Both of these cost about \$30 a month,
but ours comes with programs you can actually use.

Cable TV. 65 channels of reruns, game shows and soap operas.

The Apple® Macintosh LC 520
now comes with seven incredibly useful programs. What a package.

Now, when you choose a qualifying Macintosh® or PowerBook® computer, you'll not only get Apple's new, lower prices. You'll also get seven popular software programs included for the same low price. These programs will help you manage your finances, schedule your time and entertain your friends (the software alone has

a combined SRP of \$596*). And, when you qualify for the new Apple Computer Loan, the entire package shown here costs about \$30+ a month. So, for high-quality programming, turn on a Macintosh or PowerBook. It does more. It costs less. It's that simple.
