THE Florida Alliance has decreased in membership from about 7,000 to 5,000. It has been engaged in a very lafter spending some time in this combitter struggie with Senator Cali, and this is bound to make breaches in its ranks. As the matter appears to us Widener's not long since, at which the Call was elected us Buttler was in 1876, by a majority of all the members of both houses but in the absence of a enorum of each house. The Act of Congress making provission for the Lumpkin have been quite sick recently, election of senator expressly provides but we are glad to say they are convoled valescing. that a majority of the joint assembly shall be sufficient to elect, it was man, Jr., who has been very sick, is expressly enacted to permit elections to be held whenever a candidate could rally a majority of the joint a majority party can be checkmated indefinitely by a minority party, if the latter has control of one branch of the Assembly.

In our opinion the enemies of Senator Call are conducting a losing fight. This is unfortunate for the public, and for the party that engages in a very questionable issue with every prospect of defeat before it.

The enemies of Call are not composed, exclusively of Alliance men, nor are all the farmers against him. But the lines are drawn generally in that way. We don't care much whether Call represents Florida or not, but we feel that after a very desperate contest he won, and the governer should give him his certificate. The best thing to do is not to go to Washington washing dirty linen there.

#### A View of the Field.

Gov. Campbell is making a rattling canvass in Ohio. His talks to the voters on the tariff are the brightest that we have seen reported in a long time.
