

LOCAL INTELLIGENCE

Wednesday, February 7, 1900

LOCAL BRIGGS.

—Money to loan. See advertisement.

—Read W. H. Fleischman's "strayed" advertisement elsewhere.

—See notice of annual meeting of the Farmers' Mutual Fire Insurance Company.

—A fine lot of males for sale by M. W. Doty & Co. Read their advertisement.

—Mr. W. H. Fleischman of our town gave a check for \$10,000 for a lot of cotton a few days past.

—Hunters of partridges and other game are referred to the trespass notice published elsewhere.

DeWitt's Witch Hazel Salve is unequalled for piles, injuries and skin disease. It is the original Witch Hazel Salve. Beware of all counterfeits. McMaster Co.

—No land was sold on Monday. Some personal property was sold under chattel mortgages, &c.

—The name of the postoffice which has been established at Gladden's Grove is Asa, and Mr. W. T. McCreary is postmaster.

—Mr. George Lauderdale, who purchased the cottage formerly occupied by Mr. T. T. Lumpkin, is having it remodeled and painted.

W. S. Philpot, Albany, Ga., says: "DeWitt's Little Early Biscuits did me more good than any pills I ever took." The famous little pills for constipation, biliousness and liver and bowel trouble. McMaster Co.

—On account of the irregularity of the regular trains local trains are being run by the Southern Railway. The locals carry passengers and baggage but no mail or express.

—News reached Winsboro on Monday that Mr. C. S. Brice, Sr., of Albion, was exceedingly ill. His friends throughout the country will deeply regret to hear this, and will hope to hear better news of him in a few days.

The One Day Cold Cure.

For colds and sore throats. Kermit's Chocolate Laxative Quinine. Easily taken as candy.

—The stockholders of the Fairfield Cotton Mills were made happy Friday by receiving a letter in which was enclosed a check for their first dividend of \$2 per cent on their stock. The stockholders expect great things from the mill in the future.

The two year sentence of Wm. Lyles, of Fairfield, convicted of manslaughter in February, 1899, was commuted to one year. Judge Gary stated that the provocation was great and that he had imposed the minimum sentence; he recommended the commutation.

—I had dyspepsia for years. No medicine was so effective as Kodol's Witch Hazel Salve. It gave immediate relief. Two bottles produced marvelous results," writes, L. H. Warren, Albany, Ga.

—The bicyclists in town are complaining of the great amount of broken glass on the streets. This endangers the tires of the wheels and as bicyclists are taxed the owners have a right to be protected by law. It is suggested that the council pass an ordinance to meet the case.

—Mr. D. M. Mobley, of Blackstock, will leave that place this week to accept a position with Messrs. Aiken & Dunlap, of Chester, to sell heavy groceries on the road. Mr. Mobley has been with Messrs. A. Macdonald & Co., of Blackstock, for seven years, and leaves them now because they contemplate some change in their business. Mr. Mobley's friends wish him every success in his new position.

Cure Cold in Head.

—Kermit's Chocolate Laxative Quinine, easy to take and quick to cure cold in head and sore throat.

—A bill has been introduced by Congressman Stokes to give free mail delivery to all towns, having as many as three thousand inhabitants or whose gross receipts amount to \$5000. Unfortunately Winsboro cannot be included in the list of towns that are to thus favored, but some of our neighboring towns, Chester, Rock Hill and Yorkville, are included. About eighteen towns can meet the requirements.

—From a letter received from Mr. J. G. Welling he informs us that the Colman's building at Crosbyville was destroyed by fire on the 26th. This was a two story building, the second story being used by the Masons and the first story for the school. The school has been under the charge of Miss Jennie Beatty, of Winsboro. The building was insured for one hundred dollars. There are occurred in the morning.

—The appointment of Mr. Porter McMaster, of Columbia, to a census clerkship is noted in Wednesday's State. Mr. McMaster stood the civil service examination in Atlanta shortly before Christmas and the result is his appointment to a clerkship, which is to take effect on February 1st. Mr. McMaster is a son of the late Col. F. W. McMaster and is well known here. His friends will be glad to learn of his appointment.

—The Lancaster paper report that cotton was selling there a day or two ago for 8 cents. The price has not risen as high as this here as yet, but it is what many are hoping for and are holding their cotton until it does bring 8 cents. Some even venture to hope for 9 and 10 cents but the majority of people who have cotton to sell would be satisfied with getting 8 cents, and would consider themselves fortunate to get that.

