New Advertisements. Winstboro Hotel Bar. Notice—W. H. Ruff, President. Drugs—McMaster, Brice & Ketchin. Citation—S. R. Johnston, Judge of Probate.

A Rare Chance for the Ladies—Q. D. Williford & Co.

Local Briefs.

—And now the cry is too much rain. —Read the new advertisement of the Winstboro Hotel Bar in this issue. —Some of our citizens attended the picnic at Bethel Church on Saturday. They report a pleasant time.

—The Town Council is having the weeds on the sidewalks cut and the streets are decidedly improved. —Our friend Dr. W. D. Bratton, has removed from Portland, Oregon, to Chicago, Ill., where he will be located.

—All who want invitations to the ball to send to their friends can get them by applying at the office of Dr. D. Aiken. —Little Edwin, son of Mr. J. E. McDonald, fell from a home-made flying jenny Tuesday and was slightly cut about the head.

—The rainfall for the past three days up to Friday morning was 1.60 inches, and the highest temperature in the same period was 68°. —Mr. T. J. H. Jones, of Longtown, had a slight stroke of paralysis on Saturday. We are glad to hear that at last accounts he was doing well.

—Linen dusters seem to be the rage with some of the clerks. All they need in addition is a big sun flower, and Oscar Wilde would recognize them as brothers. —Monday being the first of June, the majority of the stores in town closed at six o'clock. This rule will hold until September first. Now boys play ball.

—The jail is filling up rapidly, and consequently the Sheriff is happy. He has accommodation for a few more boarders and will be glad to entertain any that may come. —We have received from Messrs. A. K. Robbins & Co., of Baltimore, notice of the shipment of the machinery for the Ladies' Canning Factory. It will arrive in a few days.

—In anticipation of the arrival of the new railroad and the increase of travel caused thereby, Mr. Geo. H. McMaster is renovating and painting the interior of the Winstboro Hotel. —In conversation with some of our farmers near town, we learned that the oat crop is the finest they ever had. Mr. J. W. Bolick and W. R. Doty report their crops as something extra.

—William Brice, colored, who was committed to jail on Friday charged with assault and battery of a high and aggravated nature was released Monday on his giving bail for his appearance at Court. —The weather bureau hit it right Wednesday. "Rain and colder" was the prediction, and rain and colder it was. Several overcoats were seen on the streets, and towards night fires were very comfortable.

—At the close of preaching on Sunday morning at the A. R. P. Church, the following gentlemen who have previously been elected deacons, were installed: J. M. Galloway, Saml. Cathcart, Jr., A. B. Cathcart and H. E. Ketchin. —We learn that Ridgeway was visited Tuesday night with a very heavy rain, accompanied by a severe hail storm. The hail was confined almost to the limits of the town, and crops in the country were not injured thereby.

—The steam riding gallery is attracting attention, as it is something of a novelty to the small boy and the colored brother, who seem to enjoy it immensely, and a great many loose nickels find their way into the pocket of the proprietor. —Q. D. Williford & Co. announce in to-day's issue that they will, beginning with to-day, offer for a few days only in their military room a line of ladies' underwear that they wish to close out at cost. As this sale lasts only a few days call early.

—We are in receipt of a very handsomely gotten up invitation to the celebration of the Preston and Calhoun Literary Societies of Wofford College, which takes place on June 14, 15 and 16. Mr. W. S. Hall, of this county is a member of the senior class. —Mr. R. H. Jennings and Capt. J. N. Withers attended the picnic at Bethel on Saturday. When we heard they were going we were apprehensive about the ability of the rats to hold out, but as these gentlemen were not in good eating trim there was enough and to spare.

—Lizzie Heath and Jane Rosborough were committed to jail on Tuesday afternoon by Trial Justice Bueschel, charged with housebreaking. These are two of the parties charged with breaking into the house of N. C. Matthews at White Oak, reported in our last issue. —The County Medical Association met in Winstboro on Monday. There was a good attendance of the members. Matters of interest to the medical profession were discussed. Dr. W. F. Mitchell was appointed to read an essay at the next regular meeting of the Association on the first Monday of September next.

