The prettiest lot of rockers ever brought to Winnsboro just received. It will do you good to see them. Come right along. H. E. Ketchin.

No May Picnic.

As the result of the great industrial developments now going on at Catawba Falls, the May picnic which has been held there the first Saturday in May for more than a century, according to the best information, will not be held next Saturday. The authorities have requested that the young people do not gather there at this time, as there is a great deal of blasting going on and this would make it very dangerous. Within another twelve months the great improvements that are now being made will be completed and the young people from the four adjoining counties and from the four corners of the earth can gather there and see what mighty developments have been made. The transformation will be wonderful.

Ice and Beef.

Having met the demand for ice during the winter and early spring months for sickness and other causes, I desire to call the attention of all to the fact that I am handling ice by the earload and shall be pleased to have your patronage. My prices are the lowest and all orders given prompt and courteous attention.

Am still supplying the very best beef and shall be pleased to have your orders. Send or phone here for your ice and beef. Jno. W. Russell.

Early Closing

The grocery stores yesterday began to close their doors at 6 o'clock and will continue to do so until September 1 with the exception of Saturdays. If past precedent is to be followed, the dry goods stores will not begin their early closing till June 1. In this respect the dry goods stores here are from 15 to 30 days behind those in the other town of the State. In many towns the early closing of the dry goods stores begins at the same time as that of the grocery stores and in no instance have we seen where the early closing is postponed to begin so late as June 1. It is to be hoped that the dry goods stores will this season come to an agreement whereby they will begin the early closing on May 15 instead of postponing it to June 1. To get out early these afternoons is a big consideration to the clerks; and, if all will adhere to these hours, none can lose by it.

Wedding at Blythewood.

One of the prettiest marriages ever witnessed in this community was solemnized Wednesday morning at 12 o'clock, when Miss Minnie Lockier and Mr. Geo. D. Cooper were united in the holy bonds of matrimony at the bride's home. The ceremony was performed by the Rev. Mr. Geo. P. White, pastor of the bride, in his usual graceful and impressive manner.—The State April 30.

Admission will be 15, 25 and 35 cents. There is no better purpose for which an entertainment could be given than to help the library on, and with a good attendance on this occasion a nice sum should be realized for the purchase of new books, which are now very much needed. Killed by Lightning.

Thomas J. Price was struck and instantly killed yesterday evening by lightning, also the mule he was driving. Mr. Price had started home from his field to get out of the rain when struck. He was a member of Ridgeway Lodge of Knights of Pythias and one of the progressive young farmers. He leaves a mother, Mrs. Bolton of Bennettsville, and his grandfather, Mr. Jas. Walker, of this place. He will be buried to-morrow by the Knights of Pythias.—The State, April 28.

County Correspondence.

The News and Herald has just sent out to its correspondents a circular letter, calling upon them to give more frequent letters from their respective sections. These letters are always enjoyed and we would be glad if our correspondents would write more often. There have been times within the past few months, when it was well nigh impossible to handle these letters, but with out improved service we are in better position now than ever before to get these letters in and we hope that our correspondents will give us the opportunity of demonstrating how well we can now handle their correspondence. The News and Herald wants to give all the news from every section and its correspondents can do much toward making this possible.

Have you weakness of any kind--stomach, back, or any organs of the body? Don't dope yourself with ordinary medicine. Hollister's Rocky Mountain Tea is the supreme curative power, 35 cents. Tea or Tablets. Jno. H. McMaster & Co.

Why Not Again?

Several years ago Winnsboro had one of the very best base ball teams in this whole section. The games on the home diamond were the source of much enjoyment to the home people and the team was followed to other places with the greatest interest. The past two or three years things have not been quite so favorable. The games have not been productive of much enthusiasm here at home or elsewhere. But there is no reason why Winnsboro could not have as good team now as ever before. There is some excellent material here at this time and all that is needed is to get the boys to work. They may need a little money, but that should not be withheld from them. A good team that is winning games at home and abroad will be a good drawing card for the town.

5 and 10 Cent Store.

Extra bargains here in many little odds and ends. Special attention called to my stock of glassware. You will find this the place to buy. H. Langley.

CIGARS AND TOBACCO--Some good brands at close prices. R. A. Buchanan.

How About Your Eyes?

If they are not all right, now is a mighty good time to have them fixed up. Dr. Chas. A. Green of the well known firm of A. K. Hawkes & Co. of Atlanta and an experienced optician is now at our store and will examine your eyes free of charge. Glasses will be fitted only to eyes that need them and those fitted will fit. Dr. Green will be here only to-day and to-morrow; so give this very important matter of caring for your eyes your immediate attention. Such an opportunity will not be yours again soon.

Jno. H. McMaster & Co.

Fine job printing at the News and Herald office. New type, new presses, best material, first class work. Prices reasonable.

Rising Rapidly.

The friends of Dr. David E. McMaster in Winnsboro will read with much interest this pleasing mention of him in the Tennessean.

Dr. D. E. McMaster's upward tendency since he came to make his home in our midst has been something remarkable. He had not been but a short while in Tennessean ere he was one of our most prominent physicians; a few months more and we find him the proprietor and owner of the Tennessean Drug Company. While time is passing the doctor has not been idle, and from vice-president to president of the Tennessean Banking Company seems to have been made with but little effort and as a natural consequence to his past career. We would not be surprised to find him filling any position, in the gift of the people, for every body in Tennessean loves Dr. McMaster.

Deaths from Appendicitis

decrease in the same ratio that the use of Dr. King's New Life Pills increases. They save you from danger and bring quick and painless release from constipation and the ills growing out of it. Strength and vigor always follow their use. Guaranteed by McMaster Co. and Jno. H. McMaster & Co., druggists. Try them.

TOILET SOAP--At bargain prices. R. A. Buchanan.
