"She Stoops to Conquer"--Tomorrow

Co-ed Glee Club Is Reorganized Early

Miss Scarborough Heads Organization—President Announces New Plans

Featuring the first business meeting of the co-ed glee club, held Wednesday in the chapel, was the election of officers for the ensuing term. Miss Harriet Scarborough was chosen president; Miss Harriet Whitaker, vice-president; Miss Mary McNulty, manager; Miss Elizabeth Thompson, assistant manager; and Miss Louise Williams, secretary and treasurer.

Miss Scarborough was manager of the glee club last year and will be remembered as the leading lady in "Say Arabella," and as a member of the cast of "Pretty Cinderella," musical comedies presented by this organization in 1926 and 1927. She is also president of Beta Zeta club.

Miss Whitaker, Miss McNulty, and Miss Williams are also members of Beta Zeta, while Miss Thompson is a Gamma Sigma. Miss McNulty is one of the literary editors of the Garnet and Black for this year. She was opposed by Miss Dolly Moore. Opposing Miss Williams were Misses Frances Monteith, Elizabeth Gaines, and Dolly Moore.

"We expect a most successful season," said Miss Scarborough, the new president. "We are going to put on something different in a way of a show this year; instead of the usual musical comedy we are going to present a co-ed follies, with skits and choruses. It will be given in conjunction with the boys' club, sometime before Christmas."

A larger group than heretofore will go on the road this year, according to Mr. Matteson. About 30 out of the 50 members will be selected to make the trips. Mr. Matteson is also planning a choir to assist with the singing at chapel, the freshmen going on their regular days and the upper-classmen on theirs. There is some talk of vestments for this choir, but this is still under discussion.

University Dean Urges Examination

According to Dean Baker, the expert employed to superintend the medical examination of all freshmen and new men entering the University this semester, will be at the Wallace Thompson Infirmary between the hour of three and six every afternoon this week.

Dean Baker urges that all new men who have not done so report for this examination sometime this week and thereby avoid the unnecessary personal expense of paying for the examination which is positively required of every new man. "There will be no exceptions to this rule," says the Dean.

Gamecock Orchestra Back from Auburn

A Week End of Dance Music Is Broadcasted from Station WAPI

The University Gamecock orchestra returned Monday from a weekend engagement in Auburn, Georgia, where they played for the college dances.

The orchestra left Columbia Wednesday afternoon and went directly to Atlanta and from there to Auburn. They played for a dance Thursday night, Friday morning, that afternoon and again that night. The same schedule was adhered to Saturday.

The dances were broadcasted from Station WAPI, there being three microphones in front of the orchestra. This station broadcasts on 319 meters.

"The orchestra was warmly welcomed," said manager Stone, "they seemed pleased with the orchestra and asked us to return. One feature of the Auburn campus," continued Mr. Stone, "was the number and the beauty of the fraternity houses." The dances were sponsored by the social committee, while the day dances were put on by the fraternities and the social clubs. The orchestra will make a special trip to Atlanta the early part of November to make some test records for the Columbia Graphophone company.

There are eleven men in the orchestra and they will make their first appearance on the campus tomorrow night at the Block "C" dance.

Many a man is doing work day after day that an electric motor can do for less than a cent an hour

College men and women recognize electricity as one of the principal aids to progress in the factory, on the farm, and in the home.

Guided by human intelligence, electricity can do almost any job a man can do. From stirring to grinding, from lifting to pulling, there is a G-E motor specially adapted to any task.
