USC Election Bill Outlined In Senate

BY BETH BROWN
Exchange Editor

Student Senate passed unanimously a bill on election procedures Wednesday and defeated a resolution to provide special parking for University Terrace and commuting students.

The election procedures bill states on paper the rules that the election committee has previously used. It tells how sub-committees are set-up and correct procedures for protests and appeals.

Rules for nominations are given in the bill. A person can run for office on a write-in vote, but he is not allowed to display campaign posters or cards if he is not formerly nominated.

Voting by proxy is not allowed, and students who are physically unable to reach the polls may submit their votes to the election committee before or during the election.

The defeated parking resolution called for special auto stickers to be given to commuting students. One hundred fifty spaces were to be reserved certain hours each day for UT and commuting students. The resolution was voted down 20-11.

Senator Steve Cramer introduced a resolution for Senate to give special thanks to the Columbia Record for the constructive campaign supporting the needs of USC. It passed unanimously.

Senator Jim Willis gave a report of the Student Union committees. Willis stated that the Artists Service committee has brought several persons or groups to USC, including Andrew Daves, who was procured for \$250 through the Ford Foundation. Normally the same performance would cost \$1,500.

The Activities committee is presently planning a Talent Show. Tryouts will be March 29, April 5, and April 11. Anyone is welcome to attend these preliminary talent contests. Finals will be May 7, and prizes of \$75, \$50, and \$25 will be given. This committee is also working on publicity for the R. G. Bell Camp.

Weekly dances, designed to keep students on campus and to help

USC rid itself of the "suitcase college" title, are planned by the Special Events committee. Summer movies are presently being selected, and students are asked to submit suggestions for these movies.

Student art by people not connected with the USC Art Department is being exhibited in Russell House by the Fine Arts committee.

A bulletin telling all events of each week will be printed and posted in residence halls and various USC buildings. The Publicity committee is also printing monthly calendars and asks presidents of organizations to send any events they would like to have published to Jerry Bright.

The Hospitality committee is responsible for doughnuts and coffee during exams and for drop-ins in various schools.

Chess and duplicate bridge are presently being held by the Tournament committee. Recently the bowling, chess, and ping pong teams were sent to Raleigh, N. C., where they placed second in all competition.

The transplanted trees around Davis Field are part of the ground work in the forthcoming expansion of Russell House.

Assistant Dean of Administration Harold Brunton has issued full details and plans which will appear in next week's issue of *The Gamecock*.

Federal Aid Work Plan Begun Here

Paul Fidler, director of financial aid, has announced that 26 students have been given jobs under the federal program of work and study for college students.

The students were given jobs in 12 different departments at Columbia, working 15 hours a week. Ninety per cent of the salary is being paid by the federal government.

Jobs are still available for students who meet the eligibility requirements, which include the usual academic requirements for student jobs, and a combined parental income of not more than \$3,000 yearly. Six hundred dollars is allowed for every additional child.

Students meeting the requirements are also eligible for full-time campus jobs during the summer, provided they are not enrolled in summer school courses. Qualified students who are enrolled in summer school are eligible for 15-hour a week jobs then, including entering freshmen.

Fidler also announced that students with financial needs for summer school work should make applications for National Defense Loans by May 17.

Johnny Mathis Concert At Township Tomorrow

Recording star Johnny Mathis and the Young Americans, touring the South for the first time, arrive in Columbia tomorrow to perform at Township Auditorium at 8 p.m.

Tickets for the concert are now on sale at Russell House information desk for \$3 stag or \$5 per couple, cash plus one ID card. Unsold tickets will be offered tomorrow to the Columbia public.

Johnny Mathis record-setting high jumper has become in recent years one of the all-time favorite performers in the music industry. In special ceremonies, he has been awarded twelve gold records for selling over a million copies of both singles and long-playing albums.

Within a year after he was "discovered," Mathis recorded his first record—a long-playing album which almost immediately became a national hit. He now records for his own company and is engaged in all phases of the recording industry.

The group traveling with the Young Americans, is a part of the 36 talented youngsters chosen from Southern California schools after intensive auditions and eliminations. Individually they represent practically every state plus many creeds and nationalities. Their foremost goal is to

tour foreign countries as youthful ambassadors of good will.

Mathis signed the group to appear with him in Los Angeles, and later took them on a 25-city tour throughout the Midwest. On recording contract with Mathis, the group has released its first album.

The concert is sponsored by the USC Senate Concert and dance committee. The University was the first Southern college to contract Mathis for the tour.
