Finance Drive Shows Good Student Support

Cold weather or not, look at the thermometer. It's rising steadily.

The big, red thermometer outside of Flinn Hall, serving as a gauge for the YM-YWCA membership-financial drive donations, is gradually rising. It's reached the near-halfway mark already with still another week to go.

All indications show that the annual campaign will again reach its \$2000 goal. But as R. G. Bell, Director of the Y, says: "The last few donations will be hard to get."

Preliminary reports from the 65 canvassers indicate that heaviest collections were made on the campus. Just as in the past, off-campus students have been hardest to contact and solicitations from this group have been slow.

Bell said that the biggest setback to date has been the lack of cash donations. This was explained by the failure of veteran students to receive full subsistence checks this month.

The drive, one week old today, will wind up with a luncheon next Friday at Flinn Hall when final counting and tabulation will be made by the canvassers. It is being headed by George Wright, student body president and football center, with Jim Mason and Ted Neeley serving as chairmen for the YMCA and Lou Oswald, YWCA chairman.

Receipts will be sent out by the YMOA office to all contributors as soon as the drive ends. Those who have pledged but have not paid cash will also be mailed a receipt.

VA Announces New Eligibility Rules For Vets

By OLGA EDWARDS

The rule concerning the certificates of eligibility has been changed to become effective November 1. Col. Basil M. Parks announced Tuesday.

All necessary papers to start subsistence payments were processed by the veterans' office at Carolina by September 20. Papers for those in law school were completed by September 28.

In a few cases, these certificates were not presented in time for processing. However, these are being completed within 24 hours after presentation.

"This means that everything possible has been done by the campus office for prompt subsistence payments," Colonel Parks stated.

The VA has given each student 15 days leave at the end of the school year thus allowing them to receive full payment for August. However, payment for September 18, date of registration, through September 30 will be received at a later date.

Carolina-Furman Battle Was Exciting Event To Exchange Student From Netherlands

By BILL McDONALD

Good news! good news! A Carolina student witnessed the Furman-Carolina game without realizing that the Purple Hurricane was winning. The reason is that it was the first football game Trudes Suverkropp, Dutch exchange student, had seen.

"I enjoyed seeing the game, but I never understood it until someone explained the game afterwards," replied Trudes.

Two Carolina Men Are Trio Members At Myrtle Beach

"The Guardsmen", a trio, including two University boys; Jim Newbury and Al Munn, and Chuck Sommers of Altoona, Pennsylvania, made their debut at Myrtle Beach this summer, where the boys were employed as lifeguards at the pavilion.

Starting merely as a mode of passing away the time on those rainy July afternoons, the trio increased their repertoire to a dozen songs and pressed by their friends into entering the Amateur Show at the pavilion, they consented to do so and walked away with the prize.

Specializing with so called Old Southern Favorites and novelty tured act at the official opening of The Bowery, atmospheric beachcomber hideaway, near the numbers the boys were the feapavilion.

Later they had a 15 minute radio program and when last heard of had signed a small contract to groan for an herb tonic company who swears that their hog wash is directed to the Southern stomach.

All fraternities and other campus organizations are reminded that the Duplicating Office, located on the west end of Coker College opposite Maxcy, is now qualified to handle any and all kinds of mimeographing except colors. James Bennett, manager, stated that the office is no longer extending credit except to authorized departments and those specified by the Director of Student Activities.

Homecoming Game Events Are Revealed

By RUTH BARKER

One of the highlights of the Wake Forest game on Saturday, November 26, will be the crowning of the Homecoming Queen by J. Willis Cante, president of the Alumni Association.

An election by the students will decide who is to be this year's queen. Because of a clause in the new constitution stating that elections must be announced four weeks ahead of time, it was decided unanimously by the students and faculty that the North Carolina game would not give enough time for the proper preparations.

Ralph Lewis, the executive secretary of the Alumni Association will be the master of ceremonies and President Norman Smith will introduce Mr. Cante at this event which is the last home game of the year.

With the aid of Mr. George W. Tomlin, Jr. the director of Student Activities, the Student Council, the Athletic Association, the Alumni Association, fraternities and sororities will all cooperate to make this one of the year's big events.

As yet the committees have not been announced.

Smoker Slated By Euphradians For Freshmen

The annual fall semester smoker of the Euphradian society, in honor of all freshmen, will be held Tuesday night at 7 p. m., on the third floor of Harper college. The Society has invited all students to attend, at which time a discussion will be held on whether or not hazing should be tolerated at Carolina and, if so, to what extent.

Founded in 1806, the Euphradian society is one of the oldest organizations of its kind in this country, and is primarily interested in forensic activities. All male matriculates in the university are eligible to join this society.

At the last meeting Melton Kligman, Columbia, and Buster Van Keuren, Kingstree, were elected liberal party chairman and whip respectively. The conservatives elected Harvey Golden, Columbia, party chairman, and Elmer Davis, Timmonsville, party whip.

Jackson Reminds Students Again 'No Hazing Here'

Dean J. B. Jackson, in a letter to the Gamecock this week, again emphasized that the university has not relaxed its regulations against hazing in any particular.

The dean of men, feeling that some men may have derived the wrong idea from an editorial of last week, advised the Gamecock that any action which might be construed as hazing will be severely dealt with.

"It is perfectly all right," Dean Jackson said, "as far as the University is concerned, for a freshman to cut his hair in any way that he pleases, but it seems to me that a gang has no business going to a dormitory or elsewhere and, as a result of that visit, seeing that a freshman's hair is cut."

Dean Jackson added that the trouble arising out of hazing is lack of control in the groups who undertake to initiate freshmen.

Official Record Sets Enrollment At 3,781

Final count on enrollment here for the 1949 fall term shows a total of 3,781 students at the university, H. O. Strohecker, registrar, announced this week.

The total number of men far exceeds that of women. Latest figures list 3,004 men as compared with 777 women, or a ratio of 3 673/777 males to one female.

Correspondents Should Be Notified Of Box Numbers

Joe Lawrence, postmaster, urged all students to inform their correspondents of their assigned post office numbers as soon as possible. Of special importance is the notification of regular mailing sources such as newspapers and magazine publishers.

"It will facilitate and expedite the handling of mail if they will notify their publisher of their changes of address now," said Mr. Lawrence.

Veterans are particularly advised to write to the Veterans' Administration so that subsistence checks can be mailed direct to individual boxes.
