Local Briefs.

The weather is so bad that nobody
goes about, and news is decidedly
scarce.

The board of county commission-
ers have elected Dr. T. B. McKinstry
physician to the poor.

Will the *News* and *Courier* kind-
ly give us a rest on the Princess Louise
and her party? We are weary.

Dr. T. C. Robertson, of the firm
of Jones & Robertson, of Rock Hill,
was in town on Thursday and Friday.

The Frick Engine is ac-
knowledgeed to be the best engine
made. Sold by R. J. McCarty & Co.

Major Jas. R. Scott and W. S.
Monteth, Esq., of Columbia, have
been in town this week, on profes-
sional business.

There seems to be of late a slight
decrease in the number of petty crimes,
and the trial justices are not quite as
busy as usual.

Dr. Hanahan and Mr. J. W. Han-
ahan returned on Friday from the
meeting of the Grand Lodge of Odd
Fellows at Graniteville.

The "Domestic" sewing machine,
sold by Messrs. J. M. Beatty & Co., is
in every respect one of the very best
in the market. It certainly has no
superior.

The board of county commission-
ers will meet again on the 31st inst.,
when they will receive proposals for
furnishing the poor house with sup-
plies this year.

Mrs. Mary Brawley, the grand-
mother of Wm. H. Brawley, Esq.,
former solicitor of this circuit, died in
Chester on Thursday in the ninety-
ninth year of her age.

When the proposed night schedule
goes into effect, there ought to be a
special train run, to give Winnsboro
people a chance to go to the depot.
Most of them go there at train time.

The following are the Fairfield
appointments of the Rev. A. M. Chrit-
tenden, Presiding Elder of the Columbia
District, for the first quarter: Winns-
boro, February 21; Monticello, Feb-
ruary 24 and 25.

DEATH OF MRS. MULLICHAMP.

The many friends of Mrs. P. C. Mel-
lichamp, daughter of Mr. Edward P.
Mobley, will be pained to learn of her
death, which took place on Thursday
last. We have heard no particulars.

POSITIVE NOTICE.

Those that are indebted to the undersigned for dental
work done in good faith will now
please come forward and settle at once.
I have given ample time, and now re-
quest prompt payment, as money I
need, and money I must have, to meet
my obligations. "A word to the wise."

I. SIMPSON, Dentist.

GOOD ROADS.

This is the season of
the year which gives the traveling
public by private conveyances a proper
idea of the value of good public high-
ways. Owing to bad roads travel is
almost entirely suspended in some
sections during the winter months, and
trade is very much interfered with.
Those interested should make a note of
it now, and "tie a string around their
finger," so that when road-working
time comes every highway in the coun-
ty shall be put in such thorough repair
that travel and traffic may go on un-
interruptedly all the year round.

THE SOUTHERN CULTIVATOR.

The January number of this standard agri-
cultural publication is on our table.
It is, perhaps, ahead of any other
number in general interest. In its
pages are treated all matters pertain-
ing to the success, comfort and happi-
ness of the farmer. The publishers are
doing what nearly all the proprietors of
Southern publications have failed to
do, namely, employing the best writ-
ers in the South to contribute to its
columns. And they are thus making
the most entertaining agricultural
journal ever furnished the Southern
people. The January number has the
usual able contributions from Dr.
Jones—his "Thoughts for the Month";
and the entertaining "Inquiry Depart-
ment;" articles on "Preparing Cotton
for Market," "Crop Eaten Law," "Railroads
and Right of Way," "Farm Tenants," "In-
tensive Farming," "Jute in the South,"
"The Sugar Cane Question," "Stock and
Dairy Departments," "Bill Arp's Inim-
itable Letter," four full pages of Cor-
respondence directly from the farmers,
Biographical Sketches and Portraits of
Senator Barrow and Major Campbell
Wallace, a full discussion of Fish Cul-
ture, and the Patrons of Husbandry
Department. The enumerated articles
are only a small portion of the con-
tents. It is a paper well worth the
price, \$1.50 per year, or ten copies one
year for \$10.00. Address Jas. P. Har-
rison & Co., Atlanta, Ga.

RANSOM RETURNS THANKS.

The following is the text of Senator Ransom's
telegram to the Democratic caucus of
the North Carolina Legislature, for his
unanimous recommendation: "From my
heart I thank the Democratic caucus
for the great honor bestowed on me.
I have no words to express my deep
sensitivity to the members of the Leg-
islature, and the people of North Car-
olina, for their continued confidence.
I pray that God will give me strength
and virtue to do my duty to the State
and country."

Nothing builds up shattered constitu-
tions so quickly as B. W. W. Iron Bitters.

SCHOOLS FOR THE NEGRO.

Proof Strong as Holy Writ that the White
People of South Carolina do Deserve the
Education of the Blacks.

From the *News* and *Courier*.

COLUMBIA, January 18.—The official
records show that the corresponding of
the *New York Sun* has not only "made
a fool of himself," but that he has also
not told the truth. His statement that
the South Carolina Democrats do not
want to educate the negro is a base
and malignant fabrication. Almost
the very first act of the Democrats
after regaining control of the State
Government in 1876 was to submit a
constitutional amendment to the peo-
ple for the "levy of an annual tax of
not less than two mills on the dollar of
all the taxable property" in the State,
to be "paid out exclusively for the
support of the public schools." In
addition to the amount realized from
this source the entire poll-tax receipts
go to the support of the public schools,
and in various sections special levies
are also made for the same purpose.
Much of the largest portion of the
taxes for the support of the public
schools is paid by the white Democratic
property-holders of the State, and is
paid out for the instruction of the chil-
dren of the State without regard to
race or color, under precisely the same
conditions as the white children attending
the public schools. In 1880-81 there
were 80,575 negro children in our public
schools, an excess of 15,176 negro
pupils over the number of white pupils.
In 1881-82 the amount expended for
the education of negro children was
\$253,811.25, or \$47,804.40 more than
was expended during the same period
for the education of the white children.
These are stubborn facts. Mr. Wilke-
son should correct his injurious state-
ments or apply for a staff appointment
on the *Boston Herald*, although the
paper which he represents is known to
many New Yorkers as "the lying
Sun."

BARNWELL.—The Barnwell People
is quite excited because of the com-
pletion of the Barnwell Railroad, and
the establishment of a telegraphic line
connecting Barnwell with the outer
world. It predicts that "within ten
years Barnwell will become the pret-
tiest and most prosperous town in
lower Carolina."
