"So, you wanna be all you can be, huh? You probably think you've got what it takes to be a DJ on WUSC? Don't you? Admit it. Well, then. It's put up or shut up time, DJ wanna be's. Come on up to the Russell House, Room 305, the night of Monday September 9. It's rather easy. And in a few weeks, you too can be cool, happening and on the air. But be sure to bring paper and a pen, or we'll kick your butt."