—McMaster, Brice & Ketchin's space in this paper, usually devoted to their other department, is filled to-day with facts relating to their drug department. Their stock in this line is complete, prescriptions carefully compounded, and a full line of all kinds of drugs, medicines, seeds, paints, oils, etc., always on hand. They keep a good cigar also. —Stephen Brice, colored, living on Mr. E. E. Brice's place, near White Oak, dropped dead in the field on last Friday. He had gone to his work

after eating dinner and had just started to hoe when he was seen by his wife to throw up his hands and fall to the ground. When his wife reached him he was dead. He was about seventy years old, and it is supposed that heart disease was the cause of his death.

—Silas Paulding and Preston Paulding have been charged with robbery by William Jackson. Jackson charged them with stealing fifteen dollars from his person. Preston Paulding has been arrested and lodged in jail. Silas is still out. He is also wanted on a warrant charging him with assault and battery of a high and aggravated nature.

—The Edisto fishing party returned on Thursday morning. They are not saying much as to their trip. We presume they want to get together and fix up a story that all will agree on. We learned this much, however, that the car containing their provisions did not arrive at the fishing grounds until the day they left, and consequently they had no boats to fish from and nothing to eat. They managed to catch enough fish, however, to keep the wolf from the door. They say they caught enough to eat, but brought none home. Mr. Connor is credited with catching the biggest fish.

—The closing exercises of the Fairfield Normal Institute (a colored school in charge of the Rev. I. D. Davis) were concluded on Thursday night with an entertainment in the Theban Hall. The entertainment consisted of recitations, dialogues and music, and it was highly enjoyed by those present. Parts of the programme were very well rendered. There was a large attendance of the colored people, and few whites occupied seats reserved for them. Good order was preserved throughout, and altogether it was a very creditable affair.

—A party, consisting of Messrs. J. E. McDonald, J. W. Seigler, J. H. Cummings and W. G. Jordan, left on Tuesday morning for Killians on a fishing frolic. They tried all the ponds in the neighborhood, and even went over into Kershaw County. They came home on Wednesday morning, and won't tell what they did. We presume they are reserving their fish stories until they hear from the other crowd, as this party consisted of the entire staff of commissioned officers of the Gordons, and as the Gordons can't be drowned, there is no use for the other crowd to try. We are banking on the Killians crowd telling the biggest.

—The children's contribution to the Davis monument will not, of course, include the faults to be raised by the grown people. PICNIC POSTPONED.—Owing to the fact that arrangements for transportation to Rockton have not yet been completed, the picnic is postponed. The day will be set as soon as arrangements are completed.

LECTURE AT MR. ZION.—The Rev. R. Herbert Jones delivered an address on Friday last before the scholars at Mt. Zion College. His subject was "Success," and was highly enjoyed by those present, and it is to be regretted that more of the friends of the college were not present.

ONE OF FAIRFIELD'S SONS.—Dr. J. L. Thompson, who is at present in charge of the State Lunatic Asylum, is a native of Fairfield County, having been born and raised in the New Hope section. Governor Tillman could not do a better thing than to make Dr. Thompson's appointment a permanent one.

DEATH.—Mrs. Thompson (mother of Dr. J. L. Thompson) who has recently been appointed Superintendent of the Asylum, died on Saturday at her residence in the New Hope section of this county. She had reached nearly four score years at the time of her death. Dr. Thompson went up on Sunday to attend the funeral.

A NORTH CAROLINIAN'S OPINION OF HAMPTON.—The following extract from a letter written by a citizen of North Carolina to a gentleman in Winstboro speaks for itself: "Did you go to Columbia to hear that old Roman make his last effort to the people for whom he has done so much? His treatment will ever remain a burning disgrace to South Carolina. Dear Hampton, every one in this State loves him."

MORE BOARDERS FOR THE SHERIFF.—Constable D. W. Aiken brought to town late on Friday afternoon Martin Brice, Charles Coleman, Eliza Brice and William Brice, all colored, charged with committing an assault of a high and aggravated nature on one Luke Sawyer. They were committed by Trial Justice J. S. Douglass. After arriving in town Martin and Eliza Brice were admitted to bail by the Clerk of the Court, and the other two went to the "Hotel Milling."

