Greeks Work Harder
As Pledge Day Nears

Fraternities Redouble Efforts As End Of Rushing Period Draws Near

With only about a week left before Pledge Day, October 8, fraternity rushing has become even more hectic. A succession of dances, smokers, picnics, picture shows, and just plain "dates" has left the average freshman in a daze.

This year the practice of giving house dances with radios furnishing the music has been more popular than even before. So far no fraternity has given a very large dance.

As usual many smokers have been given and many a freshman has reeled home under the effects of too potent a cigar.

Several fraternities have given boating parties on Lake Murray and quite a few picnics have been held around Columbia.

Entertainment was furnished by Shirley Brown who gave several solo dances accompanied by Lucile Groseclose at the piano. Gregory Pearce played a number of piano selections.
