MR. DWIGHT RESIGNS.

The Rectorship of Porter Military Academy to Accept Important Business Position in Charleston.

Mr. D. G. Dwight has resigned the rectorship of Porter Military Academy, which he has held for several years, in order to accept a tempting business offer that has been made him in Charleston. Mr. Dwight's resignation has been accepted, though he will continue as treasurer of this academy till January 1. Mr. Dwight had been in the Academy for 12 years and at no time has this historic school been more prosperous than at the present. In accepting Mr. Dwight's resignation the board of trustees passed the following resolution of appreciation of his services.

"Resolved, That in taking this action the executive committee, in its own behalf and speaking for the trustees of the institution, would express its high appreciation of the faithful, efficient and devoted services of Capt Dwight, both as rector and as a subordinate officer of the Porter Academy. They extend to him their best wishes for his future and trust that his success in business may be as complete as the work which he has done for the Academy."

The Breath of Life.

It's a significant fact that the strongest animal of its size, the gorilla, also has the largest lungs. Powerful lungs means powerful creatures. How to keep the breathing organs right should be man's chiefest study. Like thousands of others, Mrs. Ora A. Stephens, of Port Williams, O., has learned how to do this. She writes: "Three bottles of Dr. King's New Discovery stopped my cough of two years and cured me of what my friends thought consumption. O, it's grand for throat and lung troubles." Guaranteed by Jno. H. McMaster & Co., druggists. Price 50c and \$1.00. Trial bottle free.

A Good Word for The News and Herald.

Editor The News and Herald: Allow me to congratulate you on your fine achievement in getting out the election returns. Your paper reached me at 9.30 o'clock Wednesday morning, 29th ult., eight hours ahead of any other paper containing the results of the election—and I take three daily and eight weekly papers. Hurrah for The News and Herald and dear old Fairfield, generally! Chesterfield had no "dispensary ticket" and my election is in no sense attributable to the views I hold favorable to that method of handling liquor. Personally I am a prohibitionist, in principle and practice; yet if we must, as a state, grapple the whiskey question and be held in a measure responsible for its management and control, then the strictest possible enforcement of state laws to that end is the most practical, businesslike solution I know.

I congratulate friends Hogan of Arkansas and Sawyer of Georgetown on their success in their new homes. May the hitherto proud record of Fairfield's sons be faithfully upheld and the illustrious examples of generations never grow less.

Pain from a Burn Promptly Relieved by Chamberlain's Pain Balm.

A little child of Michael Strauss, of Vernon, Conn., was recently in great pain from a burn on the hand, and as cold applications only increased the inflammation, Mr. Strauss came to Mr. James N. Nichols, a local merchant, for something to stop the pain. Mr. Nichols says: "I advised him to use Chamberlain's Pain Balm, and the first application drew out the inflammation and gave immediate relief. I have used this liniment myself and recommend it very often for cuts, burns, strains and lame back, and have never known it to disappoint." For sale by Obeard Drug Co. and all medicine dealers.

There is hardly any surer way to live to be very old than to be rich and have a lot of poor relatives waiting for you to die.

When two strong men come to blows, even if they are well matched, it is not a pleasing sight, but if the man who gets the worst of it will use DeWitt's Witch Hazel Salve, he will look better and feel better in short order. Be sure you get DeWitt's. Good for everything a salve is used for, including piles. Sold by all druggists.

Be sure you're right; then consult your wife; then go ahead.

When you have a cold it is well to be very careful about using anything that will cause constipation. Be particularly careful about preparations containing opium. Use Kennedy's Laxative Honey and Tar, which stops the cough and moves the bowels. Sold by all druggists.

The Road to Prosperity.

From the way goods are daily arriving it would seem that the merchants of Winnsboro have bought more largely this season than heretofore. It is a matter of fact that they are not only buying more largely each year, but that they are buying a more varied and a higher grade of goods. The result is that the people of this section are having less and less excuse to go elsewhere for their goods, and that this improved condition is being appreciated by the constant increase in the business of Winnsboro. With this increased trade has come a larger measure of competition with the good results that always come from this life of trade, which fact is very much emphasized by the larger use of printers ink on the part of the Winnsboro merchants. Advertisements in The News and Herald pay the merchants in an increase of their business and they pay the customers in helping them to know most readily the best place to buy their goods at the least cost. Read the advertisements in The News and Herald, trade in Winnsboro and prosper.

In these days of rush and hurry courtesy is often forgotten. In the mad, pell-mell rush of our life little things are done to offend that we rather remain undone. A hastily eaten meal and its resultant headache may cause us social or financial loss. The wise man or woman is the one who relieves little ills of this sort by a little dose of Kodol For Dyspepsia. It digests what you eat and puts your stomach back into shape. Sold by all druggists.

Gunner—What is the difference?
Gayer—Why, in politics they skin people by grafting.—Chicago Daily News.

No one would buy a sailboat with sails that could not be reefed. There is always that possibility of a little too much wind that makes a cautious man afraid to go unprovided. The thinking man, whose stomach sometimes goes back on him, provides for his stomach by keeping a bottle of Kodol For Dyspepsia within reach. Kodol digests what you eat and restores the stomach to the condition to properly perform its functions. Sold by all druggists.

If a man absent-mindedly calls his wife by somebody else's name he'd better get a high fever to account for it right on the spot.

A bath cleanses the skin and rids the pores of refuse. A bath makes for better fellowship and citizenship. Not only should the outside of the body be cleansed, but occasional use of a laxative or cathartic opens the bowels and clears the system of effete matter. Best for this are DeWitt's Little Early Risers. Pleasant little pills that do not gripe or sicken. Sold by all druggists.

The Most Popular Chew Made

There is real enjoyment in chewing SCHNAPPS tobacco. That's why it has won millions of chewers every year, until now more is sold than all similar tobaccos.

SCHNAPPS, the most popular product of the Reynolds factories, is man-

ufactured in the very heart of the Piedmont tobacco belt, known to the world as producing tobacco with an aroma so delightful and appetizing that it introduced and popularized the chewing of tobacco.

Schnapps

The Clean, Pure Chew

is manufactured by the cleanest and most healthful processes ever devised, under the direction of men who have made the chewing tobacco business a life study, and who have managed the R. J. Reynolds Tobacco Company since 1875.

Only choice selections of thoroughly cured leaf are used in SCHNAPPS, and expert tests prove that this class of tobacco requires and takes a smaller amount of sweetening than any other kind of tobacco grown—and that it has a wholesome, stimulating and satisfying effect on chewers, besides being the most economical.

There are a great many imitations claiming to be "just as good" as

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

SCHNAPPS, but there is only one genuine SCHNAPPS. Be sure the letters on the tag, and under the tag, spell S-c-h-n-a-p-p-s. There are more pounds of SCHNAPPS chewed every year than the total amount of all similar kinds.

Internal revenue statistics show that SCHNAPPS and others of the Reynolds brands won enough chewers in one fiscal year to make a net gain of six and a quarter million pounds, or one-third of the entire increased consumption in the United States on chewing and smoking tobacco.

SCHNAPPS is made and sold everywhere in 5c. cuts and 10 and 15c. plugs.