A CHANGE SUGGESTED.—A "suggestion" has been sent to this office to the effect that a slight change be made in the offices of the Court House Ring. The "suggestion" is that the office of Post Laureate be created, and filled by the election to that position of the gentleman who now holds the office of Keeper of the Keys. The following specimen of his work received by a gentleman in town will show his qualification for the position: Dear Brother: Find enclosed a check to meet my obligation. Which, though small, will not, I reck, arouse your indignation. We second the motion.

The plan for the children to raise a contribution for the Davis monument is fully explained on the editorial page. PERSONAL.—Mrs. J. L. Reynolds, arrived from Charleston on Wednesday. Mrs. G. W. Shell, of Laurens, arrived on Wednesday on a visit to her daughter, Mrs. S. B. Crawford. Mr. D. A. G. Outz, traveling agent of the Charleston World, was in town on Wednesday.

Rev. J. W. Murray, of the Fairfield Circuit M. E. Church, South, was in town on Tuesday. Mrs. E. J. Peck left for her home in Yorkville on Friday. Mrs. and Mrs. W. H. Ruff left on Thursday for their home in Ridgeway. Mrs. Guldsmith, of Charlotte, N. C., and Miss Hechster, of New York city, have been on a visit to the family of Mr. Sugenheimer. They left on Friday for New York via Charleston.

F. H. McMaster, Esq., of Columbia, paid the Boro a flying visit on Saturday. Mr. T. H. Davis, of Killians, was in town Saturday and Sunday. Mr. Clem Jordan is home on a visit to his parents Dr. and Mrs. D. G. Jordan. Miss Agnes Rice, who has been on a visit to her sister Mrs. J. F. McMaster, returned home on Saturday.

B. L. Abney, Esq., of Columbia, was in town on Saturday on professional business. Miss Mary Withrow has returned from Florida. Capt. E. M. Wilson spent a few days in town last week. Mr. McBride Smith is spending a few days in town. His friends were glad to see him.

Mr. and Mrs. Holbrook Rion and children have gone to Amherst, Va., on a visit. Mrs. Hartly and son, of New York, are visiting the family of Mr. H. B. Refo. Mrs. J. F. McMaster left on Monday for a visit to Union, S. C.

Miss Carrie Cathcart, of Columbia, is visiting the family of Mr. S. B. Crawford. Mrs. E. B. McMaster left on Monday for a visit to her daughter, Mrs. Chapman in Middleborough, Ky. Mr. A. W. Timpan paid a brief visit to the family of Mr. John P. Matthews on Sunday.

Mr. W. J. Elliott spent Sunday with his family. Weather Report for May. Monthly mean temperature, 7 a. m., 63. Mean temperature, 2 p. m., 78.7. Mean temperature, 9 p. m., 71.2. Children Cry for Pitcher's Castoria. AGRICULTURE AND AGRICULTURISTS ABOUT GLADEN'S GROVE. J. M. G. GLADEN'S GROVE, May 30.—Special: Some farmers are complaining of not having a perfect stand of cotton yet, and replanting will be necessary on clay lands.

We had a splendid rain on the 27th which put Watercre creek out of its banks; no damage done of any consequence. Spring oats are doing their best, but will be poor at best. Rev. A. M. C. Pittman has a large crop of cotton planted, about 200 acres as reported by Jas. Gladden who attends his business. Corn is looking well and will make a good crop if rains continue.

Cotton is not doing well on account of too much cool weather. Farmers predict a poor crop year, but that word poor you don't hear nothing else, for the farmers will complain don't care how much they make. We have plenty of time to make a pretty fair crop—rain and hard work will tell at gathering day.

For Over Fifty Years Mrs. Winslow's SORBOLOO Syrup has been used for over fifty years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, always all pain, cures wind colic, and is the best remedy for Diarrhea. It will relieve the poor little sufferer immediately. Sold by Drug-gists in every part of the world. Twenty-five cents a bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind.

