

CAROLINA TELEVISION

Carolina Television is the University's student-run television station that has opened the door to new opportunities for students. Cable television is the fastest growing medium today and will continue to grow as technology improves.

Reaching half of the on-campus students, CTV, on Gamecock Cablevision channel 7, is the only station exclusively for students, by students at the University of South Carolina.

To get involved, call Paul Sanford or Dave Wilson at 777-6139 or 777-3888.
