Women have always spoken out against injustice. Yet, 9 out of 10 women raped on campus don't say a word. Maybe it's because most campus rapes are committed by someone the victim knows, so she may think it doesn't count. Except, no one asks for rape. And no one has the right to force you into sex against your will. So if this has happened to you, please report it. Because after all the strides women have made, you can't afford to lose your voice now
