immediately after the reception, the bridal couple left over the Southern Railway for their future home at Woodward, S. C.

Mr. Brice belongs to a well known South Carolina family, and is a young man of good business ability. The bride has many friends here who will regret her departure from Savannah.--The Morning News, Savannah, Ga.

#### See Kennedy First.

"Well, I don't care how many dealers in horses and mules come along; I am not going to buy the two mules that I must have soon till I see Will Kennedy. He has always done the best for me and I am going to wait till he gets in his new stock before I buy." These were the words of a farmer of the lower section of the county a few days ago in discussing the purchase of some mules with a neighbor. That farmer can now buy his mules, for Mr. W. B. Kennedy returned last week from the western markets with as good a load of mules as were ever brought to lower Fairfield and the farmers of that section will find him doing business in the same old way--good stock at fair prices. He is also conducting an up-to-date livery business and can serve his patrons most satisfactorily. While out west he purchased a good number of short horn cattle, which he is going to let go at very reasonable prices. Mr. Kennedy will be pleased to have all who come to Ridgeway to drop around and see his mules and cattle.

#### Full of Magic Healing.

are these lines from J. H. Simmons, of Casey, Ia. Think what might have resulted from his terrible cough if he had not taken the medicine about which he writes: "I had a fearful cough, that disturbed my night's rest. I tried everything, but nothing would relieve it, until I took Dr. King's New Discovery for Consumption, Coughs and Colds, which completely cured me." Instantly relieves and permanently cures all throat and lung diseases; prevents grip and pneumonia. At McMaster Co., Obeur Drug Co. and John H. McMaster & Co., druggists, guaranteed; 50c and \$1.00. Trial bottle free.