CEDAR CREEK NEWS.

Too Much Rain.—Abundance of Sweet Potatoes Planted.—Persons—Peter Bird's Milch Cows in Demand. J. P. B.

CEDAR CREEK, S. C., June 1.—Special: Rain, rain, grass, grass, is the topic at present. Farm work has been retarded several days on account of the recent wet spell. We have good stands of cotton at last. Oats are doing well.

A great deal of drawing and setting out sweet potatoes has been done since the wet spell. Miss Jessie Robinson has been spending several days in Columbia. Mr. J. P. Broom left a mule hitched to a buggy, and the mule became frightened and smashed the vehicle.

Mr. D. S. B. was presented with a pair of babies the other day. Wm. Brown, of Lexington, spent several days in this section. Mr. Jas. Brown has moved into this neighborhood. He will superintend the saw mill of G. Y. Langford.

Mr. W. A. and J. T. Valentine's families have been quite sick, but are convalescent. Wedding bells will be soon sounded down near the Richland line. John has won the prize. There was a union meeting held at Sandy Level on Saturday, and Sunday.

We want one of Peter Bird's fine milch cows regardless of price. "Tired and the Time." Say many men and women, who seem overworked, or are debilitated by change of season, climate or life. If you could read the hundreds of letters praising Hood's Sarsaparilla which come from people whom it has restored to health, you would be convinced of its merits.

As this is impossible, why not try Hood's Sarsaparilla yourself and build up your system, give you a good appetite, overcome that tired feeling and make you feel, as one woman expresses it, "like a new creature."

JOTS FROM JENNINGS. Crop Condition.—Religious Services.—Personal Mention.—Children's Day at Bethel.—Death of an Infant. E. T.

JENNINGS, S. C., May 25.—Special: Cotton looks very well but poor stand. Fall oats very good. Spring oats needing rain. Upland corn small but in a growing condition.

The Rev. W. R. Brice preached at Crooked Run on last Sunday. He will serve that church the remainder of the year. Mrs. C. E. Lethner, Claude Lefner and Miss Mamie Edwards, of Marion, were visiting here last week.

Miss Ella Doty, of Winstboro, and Mr. Willie Glenn, of Columbia, are visiting here at present. We wish them a pleasant visit. Mr. J. A. Jennings, of Columbia, is up on business.

Miss V. C. Trapp has returned home after a visit of some weeks to her sister, Mrs. J. P. Brooks. Miss Lula Trapp is visiting relatives at Rion. The Bethel Sunday School will hold its children's day on next Saturday. We anticipate quite a pleasant time.

An infant child of Mr. George Scott was buried at Bethel Church on last Monday. The funeral was conducted by the Rev. Mr. Murray. Parents will please see that their children hear of the suggestion as to the Davis monument.

ROCK CITY ROCKS. A Big Time for the Picnickers.—An Accident to a Mule and Wagon, and Other Events at the Quarry. C. R. C. G.

RION, S. C., May 30.—Special: We expect to see a big time here on the 4th, as preparations are being made for the picnic party. The quarry has been at a standstill and the store closed owing to the officials (and boarders at the Hotel de Sutton) being out hunting eggs to make the sweet cake which they are going to treat the picnic party with. The visitors may look out for Hotel de Sutton.

A slight accident occurred here about two weeks ago. A mule and wagon belonging to the Winstboro Granite Company, after a run from Rockton, was hitched in front of the quarry store, but the mule getting tired of the long stand he got there, broke loose and made for his stable, but before he reached there he was minus the wagon, all but one-half shaft. The wagon being pretty badly smashed up it was gathered together two or three days later and sent to the shop to be rebuilt. The mule received no bruises.

Mr. David Marr received a rather severe bruise on one of his fingers while working to-day, and John Humphries received a bruise at work somewhat similar to that of Mr. Marr's, but it is hoped they will not be detained from work. Mr. John Wellig, of Ridgeway, is here on a visit to his brother, but owing to the dullness at the quarry at present he feels as if he was lost, and he will no doubt return home soon.

