

CAMPUS FOOTBALL TEAMS START FIGHT TO-MORROW

PRACTICE FOR INTRA-MURAL BALL IS BEGUN

Every Open Space on Campus Being Used for Grid-iron Practice

PRACTICE DAY AND NIGHT

First Intra-Mural Game to Be Played on Melton Field Saturday

With the closing of the varsity season last Saturday "Tenement Football" has blossomed forth in all its glory. There had been lots of talk and some practice prior to this date but since then practically everything and everybody has been used in an effort to put out a winning team from each tenement.

Every open space on the campus is now being used as a practice gridiron while the electric light wires make excellent cross bars to practice drop-kicks on. From early morning until late at night team after team may be seen racing across the campus at the barking of a few signals, by a would-be "Bill" Rogers.

The causes of all this excitement are the intra-mural football games which will begin at 2 p.m. tomorrow, on Melton Field, when Tenement 20 meets the team from Tenement 23 and Tenement 22 battles Tenements 14 and 15, who have a team together. All four teams are doped to win and a large crowd of fans are expected to view the first intra-mural games of the year. The second game will be played immediately after the first. Eight minute quarters will be played.

The schedule for the tenement games which will be played next week is as follows:

Monday—Tenement 9 vs. 3 and 4; and 25 vs. 10; Tuesday—Tenement 28 vs. 1; and 6 and 7 vs. 2; Wednesday—Tenement 11 vs. (opponent not picked); and 2; vs. 29; Thursday—Tenement 19 vs. 16; and 18 vs. Town Team.

PRESS CLUB IS GUEST AT PROF. BABCOCK'S HOME

Babcock Edited "The Virginia Gazette" While at College of William and Mary

OLDEST PAPER IN AMERICA

Special Edition Shown and Explained to Press Club Members

After a short business session, members of the University Press club were entertained in a delightful and most interesting manner at the home of Professor and Mrs. Havilah Babcock, where their last meeting was held.

While a professor at the College of William and Mary, Professor Babcock revived "The Virginia Gazette," said to be the oldest newspaper in the United States. This publication was issued once a week and the staff was composed of the students in the School of Journalism of the college, with Professor Babcock as its editor.

The fame of the paper spread rapidly and its subscription list was composed of people in practically every state in the union. From the old files of the paper many articles were taken, which, when published caused a great deal of comment. It fact the paper on several occasions narrowly missed being involved in libel suits and one time was ordered by the government to cease reprinting advertisements of whiskey, taken from the files of the paper of over one hundred fifty years ago.

Copies of this paper were displayed at the meeting and the different articles and the make-up were explained. The particular issue shown at the Press Club meeting was a special edition gotten out the day that President Coolidge visited the old college. A facsimile of the Declaration of Independence was printed on this occasion from the original plate that the paper first published it from. This paper was the first one to publish this document.

After discussing this interesting old newspaper, lights were turned out, and by the blaze of a pine-cone fire, corn was popped, stories told, and songs were sung, while nuts and fruits were stored away.

CO-ED ATHLETES WISH TO ENTER A CONFERENCE

POINT SYSTEM TO BE USED

Women's Athletic Association May Be Admitted to the National Organization

With the drudgery of actually drawing and writing down a Constitution and By-Laws over at last, the biggest step is taken toward the organization and functioning of a worth-while Women's Athletic Association of the University of South Carolina.

The committee appointed at the meeting of the Association several days ago has been holding long sessions daily to discuss and construct the proposed constitution.

One of the most difficult problems to decide was the system to be used in awarding honors.

One ambition is to build up the standard of Women's Athletics in order to be admitted to the Athletic Conference of American College Women and one necessary requirement is a point system of awards. The committee discussed the advisability and will submit plans to the Association for action. It is a question whether the point system will make participants work more for points or for the love of play. The slogan inaugurated in the Constitution is "Fun for All, and All for Fun" and every effort will be expended to make every woman in the University share equally in athletic activities.

The Hiking club will be organized this week, its initial activity being a wrennie roast, Saturday afternoon. Any woman is cordially invited to attend and bring ten cents to have a wrennie in the pot. The festivities will be held in Maxcy Gregg Park.

NOTICE!

All students who have had pictures made for the annual by photographers other than the representative of White Studio are individually responsible for turning in four and one-half inch ovals with one-eighth of an inch white margins, by December fourth. Leave with Mrs. Moon at the post office for box 478.

Garnet and Black Color Scheme Carried Out in Strictly Carolina Dance

GAMECOCK ORCHESTRA

Allen University Quartette and Xylophone Solo Added As Features

The Social Cabinet of the University of South Carolina entertained Thursday night in honor of the student body with a dance at the University gym. The Carolina Gamecock orchestra furnished the music.

Decorations of autumn leaves and draperies of subdued tones carried out an effect appropriate to the time of year. Clusters of red balloons with the name of the Social Cabinet printed upon them in black, strung along the walls, coincided with the color scheme. A dozen large Japanese lanterns added a festive touch to the scene. The lights and shed a rosy glow over the tinted hall.

Two short intermissions were held during which a quartet from Allen University sang several selections and Carroll Abrams of the University of South Carolina was featured on the xylophone. Next came the grand march, led by Dr. L. L. Smith and Dean Irene Dillard. Favors of vanity cases were given to the girls.

The dance was unique in many respects, and especially insofar as many came who did not dance, but remained to enjoy the program, the music and the conviviality of the evening. It was an entertainment that every student at Carolina could enjoy.

Members of the faculty, their wives and friends chaperoned. Many out of town girls attended.
