

Varsity Golfers Win Over Freshmen Team

At Forest Lake Club

Gamecock Mashie Swingers Win Second Straight Victory To Keep Clean Slate

The Varsity golfers added another scalp to their collection last Friday, by brushing the freshmen golfers aside with the overwhelming score of 16 to 2 at Forest Lake club, to keep their slate clean so far this season. The wind was blowing up a gale, but this did not seem to worry the boys as they calmly puffed their cigarettes and dropped their putts. The scores were slightly higher than usual, but Pat Tobias of the varsity came through with a 78 with the rest close on his heels.

In the first foursome, White defeated Cusick, Captain of the frosh, 3 to 0, Bruner defeated Behney of the frosh 2 to 1, and White and Bruner defeated the Biddie pair on the four-ball match 3 to 0. In the second foursome, Tobias defeated Fishburne 2 to 1, DeLoach defeated Blackwell 3 to 0, and Tobias and DeLoach defeated Fishburne and Blackwell of the Biddies 3 to 0. Total score was Varsity 16, Freshmen 2.

This afternoon, the Varsity golfers will play a team made up of Forest Lake's crack amateurs, but with two former Forest Lake club champions on their team, the Carolina boys should come through.

PROF UPHOLDS SUNDAY STUDY

Snowden Adage Revived

The late Professor Yates Snowden said once, in advising a University sophomore on the problem of studying on Sunday: "Mr. Wright, I cannot advise you in the matter, do what your father and mother would have you do, do what your conscience tells you is right."

"And yet, I cannot, in fairness, but tell you what I told my dear mother when we were discussing this problem twenty or more years ago. (It's true I got my 'thunder' from Hostetter's or some other almanac, but I thought it very smart and conclusive.)

Insists They Shine Over Northern Cousins On The Dance Floor

"Northern girls may look as good in sport clothes as our southern girls, but they can't compare with our girls when it comes to wearing evening dresses," declared Mrs. A. R. Childs, dean of women at the University.

Dean Childs also said that her personal observation, which proved her contention that Southern girls are also more charming, was that girls who went North to get work, got it. Even during the depression she knew of several girls who went to New York and landed jobs without too much trouble.

MIAMI DORMITORY BEING DESTROYED

Birthplace Of Legal Frat

W. P. A. Workers Tear Away Historical Shrine As Students Watch

Oxford, Ohio—(ACP)—WPA workers are destroying Old South dormitory on the Miami University campus, and here and there among the students gathered to watch the wrecking crew a tear is shed, for Coolidge prosperity and Joe College.

For a room in the Old South dormitory was the birthplace of Rho Dammitt Rho, extra-legal fraternity far famed in song and story in the good old days when a raccoon coat meant a college student and a college student meant a flask.

Alpha chapter of Rho Dammitt Rho, which typified everything notable in the John Held Collegiate era, has long been disbanded. Now WPA has descended on the fraternity's old headquarters.

During this time one of the pool tables will be returned to the factory for repairs, according to Mr. Bell.

Professor Says That Students Must Be Shown Better Point Of View

"Youths of today must receive a better philosophy of life if they are to be spared the tragedy that has befallen the citizens of this era," asserted Dr. Josiah Morse in his address before the high school principals Friday a. m.

"The leaders of today have devoted all their mental energies to making more things and gave little or nothing to living a better individual or collective life. High school principals must step in and supply a real type of philosophy that will give the students a better scale of value; a point of view, and an objective to strive for," Doctor Morse pointed out.

The need of a leader that will keep the students, who are the citizens of tomorrow, from going astray was stressed.

"The depression and social disintegration is not due to the lack of raw material nor means of manufacturing them, for there is a superabundance of everything, yet the social machinery has broken down. A real philosophy would have prevented this tragedy and must be prevented in the future," the speaker concluded.

We believe that Lucky Strike Cigarettes embody a number of genuinely basic improvements, and that all these improvements combine to produce a superior cigarette—a modern cigarette, a cigarette made of rich, ripe-bodied tobaccos—A Light Smoke.
