

67TH CONGRESS IS NOW IN SESSION

FIRST CONGRESS IN 10 YEARS IN COMPLETE ACCORD WITH THE PRESIDENT ELECT.

MONDELL RE-ELECTED LEADER

Kitchin Becomes Democratic Leader, by Virtue of His Nomination for the Speakership.

Washington.—The 67th congress assembled promptly at noon at the call of President Harding for its first session, expected now to continue until fall.

This congress is the first controlled by the republicans to meet under a republican administration in a decade. The senate previously had been organized at its special session, which began last March 4, but the house proceeded to its organization by re-electing Speaker Frederick H. Gillett, of Massachusetts, over Claude Kitchin, of North Carolina, the democratic candidate. The vote was on strictly party lines and Mr. Gillett was elected.

Frank W. Mondell, Wyoming, was re-elected republican leader while Representative Kitchin became the democratic leader by virtue of his nomination for the speakership.

Nearly all of the 435 members were present for the opening. The crowded house galleries broke into applause when Miss Alice Robertson, republican, of the second Oklahoma district, the only woman member of congress, came on the floor.

Senate galleries also were crowded, the overflow extending far outside of the doors. Seventy-eight senators answered the roll call after the president's proclamation calling the extra session had been read.

GLOOMY VIEW OF TRADE SITUATION

THE BUREAU OF FOREIGN AND DOMESTIC RELATIONS HAS ISSUED STATEMENT.

DISAPPEARANCE OF OPTIMISM

Commercial Agent Dennis Says That the Business Depression in Great Britain Has Largely Increased.

Washington.—Financially and economically the situation throughout the world improved but little during the month of March, with few signs of better conditions to come, according to cabled summaries for the month received by the Bureau of Foreign and Domestic Commerce from its trade commissioners and commercial attaches in foreign countries.

In Europe tight money, unemployment and unsatisfactory industrial and shipping conditions were in evidence while some declines in prices and slight revival of building activities were noted. In the east the situation was described as somewhat easier, while in South America conditions were reported as practically unchanged from the previous month.

Commercial Attache Dennis reported that the business depression in Great Britain had increased owing to the perspective failure of an early settlement with Germany on the reparations question. Optimism that prevailed in the cotton textile industry has been dissipated, he declared, both by the increase in customs tariff of British India and a further decline in the price of silver.

American imports into France continue to show marked reductions, Commercial Attache Huntington at Paris informed the bureau.

INDIGESTION AND CONSTIPATION.

"Prior to using Chamberlain's Tablets, I suffered dreadfully from indigestion. Nothing I ate agreed with me and I lost flesh and ran down in health. Chamberlain's Tablets have strengthened my digestion and cured me of constipation," writes Mrs. George Stroup, Solvay, N. Y.

Everyone who has a washing machine ought to have one of our Washing Machine Drainers that will automatically drain the machine whenever it is conveniently near a faucet. Write us for circular. Also one of our Little Giant Clothes Reels, which does away with the unsightly clothes line and really is more or less of an ornament than an eyesore such as the usual way of hanging out clothes is. Write for circular and price.
