

# HOW TO ACCESS THE CAREER FAIR

"Paint Your Future" at Career Fair '91. Approximately 85 employers will be on hand in the Koger Center on Tuesday, September 10 from 10:00 a.m. until 3:00p.m. to answer your questions and help you design your career track.

Why is it so important that you attend this year's Career Fair? The Career Fair is provided annually to allow students to investigate career opportunities within various companies and fields. Many of these same recruiters return during the year to participate in on-campus recruiting. By speaking one-to-one with these representatives, you can find out what type of characteristics they're looking for in an employee, what kind of course work and work experiences are desired, and what extracurricular activities may enhance your career success. They may provide you with information on what they've found to be helpful in their personal examples of success and help you draw out the potential in you. There will

also be plenty of company literature on hand to give you the necessary information you need in your study interests.

How will I know what questions to ask these employers? Be sure to look for tips in today's edition of The Gamecock on what to ask employers at the Career Fair. Also, today from 9:00 a.m. until 4:00 p.m., the Career Center will be sponsoring a Career Fair Information Table to be set up on Greene Street in front of the Russell House. Various literature will be available as well as tip sheets on what students should ask employers and a tip sheet entitled, "After Career Fair...Then What?" A counselor will also be on hand to provide a "Free Five Minute Career Counseling Session" to students.

On the lighter side, helium balloons and peel off labels will be distributed at the table. On the day of the

Career Fair, WNOK will be broadcasting from the Russell House from 11:00 a.m. until 2:00 p.m. and a special "Career Fair Express" bus will provide transportation from the Russell House to the Koger Center. Come on out and enjoy the fun and begin to "Paint Your Future...Career Fair '91."
