USC Residence Hall Sign-In Procedures:

In order to ensure a safe and secure environment that is supportive of the academic goals of The University, the following procedures are in effect in all University Residence Halls:

1. Visitation plans outline the maximum hours during which guests of the opposite sex may visit. Visitation is a privilege. No resident is permitted to have any guests, even within visitation hours, without the approval of all roommates or apartment-mates. All residents, guests and visitors are expected to abide by all university and residence hall regulations.
2. All non-student guests and all visitors of the opposite sex must be signed-in at the front entrance of each residence hall and escorted by a resident at all times.
3. Each guest and visitor must present a picture ID to the staff member working at the main entrance.
4. The staff member will enter the name of the guest or visitor and the last 4 digits of their social security number on the sign-in log.
5. Between 11:30 p.m. and 8:00 a.m., residents must present their room key to the staff member working at the front entrance in order to gain access to the building.
6. Between 11:30 p.m. and 8:00 a.m., a resident will be permitted to sign in a maximum of 4 guests or visitors and can only sign-in members of the opposite sex within the approved visitation hours.
7. Additional regulations may be implemented by residence hall government and/or staff in the interest of providing increased protection of persons and property. Residents will be advised of such additions and changes.
8. Apartment style residence halls which do not have a central desk (i.e. NADA, Cliff, Horseshoe/Woodrow, University Terrace) will not be expected to sign-in guests or visitors.

Please assist us in our efforts to ensure a safe environment by complying with these procedures and with the requests of our residence hall staff.
