

"UPS HELPED PUT OUR KIDS THROUGH COLLEGE."

"Putting kids through school is a heavy load. But UPS helped us bear it. When our son was in college he worked part-time at UPS and made almost **\$10,000 a year**. He also gained valuable work experience that looked great on his resume. It helped him get the job he wanted. *Fortune* magazine says UPS is one of America's 'most admired' companies. We know why.

"Now our daughter is in college. She works at UPS too. Making good money and getting great experience. She's also eligible for an **educational loan up to \$25,000 a year**. That's a big help.

"UPS helps kids in so many ways. They can **schedule their work hours around their class hours**—mornings, afternoons, nights, whatever works best.

"A major university study has even shown that students who work 15 to 20 hours a week actually get better grades! It's true. Our kids and UPS proved it."