—The Diocese, the organ of the Episcopal Church in South Carolina, ends the year of its renewed existence with the February number and celebrates that even by changing its form for the better, by enlarging its borders, and, we trust, strengthening its stakes. An increase of one-third in size with no increase in price is a good step forward. May its progress ever be onward and its patronage upward.

—The Yorkville people are wondering who is to be their next postmaster. There are two applicants for the place, one a lady who is supported by Democrats and the other is a Mr. A. S.

SORE LUNGS

Sore lungs, pain in the chest and pain in breathing, the fore-runners of pneumonia, are far relieved and removed by the old reliable Dr. John W. Bull's Cough Syrup. It breaks up a cold in one night. Try it at once.

Dr. Bull's COUCH SYRUP

Will quickly heal Sore Lungs.

Does well and pleasant to take. Doctor recommends it. Price 25cts. At all druggists.

Withers, a Republican. The lady at one time held the office and gave entire satisfaction, the Enquirer states, and she stands some chance of being appointed. The Republican candidate will probably be the unsuccessful one however, as he is backed by strong Republican influence.

Geo. Barbe, Mendota, Va., says: "Nothing did me so much good as Kodol's Dyspepsia Cure. One dose relieved me, a few bottles cured me." It digests what you eat and always cures dyspepsia. McMaster Co.

—No land was sold on Monday. Some personal property was sold under chattel mortgages, &c.

—The name of the postoffice which has been established at Gladden's Grove is Asa, and Mr. W. T. McCreary is postmaster.

—That cracking headache.

World quickly leaves you, if you need Dr. John W. Bull's. Thousands of sufferers have proved their matchless merit for Sick and Nervous Headaches. They make pure blood and strong nerves and build up your health. Ease to take. Try them. Only 25 cents. Money back if not cured. Sold by McMaster Co., druggists.

The report recently submitted by the board of trustees of Clemson College shows the institution to be in a fine condition and doing splendid work. As the school increases in size the expenses grow heavier and a considerable amount is needed in addition to what is already appropriated to the college. The textile school which is under the charge of Mr. Means Beatty and which was but a short time ago established is making excellent progress and bids fair to be one of the most important departments of the college.

Postmaster Rion has handed us the following for publication:

Middleburg, Pa., Jan. 28, 1900.

Dear Sir—Would you be kind enough to make inquiry about a man by the name of James Williams. Should any of his friends live near tell them to write to me; it may be to their interest. James Williams is a man of about 50 years of age, and was a soldier in the war of 1861-65. Address, Mrs. Rosy E. Specht, Middleburg, Snyder Co., Pa.

MRS. JANE HERRON DEAD.

Mrs. Jane Herron died at the home of Mr. W. J. Elliott, near Columbia, on Friday night. She had the grip, which developed into pneumonia.

Mrs. Herren was the widow of the late Robert Herren and was 74 years of age at the time of her death. Funeral services were held at Mrs. Elliott's on Saturday night by Revs. Knox and John O. Wilson, and the body brought to Adger's on Sunday and buried in Rock Church cemetery by the side of her husband. She leaves one son, Mr. W. J. Herren, and two granddaughters.

The greatest danger from colds and grippe is their resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. It will cure a cold or an attack of a grippe in less time than any other treatment. It is pleasant after blinding and choking the unfortunate who ventured out. Although the temperature was about twelve degrees higher than on Tuesday morning the weather was far more disagreeable, calm, cold weather being vastly preferable to the windy days we have so often in winter.

—On Monday night the warehouse of Mr. R. T. Fowell, of Rock Hill, was burned. The warehouse contained about 550 bales of cotton, all of which is supposed to have been imported. There were about 80 bales of cotton belonging to Messrs. T. H. Elliott and J. L. Robinson.

Persons calling for the above letters will please say they are advertised.

Preston Rion, P. M.

"After doctors failed to cure me of pneumonia I used One Minute Cough Cure and three bottles of it cured me. It is also the best remedy on earth for whooping cough. It cured my son for three years of whooping cough," writes Jno. Berry, Lexington, Pa. It is the only harmless remedy that gives immediate relief. Cures coughs, colds, bronchitis, and throat and lung troubles. It prevents consumption. Children always like it. Mothers endorse it. McMaster Co.

Uncashed Letters.

The following is a list of letters remaining unclaimed in the postoffice at Winsboro, February 5, 1900:

Rev. Elder E. H. Earit.

Mrs. Emma Howell.

Mr. William Jones.

Mr. Charley Scott.

Mrs. Baker Thomas.

Tho. Walker.

Persons calling for the above letters will please say they are advertised.