Mr. John C. Feriman, Albion, Illinois, writes on January 16th, 1891: "My wife has been a great sufferer from headaches for over 20 years, and your Bradycrine is the only medicine that has ever relieved her. I can get you all the recommendations you want from here. We take great pleasure in recommending it on all occasions."

CENTREVILLE DOTS. Condition of the Crops.—Rain.—Sudden Deaths.—Personal. SOS POP. DOD. CENTREVILLE, May 25.—Special: Some of the farmers around Centreville are through chopping cotton. March corn is looking fine, gardens are not looking so well. The dry weather prevented transplanting in time. We are needing some rain again, which I think we will get before many hours.

In the midst of life we are in death. There were two deaths around here. "Vile" last week. On the 17th inst. Mr. Glenn Peak's youngest child, little Linder, died. It was sick only a few days. To the bereaved family we extend our heartfelt sympathies. On Saturday night last, Mr. Thos.

H. Miles was taken away very suddenly. While eating his supper he dropped dead without a moment's warning. His remains were laid to rest in the family burying ground at Smyrna Church. May God graciously comfort the bereaved ones and prepare them for a happy meeting beyond where parting is no more.

Mr. Charles McCreery, of Columbia, paid us a visit last Tuesday. Mr. J. S. McKay went flying through the "Vile" in a road cart yesterday with his best girl. They said they had started to Smyrna for preaching, but I think it was more for pleasure than for preaching.

Mr. D. G. Sutton was thrown from his horse one day last week, but fortunately was not seriously hurt. We have preaching at Blooming Dale Church every third Sunday by Rev. T. W. Mellichamp.

If every child under seventeen years of age in the South would give five cents, what a magnificent monument could be erected to the memory of Jefferson Davis.

PICNIC AT BETHEL CHURCH. T. B. M. MOSSY DALE, S. C., June 1.—Special: We had quite an enjoyable occasion on last Saturday at Bethel Church, it being celebrated as children's day, joined in by the Sunday schools and congregations of Green Brier, Horeb and Crooked Run churches. The crowd commenced gathering about 10 o'clock and by 12 o'clock there were about three hundred.

The services were opened by religious exercises and some fine music, conducted by one of our old neighbors formerly, but now of the capital city, Winstboro, R. H. Jennings. There were several interesting addresses made, the first of which was delivered by Mr. R. H. Jennings, which was de- viced in his usual happy style, and reminded us of the olden times. It was specially directed to the children, and a few shells thrown into the camp of the young men and some older ones too.

He was followed by one whom he represented as quite a young man, who had only passed a few summers and who turned out to be our venerable old friend, Capt. I. N. Withers, of your city. While he has a venerable appearance, he manifested all the vigor of youth in his address. He impressed all very forcibly with his theme, "The Missionary Cause," and what is expected from the young men and girls in the near future. He can verily be called the silver-tongued orator of Fairfield.

He was followed by a short address by the pastor, Rev. J. W. Murray, all of which was well timed and very appropriate. Next came the dinner, which was spread near by in the grove, which consisted of picnics and hash. There was three hundred pounds of beef cooked in the hash. The hash pots were presided over by Capt. Jas. Mann and Capt. Perry, and if a vote on hash had been taken they would have received a unanimous vote. Everything passed off very pleasantly.

The vocal organs are strengthened by the use of Ayer's Cherry Pectoral, a public speaker and this preparation the most effective remedy for irritation and weakness of the throat and lungs, and for all affections of the vocal organs.

ETCHED FROM FEASTERYVILLE. Rain has Given Good Stands of Cotton and Oats Slightly Damaged.—Deaths at Mossy. Traveller.—Death of Mrs. Thomas Gibson. R. R. J.

FEASTERYVILLE, May 27.—Special: We are having a quantity of rain at present and General Green has already made his appearance and his growth will doubtless be greatly augmented by the showers of rain that have fallen recently. Some of our neighbors are done chopping out cotton, and some have not yet commenced. Stands of cotton were very poor until the first rains some time since, which brought forth good stands everywhere. One of our neighbors planted some of his cotton over again, and next morning he had a good stand; as anyone tell how he got a stand so soon after planting?

