(Editor's note: This is the second in a series of articles to acquaint the students with the candidates for Student Council president.)

"I was elected first semester and re-elected second semester as president of Interfraternity Council and with the knowledge I have gained through this office in relationship to the administration, and being aware of the problems of Carolina, I feel that I am qualified," said Richard Horne, reviewing the reasons for his candidacy for Student Council president.

Problems Similar

In IFC we have the same problems as Student Council only on a smaller level, Horne continued. The 22-year-old Arts and Science major said, "I have long been interested in politics on all levels and I therefore believe this is one way in which I can gain much experience."

"I am sure that there will be many issues involved in this year's campaign and I am not going to make any promises that I will not attempt to fulfill," Horne said.

The candidate, who lives in Columbia, has been a member of Alpha Tau Omega social fraternity, Interfraternity Council, University Chorus, Cotillion and German Clubs, and served on the Religious Emphasis Week executive committee.

Likes Sports

Speaking of his personal interests, Horne said, "I am a very avid sports enthusiast. Also, I am very interested in furthering a cultural program for Carolina students and also in furthering the use of the Russell House facilities for the students."

The presidential candidate said that he wished to express his gratitude to Student Council for making the period for campaigning longer, thereby allowing all students and candidates enough time to determine the best man for the job and deciding issues, respectively.

Foreign Study Aid Available

Fellowships for study in Denmark and Sweden have been offered to American graduate students for 1957-58, Kenneth Holland, President of the Institute of International Education, has announced.

Three fellowships have been offered by the Danish Government. These include funds for a year of study at an institution of higher education and a short orientation course.

Grantees have to have funds to pay their own travel and incidental expenses.

The Swedish Government is giving three fellowships. Stipends include 4500 Swedish crowns for the academic year.

Tuition will probably be waived except at the International Graduate School at the University of Stockholm, for which tuition is approximately \$30. Candidates must pay their own travel and incidental expenses. They may study at the Universities of Gothenburg, Lund, Stockholm, and Uppsala, and other approved institutions.

Preference is given to candidates under 35. Other eligibility requirements are United States citizenship; a Bachelor's degree from an American college or university of recognized standing; demonstrated academic ability and capacity for independent study; good moral character, personality and adaptability; and good health.

A knowledge of Danish is not a prerequisite for the Danish awards. A knowledge of Swedish is desirable except for those wishing to study at the International Graduate School. Applications may be obtained from the Institute of International Education in New York or from the regional office in Houston, Texas.

Summer School

Summer sessions at Furman University will begin June 10, according to University officials. The session will be divided into two terms. Commencement will be held August 10 at 10 a.m.

"The Furman-Hornet"

Education Prof Attends Conference

Prof. Minnie Lee Rowland of the School of Education will attend the 12th annual conference of the Association for Supervision and Curriculum Development which begins tomorrow in St. Louis, Mo.

The conference, which will last through Thursday, has the theme, "Education and the Future: Appraisal and Planning."

Prof. Rowland will attend the Board of Directors meeting tomorrow representing the South Carolina unit, be a hostess at a social meeting Sunday and fulfill her duties as a Membership Policies Committee member.

She will lead a study discussion group on "Planning Educational Programs for the Gifted Child."

PLACEMENT INTERVIEWS

Government Representatives Discuss Jobs Next Week

Placement interviews for the week of March 18 through 22 have been scheduled. Interested students may contact the company representatives through the schools where the interviews are set up.

Monday, March 18

The Springs Cotton Mills representative will be in the Business Administration School to talk with mathematicians and business administration students for positions as programmers (electronic data processing machine), internal auditors, office managers, and insurance salesmen.

All type engineering students, chemists, mathematicians, and physicists will be interviewed by the White Sands Proving Ground representatives in the Engineering School for positions in research and development in guided missile program.

U. S. Naval Engineering Experiment Station will be represented in the Engineering School to interview electrical, mechanical, chemical, welding, metallurgical, and marine engineers; physicists; metallurgists; chemists; electronic scientists; and statisticians.