Preston Rion, P. M.

"After doctors failed to cure me of pneumonia I used One Minute Cough Cure and three bottles of it cured me. It is also the best remedy on earth for whooping cough. It cured my son for three years of whooping cough," writes Jno. Berry, Lexington, Pa. It is the only harmless remedy that gives immediate relief. Cures coughs, colds, bronchitis, and throat and lung troubles. It prevents consumption. Children always like it. Mothers endorse it. McMaster Co.

WINSBORO'S PROGRESS.

The Fairchild County Seat Keeping Up With the Progress.

The State, Jan. 28.

In reply to an inquiry if Winsboro was in line with the progress of other towns in the State, Representative Jno. G. Mobley yesterday said:

"Winsboro is improving in business and growing in population. A well equipped cotton mill under efficient management has been established and operates 5,000 spindles and 210 looms, manufactures 2,500 bales of cotton and has a capital stock of \$102,000. It is expected that the capital will be doubled in the near future.

"Many worthy white farmers have taken positions in the mill, and casual glance at the men employed there will convince anyone who has seen cotton mill operatives that they compare favorably with those of any other mill in the South.

"The business men of Winsboro are substantial and energetic. The bar has always been noted for legal ability and integrity, and hold that reputation with pride.

"The Fairfield Oil and Fertilizer Company does a large business and has in connection with the oil mill a first-class gunnery and roller mill which has added much to the convenience of the farmers and stimulated the planting of wheat.

"The educational advantages are excellent. The Mount Zion Institute, under the able management of Prof. W. H. Withrow, is doing a good work. It has a most enviable reputation and has tutored some of the ablest men who have ever figured in the history of our State. They often refer to the school as the 'light on the hill.' The Mt. Zion Society is probably the oldest chartered organization now in existence in our State outside of the city of Charleston. It was organized over one hundred years ago.

"The society is of inestimable benefit to Winsboro and to Fairfield county. Its members are ever jealous and proud of its existence, and whenever they think that the society is on the wane have a general revival of interest and renew its life.

"Winsboro is healthy, the natural drainage excellent and the water pure."

A Convincing Answer.

"I hobbed into Mr. Blackman's drug store one evening," says Wesley Nelson, of Hamilton, Ga., "and he asked me to try Chamberlain's Pain Balm for rheumatism which I had suffered for a long time. I told him I had no faith in any medicine as they all failed." "Well if Chamberlain's Pain Balm does not help you, you need not pay for it," I said. "I took a box of it home and used it according to the directions and in one week I was cured, and have not since been troubled with rheumatism." Sold by McMaster Co., druggists.

INFORMATION FOR TAXPAYERS.

The following letter from the Comptroller General to County Auditor:

Richmond, Va., Jan. 27, 1900.

Mr. J. L. Richmond, County Auditor:

Dear Sir—In writing up your duplicate for 1900, please observe the following:

1st. Require a tax return in due form from all taxpayers. Do not accept a return that says "Same as last year, or no change in property."

Where the party desire to send return by mail, let him make return under oath before a magistrate or notary public and transmit by mail.

2nd. Before entering a name on your duplicate, check the returns by the duplicate of 1899 and see who have failed to make return, or if they are in another school district or township.

Mr. W. M. Postick spent a few days in town this week.

The One Day Cold Cure.

Kermit's Chocolate Laxative Quinine. As easy to take as candy. Children like candy.

SCOTT'S EMULSION OF COD LIVER OIL WITH HYPOPHOSPHITES OF LIME & SODA.

Thin, pale, anæmic girls need a fatty food to enrich their blood, give color to their cheeks and restore their health and strength. It is safe to say that they nearly all reject fat with their food.

SCOTT'S EMULSION OF COD LIVER OIL WITH HYPOPHOSPHITES OF LIME & SODA.

WITH HYPOPHOSPHITES OF LIME & SODA.

INFORMATION FOR TAXPAYERS.

is exactly what they require;

it not only gives them the im-

portant element (cod-liver oil)

in a palatable and easily di-

gested form, but also the hypo-

phosphites which are so valua-

ble in nervous disorders that

usually accompany anæmia.

SCOTT'S EMULSION is a

fatty food that is more easily

digested than any other form

of fat. A certain amount of

flesh is necessary for health.

You can get it in this way.

We have known per-

sons to gain a pound a

day while taking it.

Thin, pale, anæmic girls

need a fatty food to enrich

their blood, give color to

their cheeks and restore

their health and strength.

It is safe to say that they

nearly all reject fat with

their food.
