WORK SMARTER. NOT HARDER.

Management or marketing major? Smart. Finance or accounting student? Also smart. To be even smarter, you need a BA II PLUS™ now, before assignments pile up. It's designed especially for business professionals. The kind you're going to be. Naturally, the BA II PLUS has basic business functions like time-value-of-money. Plus, it delivers much more. Cash flow analysis for internal rate of return (IRR). Net present value (NPV). Bond calculations. Depreciation. Advanced statistics. Also have a look at the BA-35. It's our most affordable model for time-value-of-money, and even handles one-variable statistics.

Try the BA II PLUS and BA-35 at your local TI retailer. And start working smarter. Instead of harder.