Tuesday, March 19

The U. S. Naval Engineering Experiment Station will again be represented in the Engineering School to continue the interviews. Crawford and Company, Insurance Adjusters, will have a recruiter in the Business Administration School to talk with business administration, law, and liberal arts students.

The Navy Department's Bureau of Aeronautics will have a representative in the Engineering School to interview seniors in aeronautical, electrical, mechanical, and nuclear engineering, and physics.

Wednesday, March 20
A representative from the Southern Railway System will be in the Engineering School to talk with mechanical, electrical, or industrial engineers.

Dunn Engineering Associates, Inc. will be represented in the Engineering School to interview electrical engineers, mathematicians, and physicists. Math and physics majors must have a strong background in electronics.

Sears, Roebuck and Company will have an interviewer in the Business Administration School to talk with business administration and liberal arts majors for positions in management training program.

Thursday, March 21

Delta Air Lines, Inc. will have

a representative, Miss Margaret Morrison, in room 102 of Russell House to talk with girls for careers as stewardesses.

Thiokol Chemical Corporation will be represented in the Engineering School to talk with aeronautical, mechanical, chemical, and electrical engineers; chemists; statisticians; physicists; and mathematicians.

Civil, Electrical, and mechanical engineers will be interviewed in the Engineering School by the representative of the Potomac Electric Power Company.

Friday, March 22

Ross Heat Exchanger Division of American Standard will be represented in the Engineering School to talk with seniors for positions in sales engineering, research and development, project engineering, and design engineering.

Chicopee Manufacturing Corporation will have representatives in the Business Administration School from 9 a.m. to 1 p.m. and in the Engineering School from 2 p.m. to 5 p.m. to talk with seniors in liberal arts, chemistry, business administration, or engineering for positions as sales trainees, accounting trainees, production management trainees, mechanical research engineers, and for positions in research.

Seen, Heard, Spoken ON CAMPUS

Male student being measured for tailor-made shirts on porch of Carolina Library.

Journalism student, seeking the meaning of the word "gazette" being told by classmate that it means "gaze-at-it."

One male student twirling golf club in the air while being pulled in janitor's cart in front of Rutledge College by fellow student. The charioteer threatening to throw his "lance" as the "horse" brought the vehicle near a group of campus males.

Male legs being exhibited profusely on campus as warm weather made bermudas comfortable attire.

New cooks at Wesley Sunday suppers, feverishly fixing barbecue sandwiches, somewhat irritated when several persons came into the kitchen and said, "I smell fish."

Wofford Singers Plan Columbia College Concert

Wofford College's Glee Club, the Tunesful Terriers, will present two concerts in Columbia, on this year's spring tour.

An evening concert will be given during the week March 25-30 at Columbia College, and another will be given Sunday, March 31, at Shandon Methodist Church.

This year's theme is "Music in Many Moods" and will be carried out by the 65-voice glee club under the direction of Prof. Sam Moyer.

Among the 20 members to be presented are "The Creation" by Willy Richter and "Mountains" by Rasbeck.

WHAT IS AN UNSMOKED LUCKY?

(SEE PARAGRAPH BELOW)

TRY THIS: put a pack of Luckies on a pedestal—under glass. Observe closely for several days. What happens? Not a thing. You've just learned the hard way that an unsmoked Lucky is simply Waste Taste! Light it, and it's simply wonderful. You see, a Lucky is made better to taste better. It's packed end to end with fine tobacco . . . mild, good-tasting tobacco that's TOASTED to taste even better. Don't just wait around—light up a Lucky. You'll say it's the best-tasting cigarette you ever smoked!

DON'T JUST STAND THERE . . .

STICKLE!
MAKE \$25

Sticklers are simple riddles with two-word rhyming answers. Both words must have the same number of syllables. (No drawings, please!) We'll shell out \$25 for all we use—and for hundreds that never see print. So send stacks of 'em with your name, address, college and class to Happy-Joe-Lucky, Box 67A, Mount Vernon, N. Y.
