Carolina Students discover world of opportunity after joining Guard

This could be your headline if you become one of the thousands of "Americans at their best" in the S.C. Army National Guard. We've been around a long time and we've helped a lot of USC students make the grade both during and after college. We're a part-time military organization, but we offer full-time benefits like: Excellent pay, job training in technical fields, retirement benefits, life insurance, the opportunity to serve your state and country and much more!

For more information, visit the S.C. National Guard booth at the Career Fair on September 10th or contact us at (803) 748-1478.

Teacher Job Bank
To list free, call
1-800-476-2387

- The South Carolina Center for Teacher Recruitment operates a FREE Teacher Job Bank.
- Any certified teacher may register by filling out a Job Bank Personal Data Form.
- When South Carolina school district personnel request information about available teachers, a computerized summary sheet of each application on file is sent to the district.
- 75% of South Carolina school districts use the SCCTR Job Bank to fill teaching vacancies.
- SCCTR Teacher Job Bank produces a S.C. Teaching Vacancies List which is available upon request to certified teachers.

For Teacher Recruitment

Leadership.
A good man can handle it.
You don't have to look twice to see that this man is in charge. There is a certain strength of character, an undeniable sense of self-confidence, that says he is a leader. Men believe in him, because he believes in himself. He is a Marine officer.

If you believe in yourself, and would like to find out more about the kind of leaders we look for, call 1-800-MARINES. Who knows, we may not have to look any further than you.

Marines
The Few. The Proud. The Marines.

"Our standards are high, our challenge is great."
See us at the Career Fair Sept.10th

MARTIN MARIETTA

ENERGY SYSTEMS, INC.

Martin Marietta Energy Systems, Inc. carries out broad programs in research, development, process design and engineering, production, and maintenance, focusing on energy-related technologies. The installation in Oak Ridge, Tennessee employs personnel to provide products and services basic to the nation's economic well-being, technological advancement, and security.

WE ARE LOOKING FORWARD TO INTERVIEWING ALL CANDIDATES QUALIFIED IN TECHNICAL AND ENGINEERING FIELDS.

"the jobs are there but students may have to work harder, show more persistence or diligence in their approach and even expand their geographical preferences to find the career they want."