The oats crop has been damaged to some extent on account of the heavy rain. Spring oats have grown considerably since the first rain. Upland corn is looking tolerably well. Very little wheat sown in this section. The health of the community has not been very good recently.

Mr. H. D. Coleman has been sick with chills and fever. Mrs. J. W. Gibson has been very sick recently. Mrs. T. D. Owings is unwell at present.

Specimen Cases. S. H. Clifford, New Cassel, Wis., was troubled with Neuralgia and Rheumatism, his Stomach was ordered, his Liver was affected to an alarming degree, appetite fell away, and he was terribly reduced in flesh and strength. Three bottles of Electric Bitters cured him.

Edward Shepherd, Harrisburg, Ill., had a running sore on his leg of eight years' standing. Used three bottles of Electric Bitters and seven boxes of Bucklen's Arnica Salve, and his leg is sound and well. John Spoker, Catawba, O., had fire large Fever sores on his leg, doctors said he was incurable. One bottle Electric Bitters and one box Bucklen's Arnica Salve cured him entirely. Sold by McMaster, Brice & Ketchin.

Needling a tonic, children that want bedding up, should take BROWN'S IRON BITTERS. It is pleasant. It cures Malaria, Indigestion and Biliousness. All dealers keep it.

ANTER'S MAGIC CHICKEN Cholera Cure! Image of a rooster.

Thousands of dollars worth of chickens are destroyed by Cholera every year. It is more fatal to them than all other diseases combined. But the discovery of a liquid remedy that positively destroys the Microbes has been made. Half of the young chickens are killed by Micro before they are fryers. A 50-cent bottle is enough for 100 chickens. It is guaranteed. If, after using two-thirds of a bottle you are not satisfied with it as a cure for Cholera, return it to the druggist from whom you purchased it, and he will refund you your money.

About the Crops and the People.—The Alliance Delegates Report a Big Time in Chester. HIGH POINT. WHITE OAK, S. C., May 29.—Special: The farmers around here are once more wearing their pleasant smiles. We are getting an abundance of rain, abundance of cotton, and grass there is no end. Several have finished chopping out cotton and some have just begun. In places where it was chopped before the rains it looks as if there had never been a hoe in it.

A good many planted over, some replanted, all have plenty now but it is very late. It cannot make a full crop. Setting out potatoes and tomatoes is the go this wet weather. The fall oats are very fine and are nearly ready for the cradle; the spring oats have improved very much since the rains. Some of them will be very good and some that was sown on thin land cannot be harvested. Old corn is looking fine. Wheat is good but very little growing in this section. Gardens are backward, but looking very well. Watermelons promise well. There is no end to poultry.

The health of the neighborhood is tolerably good. There are spring diseases prevailing, principally among the children, though it is yet in a mild form. Trial Justice Buechel and his deputy, J. W. Bankhead, have been busy for several days searching for the stolen goods of Mr. M. C. Matthews that were stolen from his house several days ago. They have caught two and placed them in charge of Sheriff Milling. There are others implicated no doubt.

Communion services were held here in the A. R. P. Church on Sunday last. The pastor was assisted by the Rev. R. G. White from North Carolina, and a large congregation attended on Sunday.

Mr. R. B. Smith and Mr. Robert Stewart, of Longtown, paid our neighborhood a flying visit last Saturday. Misses Berlia Ligon, of Mossy Dale, and Carrie Stewart, of Longtown, are visiting in the neighborhood.

Messrs. J. M. Galloway, Jno. J. Neil, W. T. McDowell and R. E. Brice, of the White Oak Alliance, went up to Chester on Wednesday to attend the Congressional District Alliance, which was in session in that town. They report having a good time. They met prominent alliance men from all parts of the district and heard a magnificent address from the Hon. Ben Terrell. Altogether they report it was truly an allance day for Chester. Their hearty thanks are extended to their Chester brothers for their kind hospitality. Altogether Chester is a live, prosperous place. Long may she live and another such visit soon be made by your correspondent.
