

Student Senate Minutes

October 16, 1961

The regular meeting of Student Senate was called to order by President John Chappell. The roll was called, and the minutes were approved as read.

COMMITTEE REPORTS:

Registration Investigation Committee: Doug Gray, chairman, presented the following report: The Registration Investigation Committee met with Registrar Rolin Godfrey and discussed ten (10) grievances.

The first grievance was the possibility of mailing off-campus students their cards so that they will not have to stand in such long lines. The registrar said this would not be possible, for it would interfere with the policy of freshmen and transfer students registering first, and if upperclassmen got their IBM cards first, they would naturally register first. Also, it is hard to obtain addresses of old students before the semester begins.

The second grievance of why is there a \$10 blanket lab fee was brushed aside, for the registrar said his office did not set up such a fee. Dean Patterson would have to be contacted for this, and it was impossible to get in touch with him before today's meeting.

The next grievance was the need for a course expansion program along with our physical expansion program. Mr. Godfrey assured us there were not enough sections in every course, but he thought there were enough courses for a university of our size. The Faculty committee on Admissions, Policy, Exam, and Registration could not be contacted for further word on this matter.

A program whereby seniors would have priority in registering for courses that they need in order to graduate was asked about. The registrar said this was not feasible because it is hard to determine who seniors really are. The key to senior priority could be advanced and concise adviser programs toward which the registrar's office is moving. Another point is that some seniors miss basic courses, and it would not be right to let a freshman suffer for the mistakes of the senior. Also, the registrar prefers to get the freshmen off on the right foot with registration, and the present system gives the maximum benefit.

For those who were concerned about the automobile registration, Mr. Godfrey said it was done for the primary purpose of getting an accurate estimate of the number of cars on campus. This was needed for further research in the parking problem.

The grievance that there is not enough cooperation between the Treasurer's office and other places on campus—such as the library, infirmary, etc., was discussed, and the Registrar said his office would not hold back IBM cards for a bill under \$3.00. They will, however, hold cards back for bills over this amount. Also, someone pays a bill on the morning of the day of Registration, he will not be able to get his cards until the following day. The reasoning here is that this will stop someone from incurring a small bill the previous semester, and then paying it on the day of registration so that he may get his cards early. He did promise closer cooperation between the Treasurer's office and the other places from now on.

As far as mailing out I.D. cards, this will not be needed, for there will be no photo I.D.'s next semester. The temporary receipt card that is now in use will be used next semester as the official I.D. The registrar said this would correct a lot of problems, including a line in the Army and a line in the Administration Building.

The question about pre-registration cannot be discussed fully at this time. The only point brought out was that we will have pre-registration regardless. The registrar said a complete plan for pre-registration had not been worked out, and this matter would have to be taken up at a later date.

OLD BUSINESS:

There will be a meeting of all delegates to the State Student Legislature at 4:00 p.m. Monday in Russell House Assembly Room. Attendance is mandatory, and any representative who is absent will be replaced by an alternate. If a delegate absolutely must be absent, an excuse must be turned in to Jimmy Truesdale before Monday afternoon, October 23.

NEW BUSINESS:

President Chappell announced that immediately after the meeting, members of Student Senate would count votes for the Freshman officers.

Student Council pictures for the Garnet and Black will be made next Monday at the regular meeting time.

Marty Sheheen moved that the Student Senate congratulate President Chappell and the future Mrs. Chappell on their recent engagement. This motion was seconded and passed unanimously. The motion brought applause from the members of Student Senate.

Ernest Willis presented a resolution commending the student chapter of the American Institute of Electrical Engineers.

WHEREAS, the student chapter of the American Institute of Electrical Engineers, here at the University of South Carolina, desired to further the new spirit shown here at the University of South Carolina, and

WHEREAS, they designed and erected a loud speaker system at Carolina Stadium with the tape recording crew of a Gamecock that could be operated by the cheerleaders in front of the student section, therefore be it

RESOLVED, that the Student Senate express its thanks and congratulations for the leadership of school spirit demonstrated by the AIEE.

There being no further business, the meeting was adjourned.
Respectfully submitted,
Brenda Williams
Secretary

Law School Publishes Annual

The annual placement publication of the law students at Carolina has just been published, listing a total of 62 candidates for graduation in February and June.

David A. Merline of Anderson is editor of the publication.

The placement annual is dedicated to the late Prof. William Talley Elliott.

Photographs and brief biographies of the School of Law seniors are included in the annual, along with photographs of David A. Gaston, president of the S. C. Bar Association, Dean Robert McC. Figg of the School of Law and the law faculty.

Biographical material includes education, campus activities, legal experience, military status, and availability date.

Many of the law seniors are veterans of military service. Editor Merline, for example, served three years on active duty as an officer in the U. S. Marine Corps.

"THE FOOTBALL TEAM"

"There seems to be some dissension on the squad."

COACH

"OOOPH!"

"Do you think the coach would get mad if we punted on first down?"

"So that's why they call him Crazy Legs!"

LUCKY STRIKE

WHY ONLY 11 MEN ON A FOOTBALL TEAM? Because all the other students are just too busy. Yes, busy doing research, studying, smoking Luckies, playing bongos, smoking Luckies, dating, partying, praising professors and smoking Luckies—much too busy for football. Why so many "smoking Luckies"? Simply this: We try to give an honest representation of college life; and college students smoke more Luckies than any other regular cigarette — so smoke Luckies.
